Proceedings UNM Press

The connection between racism and environmental quality is increasingly visible. People of color in urban and rural areas are the most likely victims of industrial dumping, toxic landfills, uranium mining, and dangerous waste incinerators. This groundbreaking anthology grows out of the National People of Color

Environmental Leadership Summit and brings together leading scholars, environmental leaders, and social justice activists of the emerging environmental justice movement.

Troublesome Border Macmillan
THIRTEEN COLONIES & THE LOST COLONY(tm) Take a step back and discover the thirteen colonies of Colonial America. From European exploration through the American Revolution, witness the unique history and character of each colony. Trace the role of each colony in the American Revolution and that colony's

impact on the formation of our Constitution. Georgia - Using primary source documents that include the Charter of Georgia, a map of the colony circa 1725, period portraits, and newspaper articles, this fascinating book traces the history of the colony from its founding to its being the fourth state to ratify the U.S. Constitution in 1788."Good organization, well-written text which reads like a story, numerous quotes and historic incidents, attractive format and well-designed pages, drawings, maps...all make this title a recommended source for studies in the

colonial period of American history." -

The Mexican Revolution Univ of California
Press

This comprehensive two-volume history of the Mexican Revolution presents a new interpretation of one of the world's most important revolutions. While it reflects the many facets of this complex and far-reaching historical subject it emphasises its fundamentally local, popular and agrarian character and locates it within a more general comparative context.--
Publisher.

Arizona Highways UNM Press

This extensive volume presents New Mexico history from its prehistoric beginnings to the present in essays and articles by fifty prominent historians and scholars representing various disciplines including history, anthropology, Native American studies, and Chicano studies. Contributors include Rick Hendricks, John L. Kessell, Peter Iverson, Rina Swentzell, Sylvia Rodriguez, William deBuys, Robert J. Tórrrez, Malcolm Ebright, Herman Agoyo, and Paula Gunn Allen, among many others.

Border Women Casemate

Large expanses of the Southwest remain virtually untouched by tourists. The new edition of Hidden Southwest is the only book that uncovers them all.

Encompassing all of Arizona and New Mexico plus southern Utah and Colorado, this is a must-read for visitors and arm-chair tourists. 41 line drawings and maps. *Military Intelligence* National Geographic Books

Nurses, show girls, housewives, farm workers, casino managers, and government inspectors—together these hard-working members of society contributed to the development of towns across the West. The essays in this volume show how oral history increases understanding of work and community in the twentieth century American West. In many cases occupations brought people together in myriad ways. The Latino workers who picked lemons together in Southern California report that it was baseball and Cinco de Mayo Queen contests that united them. Mormons in Fort Collins, Colorado, say that building a church together bonded them together. In separate essays, African Americans and

women describe how they fostered a sense of community in Las Vegas. Native Americans detail the "Indian economy" in Northern California. As these essays demonstrate, the history of the American West is the story of small towns and big cities, places both isolated and heavily populated. It includes groups whose history has often been neglected. Sometimes, western history has mirrored the history of the nation; at other times, it has diverged in unique ways. Oral history adds a dimension that has often been missing in writing a comprehensive history of the West. Here an array of oral historians—including folklorists, librarians, and public historians—record what they have learned from people who have, in their own ways, made history.

Global History: The contemporary world, 1900s to present Lulu.com

"U.S. residents are largely unaware that Mexicans also view their northern border with concern, and at times even alarm. Border communities, such as Ciudad Juárez and Tijuana, have long been subjected to heavy criticism from Mexico City and other interior areas for their close ties to the United States, a country viewed

with apprehension and suspicion by the Mexican citizenry.” Oscar Martínez’s words may come as a surprise to those who associate the U.S. southern border with banditry, racial strife, illegal migration, drug smuggling, and official corruption—all attributed to Mexico. In *Troublesome Border*, now revised to reflect the dramatic changes over the last two decades, a distinguished scholar and long-time resident of the border area addresses these and other problems that have caused increasing concern to federal governments on both sides of the border. This second edition of *Troublesome Border* has been updated and revised to cover dramatic developments since the book’s first publication in 1988 that have once again transformed the region in fundamental ways. Martinez includes new information on migration and drugs, including the extraordinary rise of violence traced largely to the rampant illegal drug trade; the devastating effects of U.S. Border Patrol “blockades” that have resulted in thousands of deaths; and the impact of the North American Free Trade Agreement (NAFTA).

