ROMAN SANTIAGO

Queen Elizabeth II Chartwell Books

Men and the Making of Modern British Feminism calls fresh attention to the forgotten but foundational contributions of men to the creation of modern British feminism. Focusing on the revolutionary 1790s, the book introduces several dozen male reformers who insisted that women's emancipation would be key to the establishment of a truly just and rational society. These men proposed educational reforms, assisted women writers into print, and used their training in religion, medicine, history, and the law to challenge common assumptions about women's legal and political entitlements. This book uses men's engagement with women's rights as a platform to reconsider understandings of gender in eighteenth-century Britain, the meaning and legacy of feminism, and feminism's relationship more generally to traditions of radical reform and enlightenment.

The British Monarchy on Screen Simon and Schuster

From the best-selling author of 'George VI', 'Elizabeth' and 'Diana', a biography of Queen Elizabeth II which offers a vivid window into the key moments of British and world history during the Queen's 60 year reign.

The Real Elizabeth Andrews UK Limited

In April of 2011 LIFE ventured to London for our bestselling book The Royal Wedding of Prince William and Kate Middleton. This June we return to capture all the pomp and circumstance as England celebrates its queen's 60th year on the throne. All of the best photography from the festivities will be in these pages — as will so much else. Directly descended from Victoria, Elizabeth is now on the verge of supplanting that great queen as Britain's longest serving monarch ever — and LIFE has had its cameras trained on her since she was a little girl. We were there to record her precocious courage during World War II, her splendid marriage to Prince Philip, her glittery coronation, her travails and dramas in the modern age. The other characters that come and go in these pages are equally famous and compelling: Wayward Uncle Edward who had to abdicate the throne, the Queen Mum and her hats, Elizabeth's father George VI who overcame his stammer to rally his countrymen during the war, Prince Charles, Lady Diana, the grandsons Will and Harry — and on and on. We see these people move through palaces opulent beyond belief (Buckingham, Windsor), and estates that dwarf Downton Abbey (Sandringham, Balmoral). We learn of their lives, their loves, their scandals. Ever with her head held high, there is Elizabeth II. Here is her royal story, told in its entirety. This book will include not only grand photography of the Jubilee but of prior House of Windsor celebrations, including Victoria's own 60th anniversary celebration, Elizabeth's wedding, the so-called "Wedding of the Century" (Charles and Di's), and the recent marriage of Elizabeth's grandson to Princess Kate. It is a splashy, festive book. It fairly shouts: "Long live the queen!"

The Queen's Diamond Jubilee Year Dundurn

Moving images of the British monarchy are almost as old as the moving image itself, dating back to an 1895 American drama, The Execution of Mary Queen of Scots. And from 1896, actual British monarchs appeared in the new 'animated photography', led by Queen Victoria. Half a century later the 1953 coronation of Elizabeth II was a milestone in the adoption of television, watched by 20 million Britons and 100 million North Americans. At the century's end, Princess Diana's funeral was viewed by 2.5 billion worldwide. In the first book length examination of film and television representations of this enduring institution, distinguished scholars of media and political history analyze the screen representations of royalty from Henry VIII to 'William and Kate'. Seventeen essays by Ian Christie, Elisabeth Bronfen, Andrew Higson, Karen Lury, Glynn Davies, Jane Landman and other international commentators examine the portrayal of royalty in the 'actuality' picture, the

early extended feature, amateur cinema, the movie melodrama, the Commonwealth documentary, New Queer Cinema, TV current affairs, the big screen ceremonial and the post-historical boxed set. A long overdue contribution to film and television studies, this book will be essential reading for scholars and students of British media and political history.

The Queen: Elizabeth II and the Monarchy (Text Only) Princeton University Press

A magnificent tribute to the life and reign of Queen Elizabeth II, and a celebration of the British royal family. This book is a stunning visual guide to the world's most famous royals, from the Queen's Norman predecessors to her great-grandchildren. It features events such as the royal wedding of Prince William and Kate Middleton, and profiles on key people such as Princess Diana and Prince Harry. This new edition is revised to include the most recent events and milestones, such as the retirement of the Duke of Edinburgh, the birth of Charlotte, Louis, Archie, and other new family members, Harry and Meghan's wedding, and their decision to step back as senior members of the royal family. Including rare, restricted, and exclusive photos, this book examines the Queen's life in detail from her childhood to today, but also goes back through more than 1,000 years of history to tell the story of the House of Windsor and the entire succession of kings and queens of England and Scotland. With dazzling galleries of royal artefacts and photographic tours of sumptuous royal residences, this is the perfect book for fans of the Queen and royal family, fans of the Netflix series The Crown, or anyone interested in the history of the British monarchy.

