Earth Science
S. Chand
Publishing
Bloomsbury—
An Activity-
based
Integrated
Course for
LKG, UKG and
Classes 1 to 5
has been
designed and
formulated in
accordance
with the
guidelines of
National
Education
Policy (NEP)
2020. The
series
comprises a

set of fourteen
books, two for
each class and
one per
semester.
Semester
books for LKG
and UKG
include
English,
Mathematics
and
Environmental
Science.
Semester
books for
Classes 1 and
2 include
English,
Mathematics,
Environmental
Science and
General
Knowledge.
Semester
books for
Classes 3 to 5
include

English,
Mathematics,
Science,
Social Studies
and General
Knowledge.
The series is
strictly aligned
with the basic
tenets of NEP
2020. Thus, a
lot of
emphasis has
been laid on
promoting
activity-based
and
experiential
approach to
learning. The
series also
seeks to
develop the
core twenty-
first-century
skills in
learners,
which lie at

the heart of NEP 2020. Besides, great care has been taken to make learning a joyful experience for the learners. All this will together lay a strong foundation at the primary level and lead to the holistic development of the learners at each level. Some of the key features of the series are: • Key concepts supported with visual activities, games and real-life examples • Carefully-graded and

comprehensive exercises to facilitate true evaluation • Online support in the form of animated lessons, interactive exercises, topic-wise videos and E-books (For Teachers only) as per the requirement of the subject • Teachers Resource Book to facilitate teaching ENGLISH The content for English is a perfect blend of the best of both worlds—past and present. The selections are based on

the learners' interests, and, therefore, will not only easily arrest their attention but also facilitate longer retention. The graded exercises lay appropriate emphasis on learning the four basic language skills of Listening, Speaking, Reading and Writing. Grammar Section in each book offers simple and clear conceptual understanding .
 MATHEMATICS The Mathematical concepts have

been dealt with in an interesting and comprehensive manner. This way even an average child will have no difficulty in grasping the fundamentals. The series follows a graded and spiral approach, keeping in mind the age and level of understanding of the learner.

ENVIRONMENTAL STUDIES

NEP 2020 lays emphasis on promoting the spirit of analysis and questioning because it has been increasingly felt that children learn more through talking, observing and discussing with others. This approach has been adopted in EVS content.

SCIENCE

The content in this section emphasises meaningful learning of science for the overall development of learners. It focuses on helping children understand their natural environment and correlate science with their everyday experiences in an interesting and comprehensive manner.

SOCIAL STUDIES

A totally new and innovative approach to teaching social studies has been adopted in this section. The lessons enhance the learners' life skills and equip them with a high civic sense and arm them with an ability to face the challenges in life with confidence, and as responsible citizens.

Requirements for Certification is a valuable resource, making much-needed knowledge available in one straightforward volume. *Digest of Education Statistics*
 Goyal Brothers Prakashan
 Includes complete lesson plans that align with the Next Generation Science Standards, covering Earth's landforms and water (grades K-8), rock cycle and plate tectonics (grades 6-12), weather (grades K-8), and astronomy (grades 6-8). *Concepts in Space Science*
 McGraw-Hill Education
 Our new semester series, Rosemary-An Activity-based Integrated Course for Classes 1 to 5, has meticulously followed the National Education Policy (NEP), 2020, and the National Curriculum Framework (NCF), 2023. Pramanas, Panchakosha

Vikas, and Panchpadi, the three main constituents, have been used significantly through the explanations, examples, and exercises used in this series. It means the focus has shifted to the process of learning. This series envisages conceptual understanding as a continuous process. The books for Classes 1 and 2 include English, Mathematics, Environmental Studies, and General

Knowledge. For Classes 3 to 5, the subjects expand to include English, Mathematics, Science, Social Studies, and General Knowledge. In developing this educational series, considerable attention has been focused on creating an engaging and enjoyable learning environment. This approach aims to establish a solid educational foundation for young learners,

contributing to their all-around growth and development at every educational level. The series is characterised by several notable features: • Integrates key educational concepts with visually appealing activities, interactive games, and practical real-world examples • Methodically structured and comprehensive exercises, ensuring thorough assessment and

understanding

- Robust online support, including animated tutorials, interactive modules, subject-specific videos, and digital books (exclusively for teacher use), tailored to meet the needs of each topic

ENGLISH: Combines with historical and contemporary elements, it focuses on interest-based selections to engage learners and improve memory retention. It emphasises the four key language skills (Listening, Speaking, Reading, Writing) with clear grammar explanations.

MATHEMATICS: With engaging and thorough presentation of concepts, it is suitable for all learning levels, using a graded and age-appropriate approach.

ENVIRONMENTAL STUDIES: It focuses on analysis and inquiry, encouraging learning through discussion, observation, and conversation.

SCIENCE: It offers meaningful learning by connecting scientific concepts to students' everyday experiences and the natural world.

SOCIAL STUDIES: In this subject, innovative teaching methods are used to enhance life skills, civic understanding, and prepare students for life's challenges.

GENERAL KNOWLEDGE: It is designed to incite

<p>curiosity and a passion for learning about the world. Online support in the form of animated Lesson, interactive exercises, topic-wise videos and E-books (for Teachers only) as per the requirement of the subject. Teachers' Resource Book (TRB) includes Lesson Plan and Learning Objectives along with the answers of the questions to facilitate teaching. Feedback from students, teachers, and</p>	<p>parents is welcomed for consideration in future updates and editions. -The Publisher <u>Rosemary Class 4 Semester 2</u> BJU PRESS This volume offers state-by-state listings of the requirements for certification for elementary and secondary schools.
