The Making of Juana of Austria Houghton
Mifflin Harcourt
Edited by art historian Noelia García Pérez,
this first-ever collection of essays on Juana
of Austria, the younger daughter of Holy
Roman Emperor Charles V and sister to
Philip II of Spain, offers an interdisciplinary
study of the Habsburg princess that

addresses her political, religious, and
artistic dimensions. The volume's
contextual framework shows her sharing
agency with other women of her dynastic
family who governed in the sixteenth
century and developed an outstanding
reputation for promoting artists and works
of art. The Making of Juana of Austria
demonstrates how Juana's role as a
leading patron of the arts offered her a
means of creating her own image, which
she then promulgated through the objects

she collected and her crowning
architectural endeavor, the Monastery-
Palace of the Descalzas Reales. Drawing
on early modern literature, archival
documents, and artworks, the essays in
this volume delineate a new portrait of
Juana of Austria. Contributors not only
highlight her multiple facets—princess of
Portugal, regent of Castile, and the only
female Jesuit in history—but also show her
as a discerning art patron and collector
who pursued an active role of patronage,

through which she constructed her own art collection and used it to articulate a visual statement of her lineage, power, and religious convictions. Her role as an art promoter culminated with the foundation of the Descalzas Reales and the works of art she collected and displayed within its walls. *The Making of Juana of Austria* offers a new perspective on female rule and patronage, exploring the achievements of a crucial figure in the history of art, court, and gender in early modern Europe. *Earthquake of November 10, 1922, Centered in Atacama Province, Chile, and Relief and Reconstruction Measures: Oct. 4-Dec. 1, 1922.- [2] Dec. 2, 1922-Apr. 7, 1923.- [3] Apr. 8, 1923-May 11, 1924*
BRILL

"The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is

especially strong in its biographical entries. These delve deeply into the history of men and women prominent in their eras who have since been largely forgotten - except by the historians, scholars"-- The Guardian, <https://www.theguardian.com/books/books-blog/2012/apr/10/encyclopedia-britannica-11th-edition>.
