Mother Daughter Widow Wife Ember
“The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of *Crazy Rich Asians*
Amy Tan’s beloved, New

York Times bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended Memoir* on Netflix. Four mothers, four daughters, four families whose histories shift with the four winds depending on who’s “saying” the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. “To despair

was to wish back for something already lost. Or to prolong what was already unbearable.” Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal

ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

After so many summers together, Emma, Jess, Megan, Becca, and Cassidy are reunited for one final hurrah before they go their separate ways. The plan is to spend their summer as counselors at Camp Lovejoy in a scenic, remote corner

Learn all about Cleopatra, a far more capable and powerful ruler than people have thought, in this lively and informative biography. Most of what we've known about Cleopatra—and what crept into art, film, and literature—came from her enemies, the Romans. Ascending to the throne at young age of 17, Cleopatra proved to be a brilliant negotiator who forged alliances that kept her in power and in control of her kingdom. This book about Egypt's last and most famous pharaoh features an inviting text, many sidebars, and excellent color illustrations: maps, photos of ancient artifacts, and artworks from many historical periods.

 The quest to save the words of a dying

language - and to find the words to save what may be a dying friendship - lies at the heart of this exquisite verse novel. Sixth grader Betsy is the one who informs her best friend, Lizard, that thousands of the world's languages are currently threatened by extinction; Betsy's mother is a linguistics professor working frantically to study dying languages before they are lost forever. But it is Lizard who, gripped by the magnitude of this loss, challenges Betsy, "What if, instead of WRITING about dying languages, like your mom, you and I SAVED one instead?" As the girls embark on their quest to learn as much as possible of the near-extinct language of Guernésiais (spoken on the Isle of Guernsey, off the coast of France), their friendship faces unexpected strains. With Lizard increasingly obsessed with the language project, Betsy begins to seek greater independence from her controlling and charismatic friend, as well as from her controlling and charismatic mother. Then tragedy threatens Betsy's life beyond what any words can express, and Lizard does something unthinkable. Maybe lost friendships, like lost languages, can never be completely saved. Diary of a Stage Mother's Daughter

Thomas Nelson

"A gorgeous memoir about mothers, daughters, and the tenacity of the love that grows between what is said and what is left unspoken."—Mira Jacob, author of *Good Talk* If our family stories shape us, what happens when we learn those stories were never true? Who do we become when we shed our illusions about the past? Maya Shanbhag Lang grew up idolizing her brilliant mother, an accomplished physician who immigrated to the United

States from India and completed her residency all while raising her children and keeping a traditional Indian home. Maya's mother had always been a source of support—until Maya became a mother herself. Then the parent who had once been so capable and attentive became suddenly and inexplicably unavailable. Struggling to understand this abrupt change while raising her own young child, Maya searches for answers and soon learns that her mother is living with Alzheimer's. Unable to remember or keep track of the stories she once told her daughter—stories about her life in India, why she immigrated, and her experience of motherhood—Maya's mother divulges secrets about her past that force Maya to reexamine their relationship. It becomes clear that Maya never really knew her mother, despite their close bond. Absorbing, moving, and raw, *What We Carry* is a memoir about mothers and daughters, lies and truths, receiving and giving care, and how we cannot grow up until we fully understand the people who raised us. It is a beautiful examination of the weight we shoulder as women and an exploration of how to finally set our

burdens down. Praise for *What We Carry* "Part self-discovery, part family history. . . [Lang's] analysis of the shifting roles of mothers and daughters, particularly through the lens of immigration, help[s] to challenge her family's mythology. . . . Readers interested in examining their own family stories . . . will connect deeply with Lang's beautiful memoir."—Library Journal (Starred Review) "A stirring memoir exploring the fraught relationships between mothers and daughters . . . astutely written and intense . . . [What We Carry] will strike a chord with readers."—Publishers Weekly "Lang is an immediately affable and honest narrator who offers an intriguing blend of revelatory personal history and touching insight."—BookPage

