*Consulting Interviews*  
Createspace Independent  
Publishing Platform  
The Case Interview  
Workbook contains 60  
case questions for  
management consulting  
interviews, with complete  
solutions. Every case is

compiled and edited by a  
team of ex-consultants  
from McKinsey &  
Company, the Boston  
Consulting Group, and  
Bain & Company. This  
book fills the gap left by  
others by providing you  
with plenty of high-quality  
cases to practice on  
before your interview.  
Many cases are from  
actual interviews at the  
top-tier firms and cannot

be found elsewhere. After  
working through this  
book, you will be prepared  
for every type of case  
question you may  
encounter: market sizing,  
estimation, operations,  
industry analysis, pricing,  
growth strategy,  
marketing, investment,  
M&A, market entry,  
customer segmentation,  
profitability, valuation,  
logic, issue identification,

cost analysis, market expansion, and brainteasers, to name a few. These cases will help you prepare for interviews at leading management consulting firms, including McKinsey & Company, The Boston Consulting Group, Bain & Company, Oliver Wyman, Strategy& (formerly Booz & Company), A.T. Kearney, Roland Berger, and L.E.K, as well as for consulting roles at large firms such as Accenture, Deloitte, PwC, EY, and KPMG. Note that is a workbook, designed to complement

other preparation books. You will have a hard time solving these cases without learning first elsewhere how to do so, e.g. which frameworks to use, how to use them, and how to structure a solution.

### **Case in Point**

Independently Published  
The use of complex graphs in case interviews has exploded. Interviewees have a very short time to look at the graph, analyze it, extract what is important and apply it to their answer. This book was designed to

help understand the role of graphs in consulting (both during an interview and on the job). The authors introduce the Ivy Graph Framework to assist the analysis of graphs during interviews. In addition the book provides ten sophisticated cases with numerous graphs per case.  
The Case Interview: 20 Days to Ace the Case  
Createspace Independent Publishing Platform  
How many pizzas are delivered in Manhattan?  
How do you design an alarm clock for the blind?

What is your favorite piece of software and why? How would you launch a video rental service in India? This book will teach you how to answer these questions and more. Cracking the PM Interview is a comprehensive book about landing a product management role in a startup or bigger tech company. Learn how the ambiguously-named "PM" (product manager / program manager) role varies across companies, what experience you need, how to make your

existing experience translate, what a great PM resume and cover letter look like, and finally, how to master the interview: estimation questions, behavioral questions, case questions, product questions, technical questions, and the super important "pitch."

### **The Ultimate Case Interview Workbook**

Wetfeet

If you are interviewing with a company, you are likely qualified for the job. Through the mere action of conducting the interview, the employer

essentially implies this. So why is it difficult to secure the job you love? Because there are three reasons you actually get the job none of which are your qualifications and, unfortunately, you can only control one of them. INTERVIEW INTERVENTION creates awareness of these undetected reasons that pose difficulty for the job-seeker and permeate to the interviewer, handicapping the employers ability to secure the best talent. It teaches interview participants to use

effective interpersonal communication techniques aimed at overcoming these obstacles. It guides job-seekers through the entire interview process to ensure they get hired. It teaches interviewers to extract the most relevant information to make sound hiring decisions.

INTERVIEW INTERVENTION will become your indispensable guide to: ? Create self-awareness to ensure you understand the job you want before not after the fact. ? Conduct research to

surface critical employer information. ? Share compelling stories that include the six key qualities that make them believable and memorable. ? Respond successfully to the fourteen most effective interview questions. ? Sell yourself and gather intelligence through effective question asking. ? Close the interview to ensure the interviewer wants to hire you.

*Vault Guide to the Case Interview* Simon and Schuster  
Mastering the Case

Interview outlines the essential interview principles and identifies strategies you can use to master the case analysis. It offers an overview of the most common types of problems given in case interviews, outlines a framework for approaching each type of case, and provides a variety of case interview examples. In addition, this book offers detailed advice on how to manage the interview process: it includes specific interview guidelines, provides sample questions and

answers, and outlines practical strategies on how to ace the case interview.

