The Complete Poems of Carl Sandburg New York Review of Books
 Presented here in a bold new edition, E. E. Cummings: Complete Poems 1904–1962 showcases Cummings’s transcendent body of work, collected in its entirety. Combining Thoreau’s controlled belligerence with the brash abandon of an uninhibited bohemian, E. E. Cummings, together with Ezra Pound, T. S. Eliot, and William Carlos Williams, helped bring about the twentieth-century revolution in literary expression. Today Cummings is recognized as the author of some of the most sensuous lyric poems in the English language, as well as one of the most inventive American poets of his time. Formally fractured and yet gleefully alive and whole, at once cubistic and figurative, Cummings’s work expanded the boundaries of what language is and can do. With a new

introduction by Pulitzer Prize-winning poet Stephen Dunn, this redesigned, newly corrected, and fully reset edition of Complete Poems collects and presents all the poems published or designated for publication by E. E. Cummings in his lifetime. It includes 36 poems that were first collected in the 1991 edition and 164 unpublished poems issued in 1983 under the title Etcetera. It spans his earliest creations, his vivacious linguistic acrobatics, up through his last valedictory sonnets. In the words of Randall Jarrell, “No one else has ever made avant-garde, experimental poems so attractive to the general and special reader.”

Selected Poems Vintage

A collection of poems written by Dylan Thomas between 1934 and 1952.

Ernest Hemingway never wished to be widely known as a poet. He concentrated on writing short stories and novels, for which he won the Nobel Prize in 1956. But his poetry deserves close attention, if only because it is so revealing. Through verse he expressed anger and disgust—at Dorothy Parker and Edmund Wilson, among others. He parodied the poems and sensibilities of

Rudyard Kipling, Joyce Kilmer, Robert Graves, Robert Louis Stevenson, and Gertrude Stein. He recast parts of poems by the likes of Ezra Pound and T. S. Eliot, giving them his own twist. And he invested these poems with the preoccupations of his novels: sex and desire, battle and aftermath, cats, gin, and bullfights. Nowhere is his delight in drubbing snobs and overrefined writers more apparent. In this revised edition of the Complete Poems, the editor, Nicholas Gerogiannis, offers here an afterword assessing the influence of the collection, first published in 1979, and an updated bibliography. Readers will be particularly interested in the addition of "Critical Intelligence," a poem written soon after Hemingway's divorce from his first wife in 1927. Also available as a Bison Book: Hemingway's Quarrel with Androgyny by Mark Spilka.

The Complete Poetry New York Review of Books

Langston Hughes electrified readers and launched a renaissance in Black writing in America—the poems in this collection were chosen by Hughes himself shortly before his death and represent stunning work from his entire career. The poems Hughes wrote celebrated the experience of invisible men and women: of slaves who "rushed the boots of Washington"; of musicians on Lenox

Avenue; of the poor and the lovesick; of losers in "the raffle of night." They conveyed that experience in a voice that blended the spoken with the sung, that turned poetic lines into the phrases of jazz and blues, and that ripped through the curtain separating high from popular culture. They spanned the range from the lyric to the polemic, ringing out "wonder and pain and terror—and the marrow of the bone of life." The collection includes "The Negro Speaks of Rivers," "The Weary Blues," "Still Here," "Song for a Dark Girl," "Montage of a Dream Deferred," and "Refugee in America." It gives us a poet of extraordinary range, directness, and stylistic virtuosity. **The Collected Poems of William Carlos Williams: 1909-1939** New York : New Directions Publishing Corporation

