Hoodoo in the Psalms

BRILL

In this volume is presented an edition, with translation and introduction, of the commentary on Esther—the first completely extant representative of this medieval Jewish genre—by Yefet ben 'Eli ha-Levi, one of the preeminent *littérateurs* of the Karaite “Golden Age” (late-9th–11th centuries). [Ruptures and Continuities in Soviet/Russian Cinema](#)

John Wiley & Sons

This book, based on extensive original research, examines how far the collapse of the Soviet Union represented a threshold that initiated change or whether there are continuities which gradually reshaped cinema in the new Russia. The book considers a wide range of films and film-makers and explores their

attitudes to genre, character and aesthetic style. The individual chapters demonstrate that, whereas genres shifted and characters developed, stylistic choices remained largely unaffected.

The Development of the American Presidency
Paulist Press

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from

Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Film is Like a Battleground: Sam Fuller's War Movies is the first book to focus on the genre that best defined

the American director's career: the war film. It draws on previously unexplored archival materials, such as Fuller's Federal Bureau of Investigation files and WWII-era 16mm films, to explore the director's lifelong interest in making challenging, thought-provoking, and often politically dangerous movies about war. After establishing the roots of Fuller's cinematographic schooling in the trenches during World War II, including careful consideration of his 16mm footage of a Nazi camp at the end of that war, *Film is Like a Battleground* explores Fuller's first forays into hot war representation in Hollywood with the pioneering Korean conflict films *The Steel Helmet* (1951) and *Fixed Bayonets* (1951). This pair of films introduced Fuller to his first run-ins with the American political machine when they triggered both FBI and Department of Defense investigations into his political sympathies and affiliations. Fuller's cold war films *Pickup on South Street* (1953) and, though it veers into hot war territory, *Hell and High Water* (1954) are Fuller's responses to the political

pressures he had now personally experienced and resented. A chapter on Fuller's representation of pre-American-invasion Vietnam in *China Gate* (1957) alongside his unrealized Vietnam war screenplay, *The Rifle* (ca. late 1960s), illustrates the degree to which Fuller's representation of war and nation shifted even as he continued to probe war's impossible contradictions. *Film is Like a Battleground* would be incomplete without a thorough exploration of the films depicting the war Fuller personally experienced and spent a lifetime contemplating, WWII. *Verboten!* (1959), Merrill's *Marauder's* (1962), and *The Big Red One* (1980) demonstrate Fuller's representation of a morally justifiable war. Fuller's 1959 CBS television pilot--*Dogface*--offers a glimpse at one of Fuller's failed attempts to bring his WWII story into American living rooms. The book concludes with a chapter about a documentary film made late in the director's life that returns Fuller to the actual site of the Nazi's Falkenau camp, at which he discusses his experiences there and that powerful, unforgettable footage he

shot in the spring of 1945. *Compass Points - Building Your Story* Routledge
On the border of the Illhari Republic...
Snowdenaelikk, conjuror and heretic, lives on the edge of the Republic--and the law--as a cartel enforcer. Then a smuggling deal goes bad, a village burns, and she finds herself on the wrong side of a legion patrol. Veiko Nyrikki is an outlaw and an outlander, just trying to survive.....until his sense of honor--and his ax--get between Snow and the legion. Now he's got new enemies and new allies and survival's gotten complicated. But Snow and Veiko soon discover the legion is the least of their problems. The Republic is built on the bones of a banished dragon god, and she has come back for revenge. Praise for K. Eason's Books "This story delights from cover to cover. The political intrigue never fails to surprise, each character is layered and compelling, and there's a perfect balance between science-fiction action and fairy-tale fantasy. Do not, under any circumstances, miss out on this." —Kirkus (starred review) on *How Rory Thorne Destroyed the Multiverse* "Eason adds a feminist modern

twist to fairy tale and sf tropes while presenting an intergalactic adventure that enthralls in its own right, striking that ideal balance between original and familiar.... A delightful start to what promises to be a smart, unique series." —Booklist (starred review) on *How Rory Thorne Destroyed the Multiverse* "Exquisitely written with complex characters, sardonic wit, and immersive worldbuilding. Highly recommended." —Library Journal (starred review) on *How Rory Thorne Destroyed the Multiverse* "Readers seeking a genre-blending tale will enjoy Eason's no-nonsense tone as she sets the plot of a thriller within her established world of science fiction and fantasy." —Booklist on *Nightwatch on the Hinterlands* "Eason has a real talent for building engrossing and intricate worlds that feel both whimsical and real at the same time." —The Quill to Live on *Nightwatch on the Hinterlands* "Splendid stuff!" —Jason M. Hough, *New York Times* bestselling author on *Nightwatch on the Hinterlands* "[This] is a perfect blending of sci-fi and fantasy with a pair of the most unlikely and

