One Hundred Times to China Hal Leonard Corporation Ann Copeland has lived a mountain of yesterdays as a teacher, fiction writer, vowed religious, wife, and mother. Throughout her rich and varied life, there has been one constant: Copeland's dedication to amateur music-making in its many forms — composing, playing, arranging, partnering, studying, and

improvising — and in its many possible settings—alone or with others; in chapels, living rooms, and schools; in locations foreign and domestic, intimate and exposed; in mental states anxious, playful, and grieving. This collection of spirited and engaging essays tells the story of a lifelong student and devotee of music who, looking back, sees that “years of making music offered release, challenge, solace, collaboration, glimpses of possibility, a perishable entrance into felt mystery, and the chance to create a gift with and for others.” With this book, Copeland is sharing that gift through the story of her life making music.

Pirate's Tarantella Univ. Press of Mississippi This critical biography chronicles both the actual travels and the philosophical meanderings of Talbot Mundy, one of the pioneers of the fantasy and adventure genre. Less celebrated than his contemporaries Rudyard Kipling and Joseph Conrad, Mundy was no less gifted when it came to the literary portrayal of faraway lands. He was one of the first Western writers to show an

appreciation of Eastern culture, and his writing became an outlet for his radical ideas on religion and philosophy. At the age of sixteen, Mundy left his native England to begin his life of adventure--a journey that took him from India to the Middle East to Tibet and finally to America, which became his adopted home. The American spirit of adventure matched Mundy's own, and it was here that he found a true audience for his work. This book explores Mundy's oeuvre--much of it set in exotic locales through which he himself had traveled--and considers both his novels and his lesser known writing, as well as his film and radio work. Books such as *Rung Ho!*, *King-of the Khyber Rifles*, *Caves of Terror*, *Purple Pirate* and *Tros of Samothrace* are discussed and placed within the framework of Mundy's life and philosophy. The final chapter evaluates the enduring value of his writings. Appendices include a comprehensive list of Mundy's works and a chronological listing by their original publication dates.