Decode and Conquer

McGraw Hill Professional

"If more business books were as useful, concise, and just plain fun to read as THE MCKINSEY WAY, the business world would be a better place." --Julie Bick, best-selling author of ALL I REALLY NEED TO KNOW IN BUSINESS I LEARNED AT MICROSOFT. "Enlivened by witty anecdotes, THE MCKINSEY WAY contains valuable lessons on widely diverse

topics such as marketing, interviewing, team-building, and brainstorming." --Paul H. Zipkin, Vice-Dean, The Fuqua School of Business  
It's been called "a breeding ground for gurus." McKinsey & Company is the gold-standard consulting firm whose alumni include titans such as "In Search of Excellence" author Tom Peters, Harvey Golub of American Express, and Japan's Kenichi Ohmae. When Fortune 100 corporations are stymied, it's the "McKinsey-ites"

whom they call for help. In THE MCKINSEY WAY, former McKinsey associate Ethan Rasiel lifts the veil to show you how the secretive McKinsey works its magic, and helps you emulate the firm's well-honed practices in problem solving, communication, and management. He shows you how McKinsey-ites think about business problems and how they work at solving them, explaining the way McKinsey approaches every aspect of a task: How McKinsey recruits

and molds its elite consultants; How to "sell without selling"; How to use facts, not fear them; Techniques to jump-start research and make brainstorming more productive; How to build and keep a team at the top its game; Powerful presentation methods, including the famous waterfall chart, rarely seen outside McKinsey; How to get ultimate "buy-in" to your findings; Survival tips for working in high-pressure organizations. Both a behind-the-scenes look at

one of the most admired and secretive companies in the business world and a toolkit of problem-solving techniques without peer, THE MCKINSEY WAY is fascinating reading that empowers every business decision maker to become a better strategic player in any organization.

### **Case in Point 10**

BalboaPress Consulting recruiters use the case interview as a primary means of evaluating interviewees. The sixth book in WetFeets popular Ace

Your Case guide provides 15 more case questions to help consulting hopefuls sharpen their case-cracking skills.

### **Hacking the Case**

**Interview** Wetfeet.Com Crack the Case System is a complete training program, covering every aspect of the infamous "case interview" favored by top management consulting firms and a growing number of Fortune 500 companies. David Ohrvall's step-by-step approach combines practical instruction on structuring, analytics and

communication, as well as insider tips and insights gained from training thousands of candidates. CTCS includes over 150 bonus videos on [mbacase.com](http://mbacase.com), 42 practice cases, homework and drills. About the author: David Ohrvall is the global expert on the topic of case interviews. A dynamic and sought-after speaker, he trains several thousand MBAs and undergraduates each year at premiere business schools around the world, including Wharton, Stanford, Harvard

Business School, Chicago Booth, Duke's Fuqua School of Business, INSEAD, Oxford and Cambridge. David also has an extensive private coaching practice that has helped launch hundreds of candidates into consulting, venture capital, and a variety of industries. David is a former management consultant (Bain & Company), and a graduate of the Wharton School (MBA & undergrad). Learn more about David at [www.mbacase.com](http://www.mbacase.com).

### **The Consulting Interview Bible**

CreateSpace  
Embrace the Case Interview walks you through each step on the path to your dream consulting job as described by a former management consultant who conducted over 100 interviews for a top-tier firm. First, we cover how to get the interview including how to be memorable when speaking with firms prior to the interview and how to write a killer resume and cover letter. Second,

we cover the behavioral part of the interview. Often overlooked, the behavioral part of the interview covers your personal experiences and is often just as valuable as the case interview. We discuss the traits interviewers are looking for and how to answer their questions in a structured way. Third, we take an in-depth look at the case interview itself. Unlike books that focus on segmenting cases and applying frameworks, you will learn a single, flexible structure that you will

apply to any case with deadly effectiveness. In addition to structuring the case, you will learn approaches for the cases' other parts including qualitative questions, quantitative problems, exhibit analysis, and synthesis. Embrace the Case Interview places a strong emphasis on the quality of your learning rather than just doing hundreds of cases. As such, each example case contains an in-depth discussion of the text book answer to help you improve. For more

information, please visit [embracethecaseinterview.com](http://embracethecaseinterview.com). Enjoy the book and best of luck in your upcoming interviews!

