Catalogue of Printed Books BRILL

This volume of collected
essays on Ephesians is

divided into three
sections. The first part
deals thoroughly with
introductory questions
such as composition and
style, the relationship to
other Early Christian
literature and Qumran,
authorship (with a new
suggestion), addressees

and social setting. In the
second part the extensive
history of Early Christian
texts and editions (in the
Muratorian canon, the
Marcionite prologues and
the Euthalian apparatus)
with special regard to
Ephesians is investigated.
The third part is dedicated

to the interpretation of texts and themes of special importance for the understanding of this pseudo-pauline letter by one of Paul's younger disciples and co-workers. Here the theological and liturgical setting is reflected upon. Through all the detailed scrutiny of the history and the semantics of the epistle to the Ephesians, the question of its illocutionary function remains in focus. Not only what the auctor of Ephesians says in his letter but what he does by

saying it is the central issue in Nils Alstrup Dahl's life-long interest in this intriguing letter. More than half of these essays have never been published before, and one essay is translated from Norwegian into English for the first time. *Quellen Des Internationalen Einheitsrechts* Art Stock Books Limited As the renewer of art in the 20th century, Wassily Kandinsky created roughly 230 woodcuts, linocuts, etchings, lithographs and posters.

From 1901 until the final years of his life, his work was accompanied by a steady output of prints, some of which were based on previously created paintings, and some of which were completely independent works of art. Nearly his complete oeuvre is presented in this book accompanying an exhibition at the Städtische Galerie Lenbachhaus in Munich. For the first time ever the entire graphic works of Wassily Kandinsky (1866-1944) is presented in an extensive

exhibition (from Oct 25th, 2008 ? Feb 22nd, 2009)