The Queen's Diamond Jubilee 2012 Stanford University Press

The hotly anticipated American edition of Robert Hardman's biography of Queen Elizabeth (formerly Our Queen in the U.K.)—An intimate portrait of England's soon-to-be longest reigning queen, in celebration of her diamond jubilee—and the first-ever book interview with her grandson, Prince William. History has known no monarch like her. She has traveled farther than all her predecessors put together and lived longer than any of them. She has known more historic figures than anyone alive—from Churchill to Mandela, de Gaulle to Obama. Now, the distinguished royal writer Robert Hardman has been granted special access to the world of Queen Elizabeth II to produce this enthralling new portrait of one of the most popular public figures on earth. Not only has Elizabeth II reigned through Britain's transformation from an imperial power to a multi-cultural nation, but she has also steered the monarchy through more reforms in the last twenty-five years than in the previous century. Queen Elizabeth II sits at the head of an ancient institution that remains simultaneously popular, regal, inclusive, and relevant in a twenty-first-century world. It is down to neither luck nor longevity: it is down to the shrewd judgment of a thoroughly modern monarchy—with no small assistance from the longest-serving consort in history. Here is the inside story.

Her Majesty Pedigree Books

A comprehensive and remarkable biography of Queen Elizabeth II. An enthralling introduction to one of the most famous women in the world, accompanied by stunning photographs, a family tree and timeline. Written for children ready to tackle more complex reading and with internet links to carefully selected websites to find out more. Part of the Usborne Reading Programme.

Sixty Glorious Years Simon and Schuster

With a foreword by the Rt Hon Sir John Major, The Queen: The Diamond Jubilee is a beautifully illustrated commemoration of the life and reign of Queen Elizabeth II, from her early years to her role as a modern monarch in the 21st century. This book explores the Queen's genealogy, tracing her descent from William the Conqueror, her coat of arms and orders of chivalry. It looks at her personal life, her childhood, teenage years, hobbies and pursuits, as well as her closest family ties: her mother, sister, husband, children, in-laws and grandchildren. Her public life is also reviewed and celebrated, from formal occasions to garden parties, walkabouts, ship-launchings and ribbon-cuttings, to her work with charities and presenting awards and honours. The state occasions that

have punctuated the Queen's life - her own wedding; her coronation; other royal weddings; state funerals; state openings of parliament; investitures and trooping the colour - are explored with insightful and gorgeous photographs. *The Queen: The Diamond Jubilee* is a touching, unique and beautiful book and a perfect way to remember and celebrate the Queen's Jubilee.

Queen Elizabeth II Harry N. Abrams

In this highly original and much-anticipated ethnography, Anna Tsing challenges not only anthropologists and feminists but all those who study culture to reconsider some of their dearest assumptions. By choosing to locate her study among Meratus Dayaks, a marginal and marginalized group in the deep rainforest of South Kalimantan, Indonesia, Tsing deliberately sets into motion the familiar and stubborn urban fantasies of self and other. Unusual encounters with her remarkably creative and unconventional Meratus friends and teachers, however, provide the opportunity to rethink notions of tradition, community, culture, power, and gender--and the doing of anthropology. Tsing's masterful weaving of ethnography and theory, as well as her humor and lucidity, allow for an extraordinary reading experience for students, scholars, and anyone interested in the complexities of culture. Engaging Meratus in wider conversations involving Indonesian bureaucrats, family planners, experts in international development, Javanese soldiers, American and French feminists, Asian-Americans, right-to-life advocates, and Western intellectuals, Tsing looks not for consensus and coherence in Meratus culture but rather allows individual Meratus men and women to return our gaze. Bearing the fruit from the lively contemporary conversations between anthropology and cultural studies, *In the Realm of the Diamond Queen* will prove to be a model for thinking and writing about gender, power, and the politics of identity.

The Last Queen Carlton Books

Published on the occasion of the Diamond Jubilee of Queen Elizabeth II, this book tells the story of the royal inheritance of diamonds from the time of Queen Adelaide in the 1830s to Elizabeth II.

