STONE BUCKLEY

A Dictionary of Modern Legal Usage Oxford University Press, USA

A guide to proper American English word usage, grammar, pronunciation, and style features examples of good and bad usage from the media.

A Dictionary of Modern English Usage Oxford University Press

A comprehensive guide to legal style and usage, with practical advice on how to write clear, jargon-free legal prose. Includes style tips as well as definitions.

Dictionary of Legal Terms: Definitions and Explanations for Non-Lawyers Oxford University Press

Focusing on the argumentative, narrative, and descriptive style found in legal briefs and judicial opinions, this text should be a thought provoking examination of effective argumentation in law.

A Dictionary of Sociology West Legalworks

Considered the most valuable reference tool available to the legal community, Black's Pocket

Dictionary provides more than 13,000 clear, concise, and precise definitions. The essential companion dictionary to the Standard edition and as a stand-alone tool, Black's Pocket Dictionary also includes a dictionary guide and the complete U.S. Constitution. Black's is cited by judges and lawyers more than any other legal dictionary, comes recommended by law faculty, and is available in the pocket format and a variety of other useful editions.

A Dictionary of Modern and Contemporary Art Oxford University Press

Containing more than 5,000 quotations from authors as diverse as Bertolt Brecht, George W. Bush, Homer Simpson, Carl Sagan, William Shatner, and Desmond Tutu, the dictionary is organized alphabetically by author, with generous cross-referencing and keyword and thematic indexes. This new edition features more than 500 new quotations and 187 new authors. The book includes special sections featuring quotations from cartoons, films, political slogans, famous last words, misquotations, official advice, newspaper headlines and more.

The Winning Brief: 100 Tips for Persuasive Briefing in Trial and Appellate Courts West Group Publishing

The Dictionary of Modern American Philosophers includes both academic and non-academic philosophers, and a large number of female and minority thinkers whose work has been neglected. It includes those intellectuals involved in the development of psychology, pedagogy, sociology, anthropology, education, theology, political science, and several other fields, before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings, and suggestions for further reading. While all the major post-Civil War philosophers are present, the most valuable feature of this dictionary is its coverage of a huge range of less well-known writers, including hundreds of presently obscure thinkers. In many cases, the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought.

Mellinkoff's Dictionary of American Legal Usage Sourcebooks, Inc.

The authoritative guide to using the English language effectively, from "the greatest writer on

grammar and usage that this country has ever produced” (David Yerkes, Columbia University). The author of The Chicago Manual of Style’s popular “Grammar and Usage” chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With The Chicago Guide to Grammar, Usage, and Punctuation, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. The Chicago Guide to Grammar, Usage, and Punctuation is a magisterial work, the culmination of Garner’s lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. “[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it.”—John E. McIntyre, Baltimore Sun

A comprehensive guide to legal style and usage, with practical advice on how to write clear, jargon-free legal prose. Includes style tips as well as definitions.

Reading Law OUP Oxford

A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they are concise, focused, and up to date. Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media, terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers.

Modern Legal Drafting Oxford University Press, USA

Fowler’s Concise Dictionary of Modern English Usage is an invaluable quick-reference work, providing clear, practical and up-to-date guidance on questions of grammar, spelling, style, and word choice. Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and concerns of the 21st century.

[A Dictionary of Modern Legal Usage](#) Oxford : Clarendon Press

This book provides a comprehensive guide to the essential rules of legal writing. Unlike most style or grammar guides, it focuses on the special needs of legal writers, answering a wide spectrum of questions about grammar and style -- both rules and exceptions. It also gives detailed, authoritative advice on punctuation, capitalization, spelling, footnotes, and citations, with illustrations in legal context. Designed for law students, law professors, practicing lawyers, and judges, the work emphasizes the ways in which legal writing differs from other styles of technical writing. Its how-to sections deal with editing and proofreading, numbers and symbols, and overall document design. Features: * Cautions on use of 500 stuffy phrases and needless legalisms, along with their everyday English translations * Details rules for 800 words with required prepositions in certain contexts * Explains the correct usage of more than 1,000 words that are often troublesome to legal writers * Gives tips on preparing briefs and other court documents, opinion letters and demand letters, research memos, and contracts * Provides model documents of all types of legal documents and pleadings Reviews 200 terms of art that take on new meanings in legal contexts