enjoyable detectives you'll ever meet." —Stephen Blackmoore, author of the *Eric Carter* series on *Nightwatch on the Hinterlands* [Political Satire in the Bible](#) Routledge Discover new dimensions of insight with a behind-the-scenes tour of the ancient world You've heard many Bible stories hundreds of times, but how many details are you missing? Sometimes a little context is all you need to discover the rich meaning behind even the most familiar stories of Scripture. That's what the NKJV Cultural Backgrounds Study Bible provides. Every page of this NKJV Bible is packed with expert insight into the customs, culture, and literature of biblical times. These fascinating explanations will serve to clarify your study of the Scriptures, reinforcing your confidence and bringing difficult passages of Scripture into sharp focus. The Bible was originally written to an ancient people removed from us by thousands of years and thousands of miles. The Scriptures include subtle culturally based nuances, undertones, and references to ancient events, literature and

customs that were intuitively understood by those who first heard the texts read. For us to truly understand the Scriptures as they did, we need a window into their world and language. The NKJV Cultural Backgrounds Study Bible, with notes from Dr. John H. Walton (Wheaton College) in the Old Testament and Dr. Craig S. Keener (Asbury Theological Seminary) in the New Testament, brings the ancient world of Scripture to life for modern readers. Features: Complete text of the New King James Version (NKJV) 2017 ECPA Bible of the Year Recipient Targeted book introductions explain the context in which each book of the Bible was written Insightful and informative verse-by-verse study notes reveal new dimensions of insight to even the most familiar passages Key Old Testament (Hebrew) and New Testament terms are explained and expanded upon in two helpful reference features Over 300 in-depth articles on key contextual topics 375 full-color photos, illustrations, and images from around the world Dozens of charts, maps, and diagrams in vivid color Words of Jesus in red

Giving the Sense

McFarland

Formerly known by its subtitle "Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete", the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950's. Each annual volume includes approximately 2,000 abstracts and summaries of articles and books that deal with the Bible and related literature, including the Dead Sea Scrolls, Pseudepigrapha, Non-canonical gospels, and ancient Near Eastern writings. The abstracts - which may be in English, German, or French - are arranged thematically under headings such as e.g. "Genesis", "Matthew", "Greek language", "text and textual criticism", "exegetical methods and approaches", "biblical theology", "social and religious institutions", "biblical personalities", "history of Israel and early Judaism", and so on. The articles and books that are abstracted and reviewed are collected annually by an

international team of collaborators from over 300 of the most important periodicals and book series in the fields covered.

Corpora, Corpses and Corps Jabberwocky Literary Agency, Inc.

This collection of essays covers the four major periods of Israel's history and explores the theological, literary, historical, and archaeological dimensions of each era.

The 48 Laws of Power

Wipf and Stock Publishers
The first editon was called "the most valuable film reference in several years" by Library Journal. The new edition published in hardcover in 2001 includes more than 670 entries. The current work is a paperback reprint of that edition. Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation,

ventriloquists and the Olympics ("Excellent" said Cult Movies). The volume also contains an extensive list of film characters and series, including B-movie detectives, Western heroes, made-for-television film series, and foreign film heroes and villains.

Summary of World

Broadcasts University of Michigan Press

The work was prepared in 2009-2010 during the first term of President Barack Obama. The book describes the political mines that laid the system under the American system. In connection with harsh statements to the us intelligence services, the book was distributed in printed form under a pseudonym.

