SHERLYN BRAUN

The Orpheus Plot Simon & Schuster Books for Young Readers

In Cottons, rabbits and foxes inhabit a world where magic, technology, and art are used as weapons of war. Written by Jim Pascoe, with bold illustrations from Heidi Arnhold. To her neighbors in the Vale of Industry, Bridgebelle is an ordinary rabbit. All day long, she toils at the carrot factory. After a hard day, she returns home to care for her ailing auntie. And whenever she's out, she's watchful of the murderous foxes who prey on her kind. But Bridgebelle is not ordinary—she's a rabbit with talents beyond her own understanding. Using cha, the mysterious fuel that powers her world, she can change everyday objects into thokchas—magical, transforming works of art. Bridgebelle makes thokchas because they're beautiful. But there are those in her world who want to harness her powers and turn her art into a weapon.

Eva Nine was raised by the robot Muthr. But when a marauder destroys the underground sanctuary she called home, twelve-year-old Eva is forced to flee aboveground. Eva Nine is searching for anyone else like her. She knows that other humans exist because of a very special item she treasures ~ a scrap of cardboard on which is depicted a young girl, an adult, and a robot along with the strange word "WondLa". Tony DiTerlizzi honours traditional children's literature in this totally original space age adventure: one that is as complex as an alien planet, but as simple as a child's wish for a place to belong.

The Broken Ornament Simon and Schuster

Harmless camp pranks can quickly spiral out of control, but they also provide a perfect opportunity for two social outcasts to overcome and triumph. A boy and a girl are stripped and marooned on a small island for the night. They are the "goats." The kids at camp think it's a great joke, just a harmless old tradition. But the goats don't see it that way. Instead of trying to get back to camp, they decide to call home. But no one can come and get them. So they're on their own, wandering through a small town trying to find clothing, food, and shelter, all while avoiding suspicious adults—especially the police. The boy and the girl find they rather like life on their own. If their parents ever do show up to rescue them, the boy and the girl might be long gone. . . . The Goats is a 1987 New York Times Book Review Notable Children's Book of the Year.

Jimmy Zangwow's Out-of-This-World Moon-Pie Adventure Farrar, Straus and Giroux (BYR)

The Guardians' powers are put to the ultimate test in their final battle in this thrilling conclusion to the epic chapter book series from William Joyce. When we last saw the Guardians, they were celebrating their victory during Bright Night, the final great Battle of the Moon, where they defeated Pitch once and for all. Or so they thought. Now, many years later, the Guardians have settled into their final selves, embracing their public images and the Earth Holidays. But the world has not been without evil since Pitch's imprisonment. All the Guardians feel the weight of lurking menace, but Jack Frost—now half human, half of his former self Nightlight—feels it the most. Jack's transition from Nightlight to Guardian was not an easy one. Always inclined to keep to himself, Jack has become especially isolated from the other Guardians since his transformation. Yet it is Jack who Ombric Shalazar (once a great wizard, now known as Father Time) trusts with a tremendous secret. But for Jack to fully understand this secret, he must revisit his past—and finally tell his story. Jack's story, however, isn't the only one to be reopened; an old enemy whose chapter we thought closed will reappear and with him bring a darkness and destruction that will test the Guardians like never before. It's a battle of superlatives—the worse fighting the greatest, but where, oh where, is Jack?

A Hero for WondLa Simon & Schuster Books for Young Readers

In the grand tradition of Patrick O'Brian, this new installment in Julian Stockwin's epic Napoleonic-era naval adventure series re-creates one of history's most notorious naval insurrections. With all the wind-whipped passion and salty authenticity that only a veteran naval lieutenant commander could bring to the fiction table, bestselling author Julian Stockwin continues the acclaimed saga of seaman Thomas Paine Kydd as he takes on the most perilous venture of his career. The year is 1797. Kydd has been at sea four long, hard years, ever since he was pressed into service. Despite that inauspicious start to his naval career, he has learned to love his life aboard ship. It's in his blood. It's in his soul. Having now risen to the rate of master's mate, Kydd volunteers to join the crew of the frigate Bacchante in a mission to rescue a British diplomat mired in the hostilities of Napoleon's siege of Venice. The city is surrounded. It will soon fall to Napoleon, and the diplomat will be trapped unless Kydd and the men from Bacchante can help him escape. Stockwin's rousing narrative follows Kydd and his mysterious seafaring mate Nicholas Renzi across the Mediterranean to a rendezvous with danger, and then back toward an even greater challenge -- a harrowing fleet mutiny. As the king's loyal servant, Kydd must decide whether to join his shipmates in their uprising. The cause is just -- sailors' pay has not been raised for a century and a half! But to mutiny is to commit the ultimate treason against king and country. Will Kydd honor his pledge to his sovereign lord, or will he stand by his friends? Kydd faces the most difficult decision of his life in this richly nuanced novel from a master storyteller whose naval expertise and love for the sea shine through on every page.