Oxford English Dictionary Wipf and Stock Publishers

In this new and challenging millennium, people have an enhanced interest in effectively relating to others, learning about innovative technological advances, and improving their communication skills. The Fifth Edition of "Modern Dictionary for the Legal Profession" contains more than 10,000

terms which have been carefully selected to help the reader achieve these goals which are essential for success in the always-intriguing legal arena. This dictionary also provides a source for definitions of terms not easily located in other reference works. Emphasis is placed on modern terminology, including slang and colloquial references, rather than on purely historical concepts. Certain legal terms are occasionally included when they are appropriate to a complete understanding of other terms. All constituents of the legal profession, including attorneys, judges, professors, students, paralegals, legal secretaries and researchers, will benefit from this reference work in broadening and enhancing their understanding of this ever-changing world.--Publisher. *The Oxford Dictionary of Modern Slang* Oxford University Press, USA Since the 1987 appearance of A Dictionary of Modern Legal Usage, Bryan A. Garner has proved to be a versatile and prolific writer on legal-linguistic subjects. This collection of his essays shows both profound scholarship and sharp wit. The essays cover subjects as wide-ranging as learning to write, style, persuasion, contractual and legislative drafting, grammar, lexicography, writing in law school, writing in law practice, judicial writing, and all the literature relating to these diverse subjects.

The Essential Law Dictionary New York : Oxford University Press

Good legal writing wins court cases. In its first edition, *The Winning Brief* proved that the key to writing well is understanding the judicial readership. Now, in a revised and updated version of this modern classic, Bryan A. Garner explains the art of effective writing in 100 concise, practical, and easy-to-use sections. Covering everything from the rules for planning and organizing a brief to openers that can capture a judge’s attention from the first few words, these tips add up to the most compelling, orderly, and visually appealing brief that an advocate can present. In Garner’s view, good writing is good thinking put to paper. "Never write a sentence that you couldn't easily speak," he warns-and demonstrates how to do just that. Beginning each tip with a set of quotable quotes from experts, he then gives masterly advice on building sound paragraphs, drafting crisp sentences, choosing the best words ("Strike pursuant to from your vocabulary."), quoting authority, citing sources, and designing a document that looks as impressive as it reads. Throughout, he shows how to edit for maximal impact, using vivid before-and-after examples that apply the basics of rhetoric to persuasive writing. Filled with examples of good and bad writing from actual briefs filed in courts of all types, *The Winning Brief* also covers the new appellate rules for preparing federal briefs. Constantly collecting material from his seminars and polling judges for their preferences, the second edition delivers the same solid guidelines with even more supporting evidence. Including for the first time sections on the ever-changing rules of acceptable legal writing, Garner’s new edition keeps even the most seasoned lawyers on their toes and writing briefs that win cases. An invaluable resource for attorneys, law clerks, judges, paralegals, law students and their teachers, *The Winning Brief* has the qualities that make all of Garner’s books so popular: authority, accessibility, and page after page of techniques that work. If you’re writing to win a case, this book shouldn’t merely be on your shelf--it should be open on your desk.

Garner’s Dictionary of Legal Usage Wipf and Stock Publishers

Painstakingly researched with copious citations from books, newspapers, and news magazines, this new edition has become the classic reference work praised by professional copy editors.