**Mastering the Case Interview** Ace Your Case! Featuring the Ivy Case System - including a section on government and nonprofit cases.

**Score Higher on the UCAT** CreateSpace Case Master is a curated collection of thoughtful practice cases for consulting which will enable you to get a competitive edge for your upcoming case interviews.

Case Master cases are all made to the highest standard and are custom-designed for optimal preparation and achieving mastery of all the core skills for case interviews: analysis, synthesis, calculation, estimation, and creativity. Maximizing the breadth and depth of your learning, Case Master is the only resource to offer concept-driven cases, challenging blindspots, "guesstimateable" axis variables, customizable case difficulty, and handy case kits for partner

practice. Alone or with a practice partner, with Case Master you will scrutinize all fundamental case types (profit-and-loss, sales growth, market entry, investment, and counter-competition) and you will learn: 1 set of universal business categories applicable to any consulting case, 2 meanings of "positioning" and 3 meanings of "push vs. pull," 4 types of economic inputs and outputs, 10 trending concepts to expand your problem-solving toolkit, 40 essential business

metrics and terms, and much more at Case Master Club online. Whether you are a graduate student or an experienced professional seeking to break into strategy consulting, Case Master will be an investment into your professional future and will help you develop higher levels of both competence and confidence. Go beyond the resources that competing contenders already know and dare to become a Case Master. **Case Interview Secrets**

### **Ace Your Case III**

Wetfeet

Top consulting firms like McKinsey, BCG, and Bain only hire about 1% of their job applicants.

Becoming a management consultant is difficult, but it is possible if you use a proven approach at each stage of the

process. Cracking Case

Interviews is a

comprehensive "one-stop shop" for landing a job in consulting. This book will help you: Write the

perfect consulting resume and cover letter that gets

multiple interview invitations from top consultancies Learn the 7 different parts of a case interview and exactly what you need to do in each step Master maths tips and tricks to solve market sizing and other case interview questions quickly and accurately Discover the most commonly used frameworks in consulting and how you can use them for inspiration, without over-relying on them Practice with 5 full-length sample cases that are based on McKinsey,

BCG, and Bain case interviews Prepare answers to behavioural interview questions, like "Why consulting?", "Why McKinsey?", or "Tell me about a time you led a team." Max Serrano and Jonathon Yarde are former consultants and instructors at IGotAnOffer, the #1 website for case interview preparation, which has helped place over 2,000 applicants in consulting careers since 2015. This book translates the countless hours the authors have spent coaching undergraduates,

MBA, PhD, MD, JD, and experienced hires on their consulting applications.

every GRE-related document available. Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test. We invented test prep—Kaplan ([www.kaptest.com](http://www.kaptest.com)) has been helping students for almost 80 years. Our proven strategies have helped legions of students achieve their dreams. **Cracking the PM Interview** Tycho Press Consulting frameworks are what consultants use to frame a problem as

well as its solution. Consulting is a specialty of problem solving, and these frameworks act as shortcuts to problem solving. It doesn't mean that they are exclusive to consulting! anyone can learn them to help improve their problem solving skills! For the ones interested in joining consulting, practicing 1000 cases doesn't help if you don't use a framework consistently. Therefore a better approach for preparation is to understand and memorize the frameworks

followed by a few cases only to store the framework in your long-term memory. Many applicants practice cases for months and then are surprised that the cases during the interview are not similar. I don't need to belabor this point too much--you get it. Learn how to think with frameworks rather than brute force your way through an unhealthy amount of cases. If you want practice cases, most if not all consulting firms offer their own cases online and for free. Those

are more than enough to practice. The Concise Reads Business Success series is a collection of short reading material that highlights important concepts in business education that every student, business owner, and entrepreneur should know from accounting and incorporating, to building a robust business plan and managing operations. We hope you enjoy Peter's easy to read explanations. The affordable pricing makes this series available to anyone willing to learn

and the concise aspect makes it so it does not take more than a single day to learn or a single weekend to master. Good luck and please review the book when you're done so that others could see the value derived from this affordable series. Thank you for your interest and happy concise reading!