Treasures of Queen Elizabeth HarperCollins UK

Her Majesty Queen Elizabeth II marks 60 years as Canada's monarch in 2012. This fully up-to-date souvenir captures the excitement, the majesty, and the pageantry of the spectacular events that have allowed her subjects to celebrate and share their admiration for their Queen in her Diamond Jubilee year.

The Diamond Jubilee Victoria & Albert Museum

With just under a thousand portraits of Queen Elizabeth II, the National Portrait Gallery boasts some of the most treasured and famous official portraits of the Queen captured at key historic moments, as well as day-to-day images of the monarch at home and with family, following her journey from childhood, to princess and Queen, mother and grandmother. This publication highlights the most important portraits of Elizabeth II from the Gallery's Collection. Paintings and photographs from the birth of Elizabeth II to the present will take readers on a visual journey through the life of Britain's foremost icon. The book will reflect on the Queen's life, presenting family photographs alongside important formal portraits to explore how, as her reign became record-breaking, she became an iconic figure in modern British culture and history. The publication features works by key artists depicting the Queen from 1926 to the present day, including Baron, Cecil Beaton, Dorothy Wilding, Patrick Lichfield, Andy Warhol, Annie Leibovitz and David Bailey. This book features an introductory essay by Alexandra Schulman, exploring how the collected portraits depict the Queen throughout her life and reign, and a timeline of key historical events and moments from Elizabeth II's life.

LIFE Jubilee! Queen Elizabeth II Haynes Publishing UK

Since Queen Elizabeth II succeeded to the throne sixty years ago Britain has seen huge social, political and economic change. As her people have celebrated the highs and mourned the lows, she has remained a constant and stable figure at the head of the world's most famous Royal Family. Through 12 Prime Ministers, four recessions, wars and a technological revolution, the Queen's determination to carry out her duties and to connect with the public has not faltered. Sixty Glorious Years celebrates her extraordinary ability to have secured a place in the hearts of generations of Britons. With rarely seen pictures, this book offers an unparalleled look at the life and work of the woman who looks set to become Britain's longest surviving sovereign.

In the Realm of the Diamond Queen Michael O'Mara Books

A remarkable history of jewelry told through the beguiling stories of the royal families of Italy, Greece, Belgium, Russia, and Yugoslavia. Renowned jewelry designer Prince Dimitri of Yugoslavia recounts the enthralling exploits of his beloved family members and describes their extraordinary jewelry collections. Among the many royals whose stories are richly illustrated in this volume are his paternal grandparents Prince Regent Paul and Princess Olga of Yugoslavia; Grand Duke Vladimir and Grand Duchess Maria Pavlovna of Russia; his great-grandparents Prince Nicolas and Princess Helen of Greece as well as his maternal grandparents King Umberto II and Queen Marie-José of Italy. The exquisite photography and family albums of Grand Duchess Elena of Russia (later Princess of Greece) and Prince Dimitri's great-grandmother present remarkable never-before-seen images of prerevolutionary life of the Russian imperial family, their court, and their many European royal family members and friends. This luxurious tome also includes exclusive and previously unpublished designs by Prince Dimitri, which juxtapose uncommon materials and color in imaginative yet timeless forms.

A History of Modern Britain W. W. Norton

2012 sees the Diamond Jubilee of Queen Elizabeth II, celebrating 60 years as Queen. This book tells the story of her as a young princess, through to her coronation in 1953 and her life as Queen in modern Britain.

The book explores the origins of the word tiara which derives from the head ornaments of Persian kings. The term tiara encompasses the diadem, said to have been invented by Dionysos, god of wine, the Kokoshnik from early Russia, and the wreath of flowers, perhaps the most appealing source of inspiration for the modern jeweller. Tiaras are considered as emblems of love and marriage, as symbols of aristocratic heritage, and as works of art in their own right in a range of styles from the antique and neo-classical to art deco. The stunning array of contemporary designs indicates that tiaras are now most definitely items of high fashion. Many are shown alongside either their original designs or photographs of their owners from the Queen Mother to Madonna. Tiaras, Past and Present traces the history of these magnificent jewels from ancient time to their re-emergence in the First Empire, through the work of famous jewellers like Fabergé, Cartier and Boucheron to the extravagant contemporary creations of Vivienne Westwood and Versace. Tiaras of all types glitter throughout the pages, breathtaking in the sumptuousness of their stones and the intricacy of their design. The tiara is indeed pre-eminent among jewels, and this book is a celebration of them.