America under enemy rule and the world as it is Cambridge University Press

A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present. This developmental lens, analyzing how historical turns have shaped the modern institution, allows for a richer, more nuanced understanding beyond the current newspaper headlines. The

Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science, with the constitutional origins and political development of the presidency its central focus. Through comprehensive and in-depth coverage, this text looks at how the presidency has evolved in relation to the public, to Congress, to the Executive branch, and to the law, showing at every step how different aspects of the presidency have followed distinct trajectories of change. All the while, Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts. Ellis's own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages. Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept. A wealth of photos, figures, and tables allow for the visual presentations of concepts. A companion website not only acts as a further resources base—directing students to primary

documents, newspapers, and data sources—but also presents interactive timelines and practice quizzes to help students master the book's lessons. The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking. **United States Naval Institute Proceedings** John Hunt Publishing Vols. for 1891-1897 include decisions of the United States Board of General Appraisers. [A Dictionary of the English Language](#) Wipf and Stock Publishers How do we make sense of life? What's our identity? Mixing memoir with theological and philosophical reflections, author David Wisener explores his struggle to understand God's love and acceptance in his heart and how to find his place in the world when life didn't go according to plan. Exploring the postmodern critique that we live our lives according to stories, *Lost the Plot* helps us realize how many of the stories we cling to aren't part of God's Story. Weaving deeply personal experiences of shattered dreams, bouts of depression, and disillusionment with the church, the book also

explores concepts like perception, reality, and love, offering unique insight into the struggles and questions we face in understanding what life is about and what it means to be human.

A Dictionary, Hindustani and English: to which is Added a Reversed Part, English and Hindustani Penguin

Comprehensive edition of this classic play aimed at second-year students and above.

A Dictionary of the English Language ... Abridged from the Rev. H. J. Todd's ... enlarged quarto edition, by A. Chalmers Litres

Argues that Homer, the poet of the Iliad, may be fully distinguished from the narrator of Homeric poetry

A Dictionary, Hindustani & English: accompanied by a reversed dictionary, English and Hindustani Princeton University Press

"From epigrams and name calling to sophisticated proverbs, fables and taunt-songs, Weisman provides a nuanced introduction to this multifaceted and fascinating subject. The author spends equal time looking at the historical (political) and literary (satirical) aspects of the

subject, well aware that context matters and that sometimes "you have to be there" to get the joke. An excellent contribution to the emerging interest in biblical humor."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved [Plot and Point of View in the Iliad](#) Bloomsbury Publishing USA

A lively and comprehensive guide on the importance of structuring your plot with in-depth looks at different techniques and lots of practical advice, including at least one writing exercise in each chapter on topics such as building tension, staging drama, identifying and rectifying structural issues and internal and external plot journeys. So if you're struggling with structure or grappling with your plot points, this up-to-date and informative book is a terrific aid for both emerging and established writers alike.

International Review of Biblical Studies, Volume 49 (2002-2003) Routledge Many Americans believe that their own government is guilty of shocking crimes. Government agents shot the president. They faked the moon landing. They

stood by and allowed the murders of 2,400 servicemen in Hawaii. Although paranoia has been a feature of the American scene since the birth of the Republic, in *Real Enemies* Kathryn Olmsted shows that it was only in the twentieth century that strange and unlikely conspiracy theories became central to American politics. In particular, she posits World War I as a critical turning point and shows that as the federal bureaucracy expanded, Americans grew more fearful of the government itself--the military, the intelligence community, and even the President. Analyzing the wide-spread suspicions surrounding such events as Pearl Harbor, the JFK assassination, Watergate, and 9/11, Olmsted sheds light on why so many Americans believe that their government conspires against them, why more people believe these theories over time, and how real conspiracies--such as the infamous Northwoods plan--have fueled our paranoia about the governments we ourselves elect. This 10th Anniversary Edition includes a new epilogue on conspiracy theories

and the 2016 election and its aftermath.

The Arabic Translation and Commentary of Yefet ben 'Eli the Karaite on the Book of Esther Wipf and Stock Publishers

Designed for readers who have no familiarity with the Old Testament or Hebrew Bible, this introduction provides a complete overview of its development and its continuing interpretation. Each chapter follows the same four-part format: "Content" summarizes the biblical book being treated; "Growth" explains the process behind the book's composition according to the most up-to-date scholarship; "Context" describes the historical, literary, and social settings that were at work in the book's production; and "Interpretation" explores the various ways in which the book has been and continues to be understood in scholarly and religious communities. The Old Testament: Its Background, Growth, and Content is an ideal classroom resource because, even though it presents the biblical books in their canonical order, it can be read in any sequence to meet the needs and aims of a given

course.