A revised edition of this major writer's complete poetical work And I who was walking with the earth at my waist, saw two snowy eagles and a naked girl. The one was the other and the girl was neither. -from "Qasida of the Dark Doves" Federico García Lorca was the most beloved poet of twentieth-century Spain and one of the world's most influential modernist writers. His work has long been admired for its passionate urgency and haunting evocation of sorrow and loss. Perhaps more persistently than any writer of his time, he sought to understand and accommodate the numinous sources of his inspiration. Though he died at age thirty-eight, he left behind a generous body of poetry, drama, musical arrangements, and drawings, which continue to surprise and inspire. Christopher Maurer, a leading García Lorca scholar and editor, has brought together new and substantially revised translations by twelve poets and translators, placed side by side with the Spanish originals. The seminal volume *Poet in New York* is also included here in its entirety. This is the most comprehensive collection in English of a poet who—as Maurer writes in his illuminating introduction—"spoke unforgettably of all that most interests us: the otherness of nature, the demons of personal identity and artistic creation, sex, childhood, and death."

Keats's first volume of poems, published in 1817, demonstrated both his belief in the consummate power of poetry and his liberal views. While he was criticized by many for his politics, his immediate circle of friends and family immediately recognized his genius. In his short life he proved to be one of the greatest and most original thinkers of the second generation of Romantic poets, with such poems as 'Ode to a Nightingale', 'On First Looking into Chapman's Homer' and 'La Belle Dame sans Merci'. While his writing is illuminated by his exaltation of the imagination and abounds with sensuous descriptions of nature's beauty, it also explores profound philosophical questions. John Barnard's acclaimed volume contains all the poems known to have been written by Keats, arranged by date of composition. The texts are lightly modernized and are complemented by extensive notes, a comprehensive introduction, an index of classical names, selected extracts from Keats's letters and a number of pieces not widely available, including his annotations to Milton's *Paradise Lost*.

Observations New Directions Publishing

"Poetry," Michael McClure has said, "is not a system but is real events spoken of, or happening, in sounds." And for thirty years, whether in his early "Dionysian" lyrics or his evolving "bio-alchemical" wisdom, his work has shown a ferocious energy and driving physicality. A poet of and for our time, his own formal structures--the shape of his poems and his highly charged breath-line--nevertheless look back to the classics, to the Provençal troubadours, and to the Romantic verse of Blake, Keats, and Shelley. McClure's *Selected Poems* is the first major retrospective collection of a poet and Obie-winning playwright associated with the San Francisco Renaissance from its start as well as the early Beat movement. The poems in the book, chosen by McClure himself, hold the undiminished force of three decades' work distilled. Included in *Selected Poems* are poems and long passages from nine of the author's earlier collections.

The first appearance of this award-winning writer's work since the 1940s, this collection, which includes an introduction by John Ashbery, restores Joan Murray's striking poetry to its originally intended form. Though John Ashbery hailed Joan Murray as a key influence on his work, Murray's sole collection, *Poems*, published after her death at the early age of twenty-four and selected by

W. H. Auden for inclusion in the Yale Series of Younger Poets, has been almost entirely unavailable for the better part of half a century. *Poems* was put together by Grant Code, a close friend of Murray's mother, and when Murray's papers, long thought to be lost, reappeared in 2013, it became clear that Code had exercised a heavy editorial hand. This new collection, edited by Farnoosh Fathi from Murray's original manuscripts, restores Murray's raw lyricism and visionary lines, while also including a good deal of previously unpublished work, as well as a selection of her exuberant letters.

Rich in geographical motifs, the collection navigates the intertwined tapestry of human life and nature, revealing the poet's intrinsic ability to render chaos into form. A vital presence in twentieth-century literature, this anthology forges an essential window into Bishop's world, offering a comprehensive view into her profound career. Whether you're new to Bishop's work or a longtime admirer, you'll discover the unique perspective she brought to English-language poetry, solidifying this anthology as a definitive cornerstone in any poetry collection.

