The revolutionary literary vision that sowed the seeds of Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the

exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction—that man's ego is the fountainhead of human progress... "A writer of great power. She has a subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I

can recall.”—The New York Times

Gender and the Architectural Profession Paulist Press

"Under the teeming metropolis that is present-day New York City lie the buried remains of long-lost worlds. The remnants of nineteenth-century New York reveal much about its inhabitants and neighborhoods, from fashionable Washington Square to the notorious Five Points. Underneath are traces of the Dutch and English colonists who arrived in the area in the seventeenth century, as well as of the Africans they enslaved. And beneath all these layers is the land that Native Americans occupied for hundreds of generations from their first arrival eleven thousand years ago. Now two distinguished archaeologists draw on the results of more than a century of

excavations to relate the interconnected stories of these different peoples who shared and shaped the land that makes up the modern city."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Prudentius on the Martyrs University of Georgia Press

A poignant personal history looks at the desegregation movement from a new perspective, namely that of a young Jewish girl in a predominantly black school, who finds herself caught up in the racial turmoil of the time.

The Boston Globe Index Praeger Pub Text

A collection of interconnecting short stories follows the members of a 1960s commune in Washington state and their lives a generation later and includes

"Sometimes He Borrowed a Horse," "Making Headway," "Beside Ourselves," and "Treat Me Nice." By the author of Limited Lifetime Warranty.

The Boy Who Harnessed the Wind (Movie Tie-In Edition) McGill-Queen's Press - MQUP

This critical study provides the first comprehensive analysis of the Latin poet Prudentius, considered one of the greatest Christian poets of the late Antique period. Palmer examines the poet's life and society, investigates the purpose of the poems--especially the Peristephanon--and their intended audience, and discusses them in relation to both the heritage of Classical literature and to sources in contemporary martyr-literature. He shows that Prudentius, writing most of

his poems at a turning point in the history of the Western Empire, accepted many aspects of secular poetry and combined them with the new ideals and forms of expression provided by Christianity and its growing literature. The Art of Deception Open Road Media In her highly anticipated new novel, Ann-Marie MacDonald takes us back to a postwar world. For Madeleine McCarthy, high-spirited and eight years old, her family's posting to a quiet air force base near the Canadian-American border is at first welcome, secure as she is in the love of her family and unaware that her father, Jack, is caught up in his own web of secrets. The early sixties, a time of optimism infused with the excitement of the space race and overshadowed by the menace of the Cold War, is filtered

through the rich imagination of a child as Madeleine draws us into her world. But the base is host to some intriguing inhabitants, including the unconventional Froehlich family, and the odd Mr. March, whose power over the children is a secret burden that they carry. Then tragedy strikes, and a very local murder intersects with global forces, binding the participants for life. As the tension in the McCarthys' household builds, Jack must decide where his loyalties lie, and Madeleine learns about the ambiguity of human morality -- a lesson that will become clear only when the quest for the truth, and the killer, is renewed twenty years later. *The Way the Crow Flies* is a novel that is as compelling as it is rich. With her unerring eye for the whimsical, the

absurd, and the quintessentially human, Ann-Marie MacDonald stunningly evokes the pain, confusion, and humor of childhood in a perilous adult world. At once a loving portrayal and indictment of an era, *The Way the Crow Flies* is a work of great heart and soaring intelligence.

White Girl National Council of Teachers
An ethnographic study of Twelve Step Programs and their effect on American society.

Her One Mistake Grove Press

Presents a story of how an African teenager built a windmill from scraps to create electricity for his home and his village, improving life for himself and his neighbors.

Lamb to the Slaughter is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale. In Lamb to the Slaughter, Roald Dahl, one of the world's favourite authors, tells a twisted story about the darker side of human nature. Here, a wife serves up a dish that utterly baffles the police . . . Lamb to the Slaughter is taken from the short story collection Someone Like You, which includes seventeen other devious and shocking stories, featuring the two men who make an unusual and chilling wager

over the provenance of a bottle of wine; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.' (Observer) This story is also available as a Penguin digital audio download read by Juliet Stevenson. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers

shiver today.

Dust Bowl Diary Open Road Media

When his mother marries an Okie building contractor, fifteen-year-old Sonny Bravo finds his life uprooted to a small apartment building, Los Flores, where he becomes embroiled in the lives of his neighbors.

A Glass of Blessings Penguin

A critical error. A Cinderella season cut short. A star player murdered. D.C. is recovering from angry riots after one player's mistake blew the D.C. Federals' chance at the World Series, and Lt. Sam Holland is determined to unravel the twisted web of motives behind the star center fielder's death. Was it a disgruntled fan, a spurned lover or a furious teammate? While Sam digs through clues, her husband, U.S. Senator

Nick Cappuano, fights for his political life in the final days of his reelection campaign as financial irregularities threaten his future. It's a distraction Nick can ill afford with Sam in the midst of another high-profile murder investigation and both of them trying to help their adopted son, Scotty, cope with the murder of a ball player he admired. Determined to bring the killer to justice, Sam must root out the truth before another mistake proves fatal.

