"Who am I?" wonders Shark Baby. When his "mermaid's purse" egg case is torn loose in a storm, he finds himself on a journey through different ocean habitats: kelp forests, coral reefs, and seagrass meadows. He learns what kind of shark he isn't, but not what kind he is. He needs to find the "mermaid" to learn where he belongs, but the ocean is big and full of dangers. Will he find out who he is--and what he can do--in time?

La científica de tiburones galardonada como una de las 30 menores de 30 de Forbes en 2021 entre otros honores y mundialmente reconocida Melissa Cristina Márquez se une a la premiada ilustradora Devin Elle Kurtz para crear un impactante libro ilustrado que explora el viaje personal de Melissa desde su inquisitive niñez y amor hacia el océano en Puerto Rico hasta ser llamada la Madre de los Tiburones. A medida que el sol se pone sobre otro hermoso día en la Playita Del Condado en Puerto Rico,

Meli no quiere irse a casa. Le encanta el océano más que nada, y con solo cinco minutos de playa sabe exactamente dónde debería estar su última parada: las pozas de marea. Son pequeños universos llenos de vida y criaturas marinas. Mientras mira dentro de las pozas, se encuentra con un cangrejo, Jaiba, que la lleva a una aventura submarina de ensueño, le enseña sobre la importancia de la conservación de los tiburones y revela el destino final de Meli: convertirse en la “Madre de los Tiburones”. Mezclando lo autobiográfico con lo fantástico, Melissa Cristina Márquez comparte su increíble travesía no sólo para disipar mitos sobre estas criaturas incomprendidas sino también para allanar el camino para que las latinas despunten en STEM. Combinado con las vibrantes y emotivas ilustraciones de Devin Elle Kurtz, este libro es un viaje irresistible a través de las maravillas del océano y, sobre todo, un grito de Guerra por la conservación marina.