Morgan James Publishing

A comprehensive film guide featuring Hollywood films, directors, actors and actresses.

The Chicano Movement University of Texas Press

What happened to the documents captured in the Alamo? Does a ghost actually haunt the state capitol in Austin? Was John Wilkes Booth killed or did he escape and flee to Central Texas? The authors present the known facts and circumstances of these and other mysteries.

Recovering History, Constructing Race U of Nebraska Press

Chronicles the history of the 101 Ranch and discusses how the ranch's traveling show embodied the spirit of the American frontier.

Troublesome Border, Revised Edition Routledge

In his day, Jack Johnson—born in Texas, the son of former slaves—was the most famous black man on the planet. As the first African American World Heavyweight Champion (1908–1915), he publicly challenged white supremacy at home and

abroad, enjoying the same audacious lifestyle of conspicuous consumption, masculine bravado, and interracial love wherever he traveled. Jack Johnson, Rebel Sojourner provides the first in-depth exploration of Johnson’s battles against the color line in places as far-flung as Sydney, London, Cape Town, Paris, Havana, and Mexico City. In relating this dramatic story, Theresa Runstedtler constructs a global history of race, gender, and empire in the early twentieth century. [Unsolved Texas Mysteries](#) Rowman & Littlefield

The award-winning author returns to his roots in the Southwest, driving the highways of New Mexico and Texas, and writing about the changing landscape and a thriving and diverse border culture.

Warriors in Uniform Pomegranate

The legend and the man -- The revolution begins -- Mexico at war with itself -- Death of a hero

Listening to Laredo Arcturus Publishing
 "Native Americans have willingly served in the U.S. military during every one of its wars, and their numbers in the armed forces today exceed the percentage of any other ethnic group. What inspires these young people to enlist? One factor is the opportunity to continue a proud warrior tradition in which the deeds of battle are considered the highest form of bravery - a cultural context that is detailed in *Warriors in Uniform*." "Author Herman J. Viola sets this story against a chronology of conflict from the 1770s to the present, revealing the roles of Native Soldiers in America's two wars with Britain, the poignant reason 15,000 American Indians wore Confederate gray, and the distinction with which they have served in both world wars as well as Korea, Vietnam, Afghanistan, and Iraq." "Illustrated with archival images, exhibit-worthy photo essays, and artifact galleries from museum events nationwide, this special edition of *Warriors in Uniform* holds fascination for everyone interested in history, culture, biography,

and art, as well as deeper truths, for all of us, about the way we view one another as fellow citizens of the nation and the world."--BOOK JACKET.

The Real Wild West U of Minnesota Press
 A Zapata legend -- Revolution! -- A deepening war -- The Zapata legacy
Beekman University of Arizona Press
 In the latter half of the 19th century, the town of Beekman experienced an industrial boom. Iron ore beds were discovered in the hamlets of Sylvan Lake, Beekman, and Clove Valley. Mining boomed until the 1890s, and many of the small ponds scattered about town today were originally open ore pits. The mining industry brought the railroad and a second influx of immigrants, mostly from Ireland. The arrival of these immigrant families created an entirely new culture in the town. In 1911, an 839-acre site in the hamlet of Green Haven was acquired by the state. Camp Whitman opened there in 1915 and was used for training soldiers in preparation for the invasion of Mexico and pursuit of Pancho Villa.

Tom Mix and Pancho Villa Arcadia

Publishing

"In this book it is my intent to write about the Mexican American people's Indian, White, and Black racial history. In doing so, I offer an interpretive historical analysis of the experiences of the Mexican Americans' ancestors in Mexico and the United States. This analysis begins with the Mexican Americans' prehistoric

foundations and continues into the late twentieth century. My focus, however, is on exploring the legacy of racial discrimination that was established in the aftermath of the Spanish conquest and was later intensified by the United States government when in 1848, it conquered northern Mexico (presently the U.S. Southwest) and annexed it to the United States (Menchaca 1999:3). The central

period of study ranges from 1570 to 1898"--Page 1.

Civil Rights Digest Lulu.com

A transnational analysis with an emphasis on gender examines the work of women writers from both sides of the border writing in Spanish, English, or a mixture of the two languages whose work questions the accepted notions of border identities.