Nino and Me Oxford University

With more than a thousand new entries and more than 2,300 word-frequency ratios, the magisterial fourth edition of this book--now renamed Garner’s Modern English Usage (GMEU)--reflects usage lexicography at its finest. Garner explains the nuances of grammar and vocabulary with thoroughness, finesse, and wit. He discourages whatever is slovenly, pretentious, or pedantic. GMEU is the liveliest and most compulsively readable reference work for writers of our time. It delights while providing instruction on skillful, persuasive, and vivid writing. Garner liberates English from two extremes: both from the hidebound "purists" who mistakenly believe that split infinitives and sentence-ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available. In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources. No other resource provides as comprehensive, reliable, and empirical a guide to current English usage. For all concerned with writing and editing, GMEU will prove invaluable as a desk reference. Garner illustrates with actual examples, cited with chapter and verse, all the linguistic blunders that modern writers and speakers are prone to, whether in word choice, syntax, phrasing,

punctuation, or pronunciation. No matter how knowledgeable you may already be, you’re sure to learn from every single page of this book.

A Handbook of Family Law Terms Oxford University Press, USA

The Oxford English Dictionary is the internationally recognized authority on the evolution of the English language from 1150 to the present day. The Dictionary defines over 500,000 words, making it an unsurpassed guide to the meaning, pronunciation, and history of the English language. This new upgrade version of The Oxford English Dictionary Second Edition on CD-ROM offers unparalleled access to the world’s most important reference work for the English language. The text of this version has been augmented with the inclusion of the Oxford English Dictionary Additions Series (Volumes 1-3), published in 1993 and 1997, the Bibliography to the Second Edition, and other ancillary material. System requirements: PC with minimum 200 MHz Pentium-class processor; 32 MB RAM (64 MB recommended); 16-speed CD-ROM drive (32-speed recommended); Windows 95, 98, Me, NT, 200, or XP (Local administrator rights are required to install and open the OED for the first time on a PC running Windows NT 4 and to install and run the OED on Windows 2000 and XP); 1.1 GB hard disk space to run the OED from the CD-ROM and 1.7 GB to install the CD-ROM to the hard disk; SVGA monitor: 800 x 600 pixels: 16-bit (64k, high color) setting recommended. Please note: for the upgrade, installation requires the use of the OED CD-ROM v2.0.

The Oxford dictionary of American usage and style Oxford University Press

In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich? Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is textualism? Why is strict construction a bad thing? What is the true doctrine of originalism? And which is more important: the spirit of the law, or the letter? The authors write with a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.

[A Dictionary of Modern Legal Usage](#) West Publishing Company

The most original and authoritative voice of today’s English lexicography presents a fully revised new edition of his beloved usage dictionary When Bryan Garner published the first edition of A Dictionary of Modern American Usage in 1999, the book quickly became one of the most influential style guides ever written for the English language. After four previous editions and over twenty years, our language has evolved in many ways, and the powerful tool of big data has revolutionized lexicography. This extensively revised new edition fully captures these changes, featuring a thousand new entries and over two hundred replacement entries, thoroughly updated usage data and ratios on word frequency based on the Google Ngram Viewer, a more balanced coverage of World Englishes, not just American and British, and the inclusion of gender-neutral language. However, one thing has not changed: in no sense is this a regular dictionary but a masterpiece of lexicography written with wit and personality by one of the preeminent authorities on the English language. To put it in David Foster Wallace’s words, Garner’s discussion of rhetoric and style still borders on genius. From the (lost) battle between self-deprecating and self-deprecating to the misuse of it’s for its, from the variant spelling patty-cake taking over pat-a-cake in American English to the singular uses of they, Garner explains the nuances of grammar and vocabulary and the linguistic blunders to which modern writers and speakers are prone, whether in word choice, syntax, phrasing, punctuation, or pronunciation. His empirical approach liberates English from two extremes: from the purists who maintain that split infinitives and sentence-ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The purpose of Garner’s dictionary is to help writers, editors, and speakers use the language effectively. And it does so in a playful and persuasive way that will help you sound grammatical but relaxed, refined but natural, correct but unpedantic.

[Garner’s Modern English Usage](#) HarperCollins

Bryan A. Garner, an editor, academic and practicing lawyer, has written an accessible, authoritative, and up-to-date guide that will help anyone in the legal thicket to write better. "The most extensive resources available for legal word usage".--Library Journal.
