Petrarch and Boccaccio Walter de Gruyter GmbH & Co KG

This volume brings together an international team of experts who have synthesized and summarized the most recent research on French history of the sixteenth and early seventeenth centuries. Using a topical approach to provide broad thematic coverage of the period from 1500 to 1660, each chapter focuses on a specific area of French history: politics and the state, the economy, society and culture, religion, gender and the family, and France's burgeoning overseas empire, which was constructed in this period. The book is more than a collection of topical essays, however, as each chapter is linked

to the others, together forming a coherent narrative of French history from the advent of the Reformation, through the civil wars of the second half of the sixteenth century, to the Fronde. The result is the most up-to-date synthesis of this period, showing how recent scholarship has significantly revised the traditional narrative of French history.

The Renaissance UXL

The dawn of humanism in the Renaissance presented privileged women with great opportunities for personal and intellectual growth. Sexual and social roles still determined the extent to which a woman could pursue education and intellectual accomplishment, but it was possible through the composition of poetry or prose to temporarily offset hierarchies of gender, to become equal to men in the act of creation. Edited by Katharina M. Wilson, this anthology introduces the works of

twenty-five women writers of the Renaissance and Reformation, among them Marie Dentièrre, a Swiss evangelical reformer whose writings were so successful they were banned during her lifetime; Gaspara Stampa, a cultivated courtesan of Venetian aristocratic circles who wrote lyric poetry that has earned her comparisons to Michelangelo and Tasso; Hélienne de Crenne, a French aristocrat who embodied the true spirit of the Renaissance feminist, writing both as novelist and as champion of her sex; Helene Kottanner, Austrian chambermaid to Queen Elizabeth of Hungary whose memoirs recall her daring theft of the Holy Crown of Saint Stephen for her esteemed mistress; and Lady Mary Sidney Wroth, the first Englishwoman known to write a full-length work of fiction and compose a significant body of secular poetry. Offering a seldom seen counterpoint to literature

written by men, *Women Writers of the Renaissance and Reformation* presents prose and poetry that have never before appeared in English, as well as writings that have rarely been available to the nonspecialist. The women whose writings are included here are united by a keen awareness of the social limitations placed upon their creative potential, of the strained relationship between their gender and their work. This concern invests their writings with a distinctive voice—one that carries the echoes of a male aesthetic while boldly declaring battle against it. *Renaissance and Reformation, 1500-1620* Policy Press

A fresh and vigorous appreciation of the intellectual liberation and artistic triumphs of the Italian Renaissance. The development of the first universities from the 12th century onwards, growing wealth and patronage in certain cities, and above all the invention of printing and cheap paper, provided essential conditions for the Renaissance. And it was in literature and scholarship that it began, in the rebirth of classical culture that loosened the Church's iron grip on visual art. Paul Johnson tells the story, in turn, of Renaissance literature, sculpture, building and painting. Despite the critical importance of inventions outside Italy - printing in Germany and oil painting in Holland - he locates the Renaissance firmly in Italy and in Florence above all, between 1400 and 1560. There are memorable sketches of the key figures - the frugal and shockingly original Donatello, the awesome Michelangelo, the delicacy of Giovanni Bellini. The final part of the book charts the spread and decline of the Renaissance, as the Catholic Church repositioned itself to counter the Reformation which the Renaissance had itself helped to produce.

The question of why people act against their better judgment has always been prominent in philosophy. Risto Saarinen presents the first study of ideas about weakness of the will between 1350 and 1650. He shows how the understanding of human conduct and free will changed in this formative period between medieval times and modernity.

World History Greenwood

Works in the Museum's collection that embody the Renaissance interest in classical learning, fame, and beautiful objects are illustrated and discussed in this resource and will help educators introduce the richness and diversity of Renaissance art to their students. Primary

source texts explore the great cities and powerful personalities of the age. By studying gesture and narrative, students can work as Renaissance artists did when they created paintings and drawings. Learning about perspective, students explore the era's interest in science and mathematics. Through projects based on poetic forms of the time, students write about their responses to art. The activities and lesson plans are designed for a variety of classroom needs and can be adapted to a specific curriculum as well as used for independent study. The resource also includes a bibliography and glossary.

