Here's the first book in
a new middle-grade
fantasy/adventure
series from the author
of *The Unwanted*.
Fifteen years ago,
eight supernatural
criminals fled Estero
City to make a new life
in an isolated tropical
hideout. Over time,
seven of them
disappeared without a
trace, presumed
captured or killed. And
now, the remaining
one has died. Left
behind to fend for
themselves are the
criminals' five children,
each with superpowers
of their own: Birdie can
communicate with
animals. Brix has
athletic abilities and
can heal quickly.
Tenner can swim like a

fish and can see in the
dark and hear from a
distance. Seven's skin
camouflages to match
whatever is around
him. Cabot hasn't
shown signs of any
unusual power—yet.
Then one day Birdie
finds a map among her
father's things that
leads to a secret stash.
There is also a note: Go
to Estero, find your
mother, and give her
the map. The five have
lived their entire lives
in isolation. What
would it mean to follow
the map to a strange
world full of things
they've only heard
about, like cell phones,
cars, and electricity? A
world where, thanks to
their parents, being
supernatural is a
crime?

A BuzzFeed "Best Book

sixteen-year-old Dara McAnulty, a globally renowned figure in the youth climate activist movement, comes a memoir about loving the natural world and fighting to save it. *Diary of a Young Naturalist* chronicles the turning of a year in Dara's Northern Ireland home patch. Beginning in spring when "the sparrows dig the moss from the guttering and the air is as puffed out as the robin's chest" these diary entries about his connection to wildlife and the way he sees the world are vivid, evocative, and moving. As well as Dara's intense connection to the natural world, *Diary of a Young Naturalist* captures his perspective as a teenager juggling exams, friendships,

and a life of campaigning. We see his close-knit family, the disruptions of moving and changing schools, and the complexities of living with autism. "In writing this book," writes Dara, "I have experienced challenges but also felt incredible joy, wonder, curiosity and excitement. In sharing this journey my hope is that people of all generations will not only understand autism a little more but also appreciate a child's eye view on our delicate and changing biosphere." Winner of the Wainwright Prize for UK nature writing and already sold into more than a dozen territories, *Diary of a Young Naturalist* is a triumphant debut from an important new voice.

From the headland, we look across to the lighthouse on Seal Island where Mr Hammett has to take the gas bottle to keep the light flashing at night. Aunt Cele says there is no land between us and the bottom of the world where everything is white ice and there are penguins as big as men, but I know this already because Dunc has told me. Sylvie is

five. It's the 1950s and she lives in Burley Point, a fishing village south of the Coorong on Australia's wild southern coast. She worships her older brother Dunc. She tries to make sense of her brooding mother, and her moody father who abandons the family to visit The Trollop, Layle Lewis, who lives across the lagoon. It's hard to keep secrets in a small town, but when Dunc goes missing, Sylvie is terrified that she is the cause. Now her father is angry all the time; her mother won't leave the house or stop cleaning. The bush and the birds and the endless beach are Sylvie's only salvation, apart from her teacher, Miss Taylor. In the tradition of the novels of Anne Tyler and Eudora Welty, *The Lost*

Child is a beautifully written story about family and identity and growing up. Sylvie is a charming narrator with a big heart and a sharp eye for the comic moment. As the years go by she learns how tiny events can change entire lives, and how leaving might be the only solution when the world will never be the same again.

Discover this heartrending story of orphans, outcasts and the grip of the past from award-winning novelist Caryl Phillips – inspired by Wuthering Heights. It is the 1960s. Isolated from her parents after falling in love with a foreigner, Monica Johnson raises her sons

in the shadow of the wild Yorkshire moors. But when her younger son Tommy, a loner who is bullied at school, disappears, the family bond is demolished – with devastating consequences. Deftly intertwined with this modern narrative is the story of the ragged childhood of Emily Brontë’s Heathcliff, one of literature’s most enigmatic lost boys.

Recovering the mysteries of the past to illuminate the predicaments of the present, The Lost Child is an exquisite novel about exile, freedom and what it is to belong.