Queen Elizabeth II Diamond Jubilee Commemorative Plate and Book Victoria & Albert Museum

A timely and revelatory new biography of Queen Elizabeth (and her family) exploring how the Windsors have evolved and thrived, as the modern world has changed around them. Clive Irving's stunning new narrative biography *The Last Queen* probes the question of the British monarchy's longevity. In 2021, the Queen Elizabeth II finally appears to be at ease in the modern world, helped by the new generation of Windsors. But through Irving's unique insight there emerges a more fragile institution, whose extraordinarily dutiful matriarch has managed to persevere with dignity, yet in doing so made a Faustian pact with the media. *The Last Queen* is not a conventional biography—and the book is therefore not limited by the traditions of that genre. Instead, it follows Elizabeth and her family's struggle to survive in the face of unprecedented changes in our attitudes towards the royal family, with the critical eye of an investigative reporter who is present and involved on a highly personal level.

Elizabeth Running Press

From the internationally acclaimed and bestselling historians William Dalrymple and Anita Anand, the first comprehensive and authoritative history of the Koh-i-Noor diamond, arguably the most celebrated jewel in the world. On March 29, 1849, the ten-year-old leader of the Sikh kingdom of the Punjab was ushered into the magnificent Mirrored Hall at the center of the British fort in Lahore, India. There, in a formal Act of Submission, the frightened but dignified child handed over to the British East India Company swathes of the richest land in India and the single most valuable object in the subcontinent: the celebrated Koh-i-Noor diamond, otherwise known as the Mountain of Light. To celebrate the acquisition, the British East India Company commissioned a history of the diamond woven together from the gossip of the Delhi Bazaars. From that moment forward, the Koh-i-Noor became the most famous and mythological diamond in history, with thousands of people coming to see it at the 1851 Great Exhibition and still more thousands repeating the largely fictitious account of its passage through history. Using original eyewitness accounts and chronicles never before translated into English, Dalrymple and Anand trace the true history of the diamond and disperse the myths and fantastic tales that have long surrounded this awe-inspiring jewel. The resulting history of south and central Asia tells a true tale of greed, conquest, murder, torture, colonialism, and appropriation that shaped a continent and the Koh-i-Noor itself.

The Queen Harper Collins

A History of Modern Britain by Andrew Marr confronts head-on the victory of shopping over politics. This edition also includes an extra chapter charting the course from Blair to Brexit. It tells the story of how the great political visions of New Jerusalem or a second Elizabethan Age, rival idealisms, came to be defeated by a culture of consumerism, celebrity and self-gratification. In each decade, political leaders think they know what they are doing, but find themselves confounded. Every time, the British people turn out to be stropier and harder to herd than predicted. Throughout, Britain is a country on the edge – first of invasion, then of bankruptcy, then on the vulnerable front line of the Cold War and later in the forefront of the great opening up of capital and migration now reshaping the world. This history follows all the political and economic stories, but deals too with comedy, cars, the war against homosexuals, Sixties anarchists, oil-men and punks, Margaret Thatcher's wonderful good luck, political lies and the true heroes of British theatre.

Queen's Jewels Bloomsbury Publishing USA

The definitive portrait of Queen Elizabeth II by a renowned royal biographer. As seen on Good Morning America, CNN, and the BBC Shy but with a steely self-confidence; inscrutable despite ten decades in the public eye; unflappable; devout; indulgent; outwardly reserved, inwardly passionate; unsentimental; inquisitive; young at heart. Even with her recent passing at age ninety-six, she remains a twenty-first century global phenomenon commanding unrivalled respect and affection. Sealed off during the greatest peacetime emergency of modern times, she has stuck to her own maxim: "I have to be seen to be believed." Robert Hardman, one of Britain's most acclaimed royal biographers, now wraps up the full story of one of the undisputed greats in a thousand years of monarchy. Hardman distills Elizabeth's complex life into a must-read study of dynastic survival and renewal. It is a portrait of a world leader who remains as intriguing today as the day she came to the Throne at age twenty-five. With peerless access to members of the Royal Family, staff, friends, and royal records, *Queen of Our Times* brings fresh insights and scholarship to the modern royal story. There will be no more thorough, more readable, more original book on Elizabeth II as we celebrate a life and reign that, surely, will never be equaled.
