No other cycle of Josef
Sudek's photos depicts
the artist's beloved city as
a record of many Prague
localities as nostalgic
witnesses to the passage
of time. The elongated
format of his photographs
enabled him not only to
command a truly
panoramic view of
Prague: he himself was
probably surprised by the
resultant optic
deformations whose
distinctly expressive tinge
offered by his old Kodak
camera provided him with
a golden opportunity of
evoking--in his unique

style--the rendition of
various forms by his older
friends--Czech cubists.--

Karlheinz Weinberger's
day job may have been
relatively uneventful--
working in a Siemen's
warehouse--but the
photos he took in his
spare time are anything
but conformist.

Weinberger's passion, and
the focus of this book, is
the rebel youth of 1950s
and '60s Switzerland, who
channeled American rock-
'n'-roll culture and made it
their own with their rolled-
up jeans and denim
jackets, bouffant hairdos,
striped T-shirts and
customized belts boasting
images of Elvis and James
Dean. Weinberger's lusty,
free-spirited and self-
confident portraits posit
the defiant attitude of
youth as a response to
the conservative postwar
era. Swiss Rebels also
includes homoerotic
images of rockers, bikers,
construction workers and
athletes, many of whom
occupy positions outside
of social norms. This
publication is the first to
present an overview of
Weinberger's provocative
oeuvre. Born in 1921,
Karlheinz Weinberger was
a Swiss photographer

whose work
predominantly explored
outsider cultures.
Between 1943 and 1967
Weinberger published
photos of male workers,
sportsmen and bikers in
the gay magazine *Der
Kreis* under the
pseudonym of Jim, taken
from Hanns Eisler's song
"The Ballad of Jim." In the
late '50s and early '60s he
concentrated on Swiss
rock-'n'-roll youth, whom
he photographed with
both tenderness and a
hint of irony. Weinberger
placed little emphasis on
exhibiting his work; his
first comprehensive show
took place only in 2000,
six years before his death.

Boldly go and explore the ally and enemy ships encountered by the Federation in the Alpha and Beta Quadrants in the newest Star Trek Shipyards book. The

popular Star Trek Shipyards series continues with detailed looks at ships from the Alpha and Beta Quadrants as seen in Star Trek: The Next Generation, and Star Trek: Deep Space Nine. First up? Ships of the Breen, Cardassians, and those pesky Ferengi. Each featured ship is profiled with technical details, in-universe operational history, and illustrated with plan-view CG renders, wherever possible utilizing the original VFX models created for the Star Trek shows and features from across the franchise's remarkable 55 years. This volume includes more than 40 ships, including the Anaxar cargo vessel, the Breen Warship, the Cardassian Bok'Nor, Cardassian military freighter, the Ferengi shuttle, the Gorn warship, the Husnok warship and the Jem'Hadar battle cruiser.

Das 1983 begründete interdisziplinäre Jahrbuch EXILFORSCHUNG widmet sich der Erforschung der Bedingungen, Erscheinungsformen und kulturellen Reflexionen des Exils. Der Begriff, der historisch die Verbannung einzelner meinte, wird programmatisch für die Untersuchung der für das 20. und 21. Jahrhundert charakteristischen Massenvertreibungen verwendet. Damit wird eine Perspektive auf die Besonderheiten der Zwangsmigration, ihrer Erfahrungsdimensionen und kulturellen Artikulationen eingenommen. Das Kernthema Flucht und Exil infolge der nationalsozialistischen Diktatur wird mit der Erforschung anderer, auch gegenwärtiger Exile verbunden. Indem das historische Exil als transnationales Geschehen in den Blick gerückt wird, das nicht auf eine Verlustgeschichte reduziert werden kann, sondern vielfältige Vernetzungen und Transferprozesse initiiert hat, ergeben sich Bezüge zu aktuellen Flucht- und Exilerfahrungen und deren globalen Dimensionen und Implikationen. Das Jahrbuch gibt Raum für

Untersuchungen zur Verschränkung oder Entflechtung von politischen und kulturellen Aspekten der Zugehörigkeit sowie zur Erinnerungskultur und ihren institutionellen Verortungen.

Studio photography is a

common career path for aspiring photographers and students but the professional and commercial nature of the field makes it a challenging area to break into. Whilst other introductory books on the subject are often bogged down with too much technical detail or too many 'show-off' shots, *Studio Photography: Essential Skills* offers a practical and accessible guide to the fundamental techniques for successful studio photography. Whether photographing a person or a product, you need control over the light, mood and look to arrive at the perfect result for a particular assignment. This book takes a commercial and creative approach and considers the important elements of lighting, exposure, capture, art direction and the studio setting to ensure a successful shoot. With a clearly structured learning approach and a wide variety of activities and assignments to inspire and engage you, this is an informative, stimulating guide to the basics. Broaden your skills and increase your earning potential with *Studio Photography: Essential Skills!*

Love in the Big City Douglas & McIntyre Ein Motorrad ist weitaus mehr als nur ein Vehikel, um von A nach B zu gelangen. Motorräder symbolisieren Freiheit, Individualität und Leidenschaft. Jeder Motorradfahrer ist stolz auf seine Maschine und möchte sie stets im besten Licht erscheinen lassen. Dieses Buch richtet sich an zwei Zielgruppen: zum einen an Fotografen, welche sich die Motorradfotografie erarbeiten möchten, zum anderen an Motorradfahrer, die bessere Bilder von ihren Maschinen aufnehmen wollen, aber nicht unbedingt über das nötige fotografische Vorwissen verfügen. In diesem Buch wird umfassend beschrieben, wie man Motorräder fotografiert und worauf dabei zu achten ist. Im Zentrum stehen drei Hauptszenarien: Motorräder fotografieren on Location (z.B. in der Stadt oder vor einer interessanten Landschaft oder Kulisse), im Studio und in Bewegung. Weitere Kapitel behandeln das Organisieren und Durchführen von Motorradshootings, das Fotografieren von

