Access to History for the IB Diploma: The move to global war Hodder Education
 How should historians speak truth to power – and why does it matter? Why is five hundred years better than five months or five years as a planning horizon? And why is history – especially long-term history – so essential to understanding the multiple pasts which gave rise to our conflicted present? The History Manifesto is a call to arms to historians and everyone interested in the role of history in contemporary society. Leading historians Jo Guldi and David Armitage identify a recent shift back to longer-term narratives, following many decades of increasing specialisation, which they argue is vital for the future of historical scholarship and how it is communicated. This provocative and thoughtful book makes an important intervention in the debate about the role of history and the humanities in a digital age. It will provoke discussion among policymakers, activists and entrepreneurs as well as ordinary listeners, viewers, readers, students and teachers. This title is also available as Open Access.

[History and the Historians](#) Hodder Education

Has any question about the historical past ever been finally answered? Of course there is much disagreement among professional historians about what happened in the past and how to explain it. But this incisive study goes one step further and brings into question the very ability of historians to gather and communicate genuine knowledge about the past. Understanding History applies this general question from the philosophy of history to economic history of American slaveholders. Do we understand the American slaveholders? Has the last word on the subject been said? Both the alleged "profitability" of slavery and the purported causes of the American Civil War are philosophically

analyzed. Traditional narrative history and econometric history are examined and compared, and their different philosophical assumptions made explicit. The problem of justifying historical methodologies is first set in the wider context of the philosophical problem of knowledge, then lucidly explained and resolved along pragmatic lines. The novelty of Gorman's approach lies in its comparison of narrative with econometric history, its analysis of empathetic understanding in terms of cost-benefit analysis, and its elucidation of the metaphysical presuppositions of empiricism. It stands out especially for the clarity, rigor, and simplicity of its arguments.

[Understanding History](#) Hodder Education

Offers an introduction to the writers of history from the Classical times to the present day - Christian historiography - Enlightenment to Rankean tradition - From Karl Marx to the Annales School - Defining history - Gives a framework for evaluating historians' work and provides extracts from their writings.

[France in Revolution, 1774-1815](#) Hodder Education

The book starts with an introduction to the events that led to France's withdrawal from Vietnam and US support of Diem's government and goes on to examine how the conflict escalated and the USA became fully involved. The book also looks at the pressure for peace on the US home front and how this had an impact on the eventual withdrawal and fallout from the war. The role of key figures in the conflict, both American presidents and Vietnamese leaders, is analysed throughout. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips for each examination board provide the opportunity to develop exam skills.

Access to History for the IB Diploma: The Great Depression and the Americas 1929-39 Hodder Education

Annotation World History: Cultures, States, and Societies to 1500 offers a comprehensive introduction to the history of humankind from prehistory to 1500. Authored by six USG faculty members with advance degrees in History, this textbook offers up-to-date original scholarship. It covers such cultures, states, and societies as Ancient Mesopotamia, Ancient Israel, Dynastic Egypt, India's Classical Age, the Dynasties of China, Archaic Greece, the Roman Empire, Islam, Medieval Africa, the Americas, and the Khanates of Central Asia. It includes 350 high-quality images and maps, chronologies, and learning questions to help guide student learning. Its digital nature allows students to follow links to applicable sources and videos, expanding their educational experience beyond the textbook. It provides a new and free alternative to traditional textbooks, making World History an invaluable resource in our modern age of technology and advancement.

Prosperity, Depression and the New Deal Cambridge University Press

The Access to History series is the most popular and trusted series for AS and A level history students. This title combines all the strengths of this well-loved series with a features that allow all students access to the content and study skills needed to achieve exam success. This title is written specifically for the 2008 AS and A2 specifications for all exam boards. It charts the key changes in the social, political and cultural development of Britain across this period. It looks at key individuals throughout these years, from Churchill and Wilson to Thatcher and Blair, assessing each of their

periods in office and charting the rise and fall of political consensus. Finally, in assessing the changes that have taken place, the book enables students to gain a clearer perspective on the cultural and political Britain that they live in today. Throughout the book, key dates, terms, and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by examiners for the OCR and Edexcel exam specifications provide the opportunity to develop exam skills.

Digital Games as History Hodder Education

The second edition of this best-selling title has been revised and updated to reflect the needs of the current specifications. The title charts China's remarkable and tumultuous development from the establishment of the People's Republic in 1949 to Mao's death in 1976. The book examines the widespread social and economic change that resulted from the Communist revolution, including the changes to agriculture, the five-year-plans and the 'Hundred Flowers' campaign. It then goes on to look at the reasons for the Cultural Revolution and its legacy. In addition, the author analyses Mao's status as a political leader and his importance in the domestic developments of China from 1949-76. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam style questions and tips for each examination board provide the opportunity to develop exam skills.