Fifth Formers of St. Clare's W W

Norton & Company Incorporated
Fred Sandback wanted from the beginning to make sculpture, but sculpture with neither volume nor mass, neither interior nor exterior. For more than half his life he succeeded in that impossible-sounding task, solving its

riddle with lines in the form of steel wire and acrylic string. He described spaces, constructed perspectives, and demarcated borders, visible and invisible. The drawings on paper collected here, while closely allied to his exhibition work, were seldom mere drafts or working sketches; they are autonomous and self-confident signs.

Lamb to the Slaughter (A Roald Dahl Short Story) Jossey-Bass

Emanating from a two year action research project aimed at devising higher education courses for excluded social groups, this book examines ways in which UK higher education can be accessed and valued by adults who have previously been excluded. It also explores the topical argument that education contributes to building social

as well as human capital – a necessary feature of citizenship and sustainable communities.

Fatal Mistake Duke University Press
Abridged version of a Jewish girl's record of how her family hid from Nazi occupiers in World War II Holland.

The Feminine in Islam John Wiley & Sons
The statistics are startling. Since 1973, America's imprisonment rate has multiplied over five times to become the highest in the world. More than two million inmates reside in state and federal prisons. What does this say about our attitudes toward criminals and punishment? What does it say about us? This book explores the cultural evolution of punishment practices in the United States. Anne-Marie Cusac first looks at punishment in the nation's early days,

when Americans repudiated Old World cruelty toward criminals and emphasized rehabilitation over retribution. This attitude persisted for some 200 years, but in recent decades we have abandoned it, Cusac shows. She discusses the dramatic rise in the use of torture and restraint, corporal and capital punishment, and punitive physical pain. And she links this new climate of punishment to shifts in other aspects of American culture, including changes in dominant religious beliefs, child-rearing practices, politics, television shows, movies, and more. America now punishes harder and longer and with methods we would have rejected as cruel and unusual not long ago. These changes are profound, their impact affects all our lives, and we have

yet to understand the full consequences. *Architecture in the Family Way* HTJB, Inc. The author of *Excellent Women* explores female friendship and the quiet yearnings of British middle-class life—a literary delight for fans of Jane Austen. Jane Cleveland and Prudence Bates were close friends at Oxford University, but now live very different lives. Forty-one-year-old Jane lives in the country, is married to a vicar, has a daughter she adores, and lives a very proper life in a very proper English parish. Prudence, a year shy of thirty, lives in London, has an office job, and is self-sufficient and fiercely independent—until Jane decides her friend should be married. Jane has the perfect husband in mind for her former pupil: a widower named Fabian Driver. But there are other women vying

for Fabian's attention. And Pru is nursing her own highly inappropriate desire for her older, married, and seemingly oblivious employer, Dr. Grampian. What follows is a witty, delightful, trenchant story of manners, morals, family, and female bonding that redefines the social novel for a new generation.

Phantom Prey Burns & Oates

Educational bandwagons come and go, but student engagement in learning is an enduring concern. This book shows how an imaginative approach to teaching and learning, one that values and builds upon the way a child understands his or her experiences, can encourage students to become more knowledgeable and creative in their thinking. The author explains how people's imaginations work in five

different zones of understanding, and he shows how to use these zones and the journey through them to nurture teachers' and students' imaginations *The Story of the Cofoundress of the Sisters of Notre Dame* Pathways to Prohibition Radicals, Moderates, and Social Movement Outcomes

The fifth form are sharing studies this year. And tempers are fraying. It's going to be a very tense term!

Architecture in the Encyclopédie of Diderot and D'Alembert Turtleback Books

Intended to provide elementary school language arts teachers with new and interesting teaching activities, this book contains over 100 teacher-tested classroom activities that are based on the whole language approach to

learning. Chapters discuss the following: (1) a world of language in use; (2) literature points the way (including themes and organization, literature and experience, and extended literature); (3) making sense by reading (including predictions and expectations, reading awareness and control, invitations to read, and music, drama, and reading); (4) writing for self-expression; (5) learning to write by writing; (6) writing for an audience (including developing a sense of audience, and messages, notes, and letters); (7) reading, writing, listening, and speaking across the curriculum (including language arts across the curriculum, and reading and

writing newspapers); (8) kids helping other kids: the collaborative effort (including cooperative learning, and games and holiday activities); (9) home is where the start is; and (10) valuing and evaluating learners and their language. The 15-page bibliography contains sections on read-aloud books, wordless books, extending literature and reading leading to writing, predictable language, predictable life experience books for upper elementary children, sing-along books, children's magazines, and publishers of children's writing. A list of teaching activities in the book is included. (SKC)
