Joining the Dots offers guitarists lots of material to help build confidence and skill in sight-reading. The series brings together a range of activities to help students improve their sense of fingerboard geography, helping them to read new music more quickly and

easily.  
Truly Wilde  
Hueber Verlag  
Pulitzer

author Annie

the immigrant

stunning novel  
that traces the  
ownership of a  
simple green  
accordion. E.  
Annie Proulx's  
Accordion  
Crimes is a  
masterpiece  
of storytelling  
that spans a  
century and a  
continent.  
Proulx brings  
the immigrant  
experience in  
America to life  
through the  
eyes of the  
descendants  
of Mexicans,  
Poles,

Africans, Irish-  
Scots, Franco-  
Canadians and  
many others,  
all linked by  
their  
successive

Superduets 2 Schott & Company Limited "Children and young musicians today are interested in playing the popular music that surrounds them daily on their own instrument. As the offerings of original compositions for violin and piano in this genre are few and far between and the legitimate demand for such pieces is

so high, these three new compositions for advanced violin students have been created. Regardless of where these pieces have been performed, the attractive, ""different"" sound has been well received and sparked interest among students, teachers and professors alike. The musical and technical demands created by a successful synthesis of the broad spectrum of

traditional violin compositional techniques and modern pop music stylings contribute greatly to the special appeal of these pieces. In these pieces, the student benefits from the combination of various modern music styles and traditional playing technique. These compositions represent a colorful addition to the educational and concert literature library for

violin."