Renaissance Monarchy Macmillan Higher Education

This book was born out of the author's deep conviction that today's Christians can benefit enormously from learning what God has done in the past. The mighty acts of Christ did not come to a halt soon after the events recorded in the book of Acts. In every century since the first, the Almighty has been at work, and believers can trace his footsteps by studying the way that Christians of a previous generation faced the challenges that confronted them. - Back cover.

Rats, Bulls and Flying Machines Routledge This updated version of *Humanism and the Northern Renaissance* now includes over 60 documents exploring humanist and Renaissance ideals, the zeal of religion, and the wealth of the new world.

Together, the sources illuminate the chaos and brilliance of the historical period—as well as its failures and inconsistencies. The reader has been thoroughly revised to meet the needs of the undergraduate classroom. Over 30 historical documents have been added, including material by Martin Luther, John Calvin, John Knox, William Shakespeare, Christopher Columbus, Miguel de Cervantes, and Galileo Galilei. In the introduction, Bartlett and McGlynn identify humanism as the central expression of the European Renaissance and explain how this idea migrated from Italy to northern Europe. The editors also emphasize the role of the church and Christianity in northern Europe and detail the events leading up to the Reformation. A short essay on how to read historical documents is included. Each reading is preceded by a short introduction and ancillary materials can be found on UTP's History Matters website (www.utphistorymatters.com).

Poems and Plays Paraclete Press

The book treats the Protestant cultures of northern Europe, particularly England, examining biblical commentaries, plays, poems, sermons, and treatises, as well as the often startling negotiations between

these texts and other cultural discourses. In Shuger's hands, these biblical materials serve to illuminate, and often radically reinterpret, the dominant issues in contemporary Renaissance studies: gender, the body, colonialism, subjectivity, desire, law, and history. Her work forcefully demonstrates the cultural centrality of Renaissance religion.

The Renaissance and Reformation in Scotland John Wiley & Sons

A riveting account of the Saint Bartholomew's Day Massacre, its origins, and its aftermath, this volume by Barbara B. Diefendorf introduces students to the most notorious episode in France's sixteenth century civil and religious wars and an event of lasting historical importance. The murder of thousands of French Protestants by Catholics in August 1572 influenced not only the subsequent course of France's civil wars and state building, but also patterns of international alliance and long-standing cultural values across Europe. The book begins with an introduction that explores the political and religious context for the massacre and traces the course of the massacre and its aftermath. The featured documents offer a rich array of sources on the conflict — including royal edicts, popular songs, polemics, eyewitness accounts, memoirs, paintings, and engravings — to enable students to explore the massacre, the nature of church-state relations, the moral responsibility of secular and religious authorities, and the origins and consequences of religious persecution and intolerance in this period. Useful pedagogic aids include headnotes and gloss notes to the documents, a list of major figures, a chronology of key events, questions for consideration, a selected bibliography, and an index.

The Book of the Courtier Palgrave Macmillan

Rome and the Maronites in the Renaissance and Reformation provides the first in-depth study of contacts between Rome and the Maronites during the fifteenth and sixteenth centuries. This book begins by showing how the church unions agreed at the Council of Ferrara-Florence (1438-1445) led Catholics to endow an immense amount of trust in the orthodoxy of Christians from the east. Taking the Maronites of Mount Lebanon as its focus, it then analyses how agents in the peripheries of the Catholic world struggled to preserve this trust into the early sixteenth century, when everything changed. On one hand, this study finds that suspicion of Christians in Europe generated by the Reformation soon led Catholics to doubt the past and present

fidelity of the Maronites and other Christian peoples of the Middle East and Africa. On the other, it highlights how the expansion of the Ottoman Empire caused many Maronites to seek closer integration into Catholic religious and military goals in the eastern Mediterranean. By drawing on previously unstudied sources to explore both Maronite as well as Roman perspectives, this book integrates eastern Christianity into the history of the Reformation, while re-evaluating the history of contact between Rome and the Christian east in the early modern period. It is essential reading for scholars and students of early modern Europe, as well as those interested in the Reformation, religious history, and the history of Catholic Orientalism.

