"Black Magic for Dark Times: Spells of Revenge and Protection" is for every good, decent person who has been the victim of violence, threats, fraud, official corruption or other crimes and is without a conventional form of redress. It is the first spell book especially for crime survivors. It was written to help you deal with situations in which every normal means of justice has been cut off. It is a black magic spell book for the times we live in - a time of pervasive injustice and rampant, unchecked crime and corruption. The terms "revenge" and justice" are both about bringing balance and harmony to a situation. Both words have similar meanings, but different connotations. Justice is balance and harmony brought about through the courts and the justice system. Revenge is balance and harmony brought about on an individual level. This book contains spells for both of these situations. When there is no justice, the conjurer can make it. When there is no way to identify the perpetrator by conventional means, he can be routed out using the often misunderstood science of magic. If you believe that all of the world is bent toward justice and karma will get the evil-doers in the end or they will be judged by God and burn in fire and brimstone forever, then this book is not for you. If you can reconcile living in a world with such people and the complete absence of justice by simply saying, "They'll get theirs someday," then put this book down and go back to sleep. Come back and read this book when you can face the truth, when you are filled with self-righteous anger and ready to invoke cosmic justice upon the perpetrators of evil acts with all the forces of Hell! Over 100 spells and formulas plus tips for making spells more effective. Includes spells to protect from and exact spiritual justice in cases of: Police brutality, judicial corruption, domestic violence, rape, stalking, harassment, unjust foreclosure and banking fraud, bullies at work and school, gossips, illegal checkpoints, airport security, government raids, home and travel protection, theft, bad neighbors, threats, creepy landlords, negative energies, unwanted house guests and - finally - how to heal from the trauma for survivors of violent crime. This is a unique spell book of practical magic especially for crime survivors and those dealing with official corruption, written in a conversational style. Part of the purpose of the book is to reawaken people to the idea that magic is a force for change in the real world.

"High stakes, big heart, and lots of Black Girl Magic...unputdownable." —Aiden Thomas, New York Times bestselling author of Cemetery Boys A rich, dark urban fantasy debut following a teen witch who is given a horrifying task: sacrificing her first love to save her family's magic. The problem is, she's never been in love—she'll have to find the perfect guy before she can kill him. After years of waiting for her Calling—a trial every witch must pass to come into their powers—the one thing Voya Thomas didn't expect was to fail. When Voya's ancestor gives her an unprecedented second chance to complete her Calling, she agrees—and then is horrified when her task is to kill her first love. And this time, failure means every Thomas witch will be stripped of their magic. Voya is determined to save her family's magic no matter the cost. The problem is, Voya has never been in love, so for her to succeed, she'll first have to find the perfect guy—and fast. Fortunately, a genetic matchmaking program has just hit the market. Her plan is to join the program, fall in love, and complete her task before the deadline. What she doesn't count on is being paired with the infuriating Luc—how can she fall in love with a guy who seemingly wants nothing to do with her? With mounting pressure from her family, Voya is caught between her morality and her duty to her bloodline. If she wants to save their heritage and Luc, she'll have to find something her ancestor wants more than blood. And in witchcraft, blood is everything.

EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade-Brittany Nightshade

**Love Spells** Simon and Schuster

Merry meet! I'm Brittany Nightshade of the Atrum Angelus coven. I have spent many years traveling and learning about the Craft of Magick. One area of Magick that is typically shied away from by practitioners is Black Magick. The Rule of Three amongst other things such as the Wiccan Reed's validity have been debated for decades and it's considered taboo by the majority of the community. That being said it is still openly practiced and I myself find The Dark Arts to be a magnificent way to reach your full potential. I've taken the section of my Book of Shadows pertaining to Black Magick, brushed it up a bit and added some spells from a few of my coven sisters in hopes to present them and make them as accessible as possible to anyone who wishes to walk The Left Hand Path. I've also included some basic information on Runes and a glossary for commonly used words related to Witchcraft towards the end of the book. I've tweaked these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you

want to suit your own needs. Let the rituals be the vessel that carries your enemies to their demise.
