Brinegar, author of laugh-out-loud Texas whodunits... Riding into danger, one clue at a time. The wild west just

got cozier. At Blue Lagoon Cowboy Camp in the heart of Texas, twin sisters Samantha and Lizzie Brown are gearing up to teach a group of kids how to rope, ride, and embrace the cowboy way. But as the final preparations are being made, a chance discovery threatens the fabric of their idyllic small town. While scouting the campgrounds, the twins stumble upon a hidden cave...one that's not on any map. Deep inside the cavernous maze, they find more than just

adventure—they discover a frightened Dalmatian puppy standing guard over bags of cash, the spoils of a notorious armored car heist. But when they return with the sheriff, the money—and any trace of the crime—has vanished. With law enforcement convinced the report is nothing more than an elaborate prank, the twins are more determined than ever to uncover the truth. Samantha taps into her investigative skills as a local reporter, while Lizzie, a savvy assistant

to a private investigator, digs into the secret lives of their fellow camp counselors. Each clue leads them closer to unmasking a hidden criminal, but the deeper they go, the more perilous their search becomes. With the clock ticking and the camp set to open in less than twenty-four hours, can Samantha and Lizzie track down the hidden robber? Or will the secrets buried in the Blue Lagoon caves prove to be more than they can handle? *** Includes a bonus novella not found

The recurrent themes of the books in the Wilderness Mystery Series are natural phenomena—caves, canyons, mountains, sand dunes, and forests—and a sense of the past as seen through archaeology. In many of the narratives, events of long ago are seen to have left traces of their passing.

Notwithstanding the fact that the books were written in the 1950s, the progressive Franklin Folsom (alias Troy Nesbit) had refreshing views of women, Native Americans, and the environment, and he was prescient in having his characters often oppose corporate and government efforts to develop wilderness areas. *Dave Fearless and the Cave of Mystery* QED Publishing Two young boys, Adam and Gord, and their curious and charming

little sister, Molly, make it their mission to solve the mystery of the phantom ship while visiting their aunt and uncle's farm over Easter break. And how will the mysterious black cat help find clues for the children's search of the phantom ship? Will the children ever uncover the mystery that remains

about the phantom ship, and will they witness the terrifying and unnerving encounter that has left so many locals haunted? Why does the burning phantom ship rise from the depths of Chaleur Bay? Why do onlookers see fireballs flying through the sky from the burning three-masted ship and hear eerie screams echoing across the bay? Why can no one find the remains of the burning pirate ship? These are all questions that the three children in the story try to solve. The phantom ship

is very real. Thousands of people who live on both sides of Chaleur Bay (lying between Quebec's Gaspé Coast and Bathurst, New Brunswick) have witnessed this strange phenomenon and have been haunted by it ever since.