The Renaissance and Reformation Movements: The Reformation Yale University Press

Written in a lively style for young readers, and aligned with the Core Knowledge Sequence curriculum for Grade 5, Rats, Bulls, and Flying Machines makes history more than "just a bunch of names and dates." It emphasizes the story in history, brings interesting characters to life, and provides plenty of engaging anecdotes ; even an occasional cartoon! Rats, Bulls, and Flying Machines is generously illustrated in color. Teacher's guide available at www.coreknowledge.org.

Part of a series aiming to help students and researchers understand key periods in world history, this volume is divided into nine chapters that focus on arts and communication through the period of renaissance and reformation within Europe.

Sacred History University of Toronto Press

"In the 20th and 21st century revolutions have become more urban, often less violent, but also more frequent and more transformative of the international order. Whether it is the revolutions against Communism in Eastern Europe and the USSR; the "color revolutions" across Asia, Europe and North Africa; or the religious revolutions in Iran, Afghanistan, and Syria; today's revolutions are quite different from those of the past. Modern theories of revolution have therefore replaced the older class-based theories with more varied, dynamic, and contingent models of social and political change. This new edition updates the history of revolutions, from Classical Greece and Rome to the Revolution of Dignity in the Ukraine, with attention to the changing types and outcomes of revolutionary struggles. It also presents the latest advances in the

theory of revolutions, including the issues of revolutionary waves, revolutionary leadership, international influences, and the likelihood of revolutions to come. This volume provides a brief but comprehensive introduction to the nature of revolutions and their role in global history"--

The Art of Renaissance Europe University of Chicago Press

Women and the Reformation gathers historical materials and personal accounts to provide a comprehensive and accessible look at the status and contributions of women as leaders in the 16th century Protestant world. Explores the new and expanded role as core participants in Christian life that women experienced during the Reformation Examines diverse individual stories from women of the times, ranging from biographical sketches of the ex-nun Katharina von Bora Luther and Queen Jeanne d'Albret, to the prophetess Ursula Jost and the learned Olimpia Fulvia Morata Brings together social history and theology to provide a groundbreaking volume on the theological effects that these women had on Christian life and spirituality Accompanied by a website at www.blackwellpublishing.com/stjerna offering student's access to the writings by the women featured in the book

The European Renaissance and Reformation, 1350-1600 Wm. B. Eerdmans Publishing

What determined success or failure in Renaissance monarchy? Why was warfare endemic in Europe in the early sixteenth century and how did the great cultural and artistic changes of the period flourish amid this conflict? How did rival kings relate to each other and what steps did they each take to strengthen their monarchies? In short, how did they govern? Renaissance Monarchy approaches these and related issues in a revealing way, providing the first single-volume comparative history of the most renowned kings of the Renaissance: the Holy Roman Empire Charles V, Francis I of France and Henry VIII of England. Bringing these three kings together, out of the relative isolation in which they are each studied, adds a fresh dimension to our understanding of contemporary ideals of kingship and reveals how these monarchs strove to be regarded as great warriors, effective governors and generous patrons. Renaissance and Reformation: Almanac 2 Vol.Set: Almanac University of Georgia Press

Die Buchreihe Mimesis präsentiert unter ihrem neuen Untertitel Romanische Literaturen der Welt ein innovatives und

integrales Verständnis der Romania wie der Romanistik aus literaturwissenschaftlicher und kulturtheoretischer Perspektive. Sie trägt der Tatsache Rechnung, dass die faszinierende Entwicklung der romanischen Literaturen und Kulturen in Europa wie außerhalb Europas neue weltweite Dynamiken in Gang gesetzt hat, welche die großen Traditionen der Romania fortschreiben und auf neue Horizonte hin öffnen. In Mimesis kommt ein transareales, die europäische und die außereuropäische Welt romanischer Literaturen und Kulturen zusammendenkendes Verständnis der Romanistik zur Geltung, das über nationale wie disziplinäre Grenzziehungen hinweg die oft übersehenen Wechselwirkungen zwischen unterschiedlichen Traditions- und Entwicklungslinien in Europa und den Amerikas, in Afrika und Asien entfaltet. Im Archipel der Romanistik zeigt Mimesis auf, wie die dargestellte Wirklichkeit in den romanischen Literaturen der Welt die Tür zu einem vielsprachigen Kosmos verschiedenartiger Logiken öffnet.