The Home for Unwanted Girls meets *Orphan Train* in this unforgettable novel about a young girl caught in a scheme to rid England's streets of destitute children, and the lengths she will go to find her way home—based on the true story of the British Home Children. 2018
At ninety-seven years old, Winnifred Ellis knows she doesn't have much time left, and it is almost a relief to realize that once she is gone, the truth about her shameful past will

die with her. But when her great-grandson Jamie, the spitting image of her dear late husband, asks about his family tree, Winnifred can't lie any longer, even if it means breaking a promise she made so long ago...
1936 Fifteen-year-old Winny has never known a real home. After running away from an abusive stepfather, she falls in with Mary, Jack, and their ragtag group of friends roaming the streets of Liverpool. When the children are caught stealing food, Winny and Mary are left in Dr. Barnardo's Barkingside Home for Girls, a local home for orphans and forgotten children found in the city's slums. At Barkingside, Winny learns she will soon join other boys and

girls in a faraway place called Canada, where families and better lives await them. But Winnie's hopes are dashed when she is separated from her friends and sent to live with a family that has no use for another daughter. Instead, they have paid for an indentured servant to work on their farm. Faced with this harsh new reality, Winnie clings to the belief that she will someday find her friends again. Inspired by true events, *The Forgotten Home Child* is a moving and heartbreaking novel about place, belonging, and family—the one we make for ourselves and its enduring power to draw us home. *Map of Flames (The Forgotten Five, Book 1)* Text Publishing

For fans of Jojo Moyes, from the bestselling author of *The Home for Unwanted Girls*, comes another compulsively readable story of love and friendship, following the lives of two women reckoning with their pasts and the choices that will define their futures. Divided by their past, united by love. 1992: French-Canadian factions renew Quebec's fight to gain independence, and wild, beautiful Véronique Fortin, daughter of a radical separatist convicted of kidnapping and murdering a prominent politician in 1970, has embraced her father's cause. So it is a surprise when she falls for James Phénix, a journalist of French-Canadian heritage who opposes Quebec

separatism. Their love affair is as passionate as it is turbulent, as they negotiate a constant struggle between love and morals. At the same time, James's older sister, Elodie Phénix, one of the Duplessis Orphans, becomes involved with a coalition demanding justice and reparations for their suffering in the 1950s when Quebec's orphanages were converted to mental hospitals, a heinous political act of Premier Maurice Duplessis which affected 5,000 children. Véronique is the only person Elodie can rely on as she fights for retribution, reliving her trauma, while Elodie becomes a sisterly presence for Véronique, who continues to struggle

with her family's legacy. *The Forgotten Daughter* is a moving portrait of true love, familial bonds, and persistence in the face of injustice. As each character is pushed to their moral brink, they will discover exactly which lines they'll cross--and just how far they'll go for what they believe in.

Stine, author of Goosebumps "Do you know what it feels like to be forgotten?" On a cold winter night, Iris and her best friend, Daniel, sneak into a clearing in the woods to play in the freshly fallen snow. There, Iris carefully makes a perfect snow angel -- only to find the crumbling gravestone of a young girl, Avery Moore, right beneath her. Immediately, strange things start to happen to Iris: She begins having vivid nightmares. She wakes up to find her bedroom window wide open, letting in the snow. She thinks she sees the shadow of a girl lurking in the woods. And she feels the pull of the abandoned grave, calling her back to the clearing... Obsessed with figuring out what's

going on, Iris and Daniel start to research the area for a school project. They discover that Avery's grave is actually part of a neglected and forgotten Black cemetery, dating back to a time when White and Black people were kept separate in life -- and in death. As Iris and Daniel learn more about their town's past, they become determined to restore Avery's grave and finally have proper respect paid to Avery and the others buried there. But they have awakened a jealous and demanding ghost, one that's not satisfied with their plans for getting recognition. One that is searching for a best friend forever -- no matter what the cost. The Forgotten Girl is both a

spooky original ghost story and a timely and important storyline about reclaiming an abandoned segregated cemetery." A harrowing yet empowering tale reminding us that the past is connected to the present, that every place and every person has a story, and that those stories deserve to be told." -- Renee Watson, New York Times bestselling author of *Piecing Me Together*

The Waiting Vintage PULITZER PRIZE WINNER • A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged,

illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: *The New York Times* • ONE OF THE BEST BOOKS OF THE YEAR: *The Atlantic*, *The New York Times Book Review*, *Time*, *NPR*, *Library Journal* In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery

to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of

family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

NEW YORK TIMES 10 BEST BOOKS OF THE YEAR • “An epic road trip [that also] captures the unruly intimacies of marriage and parenthood ... This is a novel that daylight our common humanity, and challenges us to reconcile our differences.” —The

Washington Post In Valeria Luiselli's fiercely imaginative follow-up to the American Book Award-winning *Tell Me How It Ends*, an artist couple set out with their two children on a road trip from New York to Arizona in the heat of summer. As the family travels west, the bonds between them begin to fray: a fracture is growing between the parents, one the children can almost feel beneath their feet. Through ephemera such as songs, maps and a Polaroid camera, the children try to make sense of both their family's crisis and the larger one engulfing the news: the stories of thousands of kids trying to cross the southwestern border into the United States but getting

detained—or lost in the desert along the way. A breath-taking feat of literary virtuosity, *Lost Children Archive* is timely, compassionate, subtly hilarious, and formally inventive—a powerful, urgent story about what it is to be human in an inhuman world.