Modellen und das Fotografieren auf Motorradtouren. Ein besonderer Schwerpunkt ist der gekonnte Einsatz von Blitzlicht, welcher oft den entscheidenden Unterschied ausmacht, wenn das Motorrad wirkungsvoll in Szene gesetzt werden soll. Der Leser lernt den Umgang mit natürlichem sowie künstlichem Licht, wie ein Motorradshooting organisiert, ein Motorrad bei der Aufnahme am besten positioniert oder eine geeignete Location gefunden wird. Mithilfe von insgesamt neunzehn Trainings und zahlreichen Tipps kann der Leser das Gelernte sofort in die Praxis umsetzen. Aus dem Inhalt: - Die Ausrüstung - Grundlagen der Belichtung - Motorradporträts on Location - Studiofotografie - Motorräder in Bewegung - Motorradshootings planen und durchführen - Reisefotografie - Modelle fotografieren - Die Bilderflut beherrschen: Organisieren, nachbearbeiten, präsentieren, archivieren

A massive, long-overdue retrospective on the multimedia image critique of Hito Steyerl, influential

artist and author of *Duty-Free Artand The Wretched of the Screen* Over the past 30 years, through video and installation, the immensely influential German artist and writer Hito Steyerl (born 1966) has been tracking the ways that images have mutated--from the analogue image and its manifold possibilities for montage to the fluidity of the split digital image--and the implications these mutations have had for the representation of wars, genocides and the flow of capital. "We are no longer dealing with the virtual but with a confusing and possibly alien concreteness that we are only beginning to understand," writes Brian Kuan Wood of the digital visual worlds that the artist presents. At nearly 500 pages, this book--the first substantial overview on Steyerl--looks at multimedia installations and film projects of the past ten years, as well as earlier works, all of which are united by the artist's unflagging interrogation of the politics of the image.

A funny, transporting, surprising, and poignant novel that was one of the highest-selling debuts of

recent years in Korea, *Love in the Big City* tells the story of a young gay man searching for happiness in the lonely city of Seoul. *Love in the Big City* is the English-language debut of Sang Young Park, one of Korea's most exciting young writers. A runaway bestseller, the novel hit the top five lists of all the major bookstores, went into twenty-six printings, and was praised for its unique literary voice and perspective. It is now poised to capture a worldwide readership. Young is a cynical yet fun-loving Korean student who pinballs from home to class to the beds of recent Tinder matches. He and Jaehee, his female best friend and roommate, frequent nearby bars where they push away their anxieties about their love lives, families, and money with rounds of soju and ice-cold Marlboro Reds that they keep in their freezer. Yet over time, even Jaehee leaves Young to settle down, leaving him alone to care for his ailing mother and to find companionship in his relationships with a series of men, including one whose handsomeness is matched by his coldness, and another who might

end up being the great love of his life. A brilliantly written novel that takes us into the glittering nighttime of Seoul and the bleary-eyed morning after with both humor and emotion, *Love in the Big City* is a wry portrait of millennial loneliness as well as the abundant joys of queer life.

Fred Herzog's bold use of colour in the 1950s and 60s set him apart at a time when the only art photography taken seriously was in black and white. His early use of color make him a forerunner of "New Colour" photographers such as Stephen Shore and William Eggleston, who received widespread acclaim in the 1970s.

Herzog images were all taken on Kodachrome, a slide film with a sharpness and tonal range that, until recently, could not be reproduced in prints, and his choice of medium limited his exhibition opportunities. However, recent advances in digital technology have made high-quality prints of his work possible, and in the past few years his substantial and influential body of work has been available to a wider

audience. *Fred Herzog: Photographs* showcases this innovative artist's impressive oeuvre in a beautifully crafted volume of early color and urban street photography. Providing authoritative texts are four titans of the art community: Jeff Wall anchors Herzog's place in the history of photography, Claudia Gochmann sets his work in an international context and Sarah Milroy and Douglas Coupland provide additional commentary. *Das PC-Handbuch* Peachpit Press Das umfassende Handbuch zu Ihrer Kamera mit 974 farbigen Abbildungen!  KEYNOTE: Award-winning photographer Zanele Muholi's images offer a bold stance against the stigmatization of lesbian and gay sexualities in Africa and beyond. The Faces and Phases series of black and white portraits by Zanele Muholi focuses on the commemoration and celebration of black lesbians' lives. Muholi embarked on this project in 2007, taking portraits of women from the townships in South Africa. In 2008, after the xenophobic and homophobic attacks that led to the mass

displacement of people in that country, she decided to expand the ongoing series to include photographs of women from different countries. Collectively, the portraits are an act of visual activism. Depicting women of various ages and backgrounds, this gallery of images offers a powerful statement about the similarities and diversity that exist within the human race. AUTHOR: Zanele Muholi has exhibited extensively in South Africa and internationally. In 2009 she won the Casa Africa award for best female

photographer at the Recontres de Bamako biennial of African photography, as well as a Fondation Blachere award. 70 duotone illustrations