In 1578, during months of imprisonment for his reformist beliefs, San Juan de la Cruz composed a series of narrative poems inspired by the Biblical Song of Songs—and, the story goes, a popular love song overheard from his cramped cell—that take God as the beloved. Erotically charged, initially scandalous, his mystical poetry engages with the journey of the soul through the darkest trenches of suffering and despair toward an enlightened spiritual connection with God. For hundreds of years, these poems have resonated deeply with those who search for meaning in the dark, and have influenced generations of poets, artists, and philosophers. This bilingual edition of the *Complete Poems*—including "Dark Night" and both the Sanlúcar and Jaén manuscripts of "Spiritual Canticle"—presents an intimate and exceptionally collaborative new translation from María Baranda and Paul Hoover. Baranda, one of the most distinguished Mexican poets of her generation, lends her deft hand with expansive, meditative poetry. Hoover—the accomplished American poet, editor, and translator—offers his dexterity with form and the possibilities of language. The product is uniquely faithful to image and idea, and loyal to the ecstatic lyricism of this canonical text. A volume that hums with the soul's longing to find solace, *The Complete Poems of San Juan de la Cruz* is a collection to be treasured.

The Translation judges for the National Book Awards--Richard Miller, Alastair Reid, Eliot Weinberger--cited Clayton Eshleman and Jose Rubia Barcia's translation of Cesar Vallejo's *The Complete Posthumous Poetry* as follows: "This, the first National Book Award to be given to a translation of modern poetry, is a recognition of Clayton Eshleman's seventeen-year apprenticeship to perhaps the most difficult poetry in the Spanish language. Eshleman and his present collaborator, Jose Rubia Barcia, have not only rendered these complex poems into brilliant and living English, but have also established a definitive Spanish test based on Vallejo's densely rewritten manuscripts. In recreating this modern master in English, they have also made a considerable addition to poetry in our language."

'I first read a W. S. Graham poem in 1949. It sent a shiver down my spine. Forty-five years later nothing has changed. His song is unique and his work an inspiration.' Harold Pinter. From his first publications in the early 1940s, to his final works of the late 1970s, W. S. Graham has given us a poetry of intense power and inquisitive vision - a body of work regarded by many as among the best Romantic poetry of the twentieth century. This *New Collected Poems*, edited by poet and Graham-scholar Matthew Francis and with a foreword by Douglas Dunn, offers the broadest picture yet of Graham's work.

The most comprehensive collection available of Menashe's concise and powerfully suggestive poetry Samuel Menashe (1925-2011) was the first recipient of The Poetry Foundation's Neglected Masters Prize in 2004 and this volume was published in conjunction with that award. Born in New York City, Menashe practiced his art of "compression and crystallization" (in Derek Mahon's phrase) in poems that are brief in form but startlingly wide-ranging and profound in their engagement with ultimate questions. Dana Gioia has written: "Menashe is essentially a religious poet, though one without an orthodox creed. Nearly every poem he has ever published radiates a heightened religious awareness." Intensely musical and rigorously constructed, Menashe's poetry stands apart in its solitary meditative power. But it is equally a poetry of the everyday, suffused, in the words of Christopher Ricks, with "the courage of comedy, flanked by the respect of innocence." The humblest of objects, the minutest of natural forms here become powerfully suggestive, and even the shortest of the poems are spacious in the perspectives they open. About the American Poets Project Elegantly designed in compact editions, printed on acid-free paper, and textually authoritative, the American Poets Project makes available the full range of the American poetic accomplishment, selected and introduced by today's most discerning poets and critics.

Ezra Pound has been called "the inventor of modern poetry in English." The verse and criticism which he produced during the early years of the twentieth century very largely determined the directions of creative writing in our time; virtually every major poet in England and America today has acknowledged his help or influence. Pound's lyric genius, his superb technique, and his fresh insight into literary problems make him one of the small company of men who through the centuries have kept poetry alive—one of the great innovators. This book offers a compact yet representative selection of Ezra Pound's poems and translations. The span covered is Pound's entire writing career, from his early lyrics and the translations of Provençal songs to his English version of Sophocles' *Trachiniae*. Included are parts of his best known works—the Chinese translations, the sequence called *Hugh Selwyn Mauberly*, the *Homage to Sextus Propertius*. The *Cantos*, Pound's major epic, are presented in generous selections, chosen to emphasize the main themes of the whole poem.