The complex, deeply binding relationship between mothers and daughters is brought vividly to life in Katie Hafner's

remarkable memoir, an exploration of the year she and her mother, Helen, spent working through, and triumphing over, a lifetime of unresolved emotions. Dreaming of a "year in Provence" with her mother, Katie urges Helen to move to San Francisco to live with her and Zoë, Katie's teenage daughter. Katie and Zoë had become a mother-daughter team, strong enough, Katie thought, to absorb the arrival of a seventy-seven-year-old woman set in her ways. Filled with fairy-tale hope that she and her mother would become friends, and that Helen would grow close to her exceptional granddaughter, Katie embarked on an experiment in intergenerational living that she would soon discover was filled with land mines: memories of her parents' painful divorce, of her mother's drinking, of dislocating moves back and forth across the country, and of Katie's own widowhood and bumpy recovery. Helen, for her part, was also holding difficult issues at bay. How these three women from such different generations learn to navigate their challenging, turbulent, and ultimately healing journey together makes for riveting reading. By turns heartbreaking

and funny—and always insightful—Katie Hafner's brave and loving book answers questions about the universal truths of family that are central to the lives of so many. Praise for *Mother Daughter Me* "The most raw, honest and engaging memoir I've read in a long time."—KJ Dell'Antonia, *The New York Times* "A brilliant, funny, poignant, and wrenching story of three generations under one roof, unlike anything I have ever read."—Abraham Verghese, author of *Cutting for Stone* "Weaving past with present, anecdote with analysis, [Katie] Hafner's riveting account of multigenerational living and mother-daughter frictions, of love and forgiveness, is devoid of self-pity and unafraid of self-blame. . . . [Hafner is] a bright—and appealing—heroine."—Cathi Hanauer, *Elle* "[A] frank and searching account . . . Currents of grief, guilt, longing and forgiveness flow through the compelling narrative."—Steven Winn, *San Francisco Chronicle* "A touching saga that shines . . . We see how years-old unresolved emotions manifest."—Lindsay Deutsch, *USA Today* "[Hafner's] memoir shines a light on nurturing deficits repeated through generations and will

lead many readers to relive their own struggles with forgiveness.”—Erica Jong, *People* “An unusually graceful story, one that balances honesty and tact . . . Hafner narrates the events so adeptly that they feel enlightening.”—Harper’s “Heartbreakingly honest, yet not without hope and flashes of wry humor.”—Kirkus Reviews “[An] emotionally raw memoir examining the delicate, inevitable shift from dependence to independence and back again.”—O: The Oprah Magazine (Ten Titles to Pick Up Now)

From the New York Times bestselling author of the Maggie Hope series comes a tantalizing standalone novel inspired by a real-life mother-daughter duo who stumble upon an underground Nazi cell in Los Angeles during the early days of World War II—and find the courage to go undercover. “Stirring . . . Susan Elia MacNeal’s page-turning prose is as entertaining as ever—I was riveted from beginning to end.”—Kate Quinn, author of

The Alice Network June 1940. France has fallen to the Nazis, and Britain may be next—but to many Americans, the war is something happening “over there.” Veronica Grace has just graduated from college; she and her mother, Violet, are looking for a fresh start in sunny Los Angeles. After a blunder cost her a prestigious career opportunity in New York, Veronica is relieved to take a typing job in L.A.—only to realize that she’s working for one of the area’s most vicious propagandists. Overnight, Veronica is exposed to the dark underbelly of her new home, where German Nazis are recruiting Americans for their devastating campaign. After the FBI dismisses the Graces’ concerns, Veronica and Violet decide to call on an old friend, who introduces them to L.A.’s anti-Nazi spymaster. At once, the women go undercover to gather enough information about the California Reich to take to the authorities. But as the news of Pearl Harbor ripples through the United States, and President Roosevelt declares war, the Grace women realize that the plots they’re investigating are far more sinister than they feared—and even a single misstep could cost them everything.

Inspired by the real mother-daughter spy duo who foiled Nazi plots in Los Angeles during WWII, *Mother Daughter Traitor Spy* is a powerful portrait of family, duty, and deception that raises timeless questions about America—and what it means to have courage in the face of terror.

Mother-daughter book clubs are a great way to encourage reading, bonding, and socializing among mothers, daughters, and their friends. But these clubs can do more than that, suggests educational psychologist and parenting coach Lori Day. They can create a safe and empowering haven where girls can freely discuss and navigate issues surrounding girlhood. In *Her Next Chapter*, Day draws from experiences in her own club and her expertise as an educator to offer a timely and inspiring take on mother-daughter book clubs. She provides overviews of eight of the biggest challenges facing girls today, such as negative body image, bullying, gender stereotypes, media sexualization, unhealthy relationships, and more, while weaving in carefully chosen book, movie, and media

recommendations; thoughtful discussion questions; and group activities and outings that extend and enrich conversations and make clubs fun. Her Next Chapter outlines

how mothers can use the magic of books to build girls' confidence and sense of possibility as leaders, allies, and agents of change. A list of further resources and

reflections and observations from Day's now-adult daughter, Charlotte, round out this indispensable resource for anyone who cares about, teaches, or works with girls.