2,000 Years of Christ's Power, Part Two
Metropolitan Museum of Art

Formations of European Modernity seeks to provide an interpretation of the idea of Europe through an analysis of the course of European history. It aims to discover the structure of qualitative shifts in the relation between state, society and individual, how they occurred and what were their consequences for the formation of social and culture structures for European history. The book makes a major contribution to the debate on the idea of Europe and offers an interdisciplinary approach drawing especially from history, sociology and political theory, but also from geography and anthropology. The theoretical objective of is to make sense of the course of European history through an account of the formation of a European cultural model that emerges out of the legacies of the inter-civilizational background. It considers how in relation to this cultural model a societal structure takes shape. The tension between both gives form to Europe's path to modernity and defines the specificity of its heritage. The structuring process that has shaped Europe made possible a model of modernity that has placed a strong emphasis on the values of social justice and solidarity. These values have been reflectively appropriated in different periods to produce different interpretations, societal outcomes and a multiplicity of projects of modernity.

Renaissance and Reformation

WCB/McGraw-Hill

Text provides a greater focus on modern history, building a global perspective with world maps, regional time lines, and global connection footnotes. Internet activities are included. Grades 9-12.

Formations of European Modernity Oxford University Press on Demand

Readable and informative, this major text in Reformation history is a detailed exploration of the many facets of the Reformation, especially its relationship to the Renaissance. Estep pays particular attention to key individuals of the period, including Wycliffe, Huss, Erasmus, Luther, Zwingli, and Calvin. Illustrated with maps and pictures.

The Renaissance and Reformation in Northern Europe Oxford University Press

This new book by religion scholar Martin Marty, released in time for the 500th Anniversary of the Protestant Reformation, shows how Martin Luther's insights still speak to the church today about reconciliation, repentance and the need for "a change of heart." Included are the 95 Theses of Martin Luther. "The 'one thing' that opens these pages relates to and, in fact, is the first of ninety-five

theses that were proposed five hundred years ago by Martin Luther.... Here is that first thesis, as it was voiced by that influential monk in Germany half a millennium ago: "When our Lord and Master Jesus Christ said, 'Repent' (Matthew 4:17), he willed the entire life of believers to be one of repentance. So, simply put, this book is about 'repentance' as a worthy theme for believers to keep in mind if and as they commemorate events of five hundred years ago, events that still shape many features of their lives." — Martin Marty "Martin Marty's attention to October 31, 1517, the day that Martin Luther promulgated his 95 Theses, provides valuable insights for the past, the present, and the future—why Luther's articulation of 'repentance' meant so much then, why his commitment to 'justification' has now built a bridge for Catholics and Lutherans to work with each other, and why this great event of 500 years ago might herald a hopeful future for Christian believers and all others. There is an awful lot packed readably into this one small book." — Mark Noll, Francis A. McAnaney Professor of History,

University of Notre Dame "I would not dream of preparing my mind and heart for the celebration of Luther's role in the Reformation without finding out what Martin Marty has to say on the subject. And he says it here in this wonderful little book. The gifted historian that he is, Marty gives us much solid information. But he also writes eloquently about how best to prepare our souls for the kind of commemoration that also includes some prayers of repentance." —Richard Mouw "This pithy book offers valuable insight on how Luther's 95 theses have had a profound influence on the ecumenical movement, and can help Christians today understand what it means to be a member of a truly 'catholic' church." —Kathleen Norris "Martin Marty is the most widely respected historian of Christianity in the United States today. In this little book he with clarity, compassion, and a good dose of common sense shows how Luther's story is meaningful today." — Rev. John O'Malley, S.J., University Professor, Georgetown University "From one of the world's most preeminent scholars of religion comes a book about repentance; ...It is a gem."— James Martin, SJ