The Forgotten Girl

Lorhainne Eckhart
The Lost Words by composer James Burton takes its inspiration and text from the award-winning 'cultural phenomenon' and book of the same name by Robert Macfarlane and Jackie Morris: a book that was, in turn, a creative response to

the removal of everyday nature words like acorn, newt and otter from a new edition of a widely used children's dictionary. Both the book and Burton's 32-minute work, which is written in 12 short movements for upper-voice choir in up to 3 voice parts (with either orchestral or piano accompaniment), celebrates each lost word with a beautiful poem or 'spell', magically brought to life in Burton's music. At its heart, the work delivers a powerful message about the need to close the gap between childhood and the natural world. Burton's piece was co-commissioned by the Hallé Concerts Society for the Hallé Children's Choir and the Boston Symphony Orchestra.

The piano accompaniment version was premiered at the Tanglewood Festival in 2019 by the Boston Symphony Children's Choir, of which Burton is founder and director. The Hallé Children's Choir will premiere the orchestral version of the full work in Manchester, UK, post-pandemic. Vocal Score Co-commission by Boston Symphony and Hallé Concerts Society for their respective Children's Choirs. Two versions - with orchestral or with piano accompaniment. The vocal score is the same for both versions. James Burton is a composer but also a conductor. He is conductor of the Tanglewood Festival Chorus and choral director of the Boston

Symphony. The book *The Lost Words*, exquisitely designed, has won multiple awards and is an international best-seller. The vocal score includes Jackie Morris's beautiful imagery in its cover design.

Abusive Policies

HarperCollins Hitler's Forgotten Children is both a harrowing personal memoir and a devastating investigation into the awful crimes and monstrous scope of the

Lebensborn program in World War 2. Created by Heinrich Himmler, the Lebensborn program abducted as many as half a million children from across Europe. Through a process called Germanization, they were to become the next generation of the Aryan master race in the second phase of the Final Solution. In the summer of 1942, parents across Nazi-occupied Yugoslavia were required to submit their children to medical checks designed to assess racial purity. One such child, Erika Matko, was nine months old when Nazi doctors declared her fit to be a "Child of Hitler." Taken to Germany and placed with politically vetted foster parents, Erika was renamed Ingrid

von Oelhafen. Many years later, Ingrid began to uncover the truth of her identity. Though the Nazis destroyed many Lebensborn records, Ingrid unearthed rare documents, including Nuremberg trial testimony about her own abduction. Following the evidence back to her place of birth, Ingrid discovered an even more shocking secret: a woman named Erika Matko, who as an infant had been given to Ingrid's mother as a replacement child.

The Book That Launched an

International Movement Fans of The Anxious Generation will adore Last Child in the Woods, Richard Louv's groundbreaking New York Times bestseller. "An absolute must-read for parents." —The Boston Globe "It rivals Rachel Carson's Silent Spring." —The Cincinnati Enquirer "I like to play indoors better 'cause that's where all the electrical outlets are," reports a fourth grader. But it's not only computers, television, and video games that are keeping kids inside. It's also their parents' fears of traffic, strangers, Lyme disease, and West Nile virus; their schools' emphasis on more and more homework; their structured schedules; and their lack of access to natural areas. Local

governments, neighborhood associations, and even organizations devoted to the outdoors are placing legal and regulatory constraints on many wild spaces, sometimes making natural play a crime. As children's connections to nature diminish and the social, psychological, and spiritual implications become apparent, new research shows that nature can offer powerful therapy for such maladies as depression, obesity, and attention deficit disorder. Environment-based education dramatically improves standardized test scores and grade-point averages and develops skills in problem solving, critical thinking, and decision making. Anecdotal

evidence strongly suggests that childhood experiences in nature stimulate creativity. In *Last Child in the Woods*, Louv talks with parents, children, teachers, scientists, religious leaders, child-development researchers, and environmentalists who recognize the threat and offer solutions. Louv shows us an alternative future, one in which parents help

their kids experience the natural world more deeply—and find the joy of family connectedness in the process.
