The Dear Remote Nearness of You Рипол Классик
 My desire is to remain alive in generations beyond my lifetime. Much of my work is experiential. Feeling empathy towards people's grief and pain was conveyed to poetry. My poetry speaks to thoughtless, cruel treatment of animals not treated as sentient beings, even those feeling and trusting creatures of the sea. Nature, love, friendships, retirement, African American men, birth and death are reflected in "Legacy of Poems". Downsizing elicited stinging rebuke from my pen. Subtle advice is expended, but the last poem becomes overt. I received merit awards for the Sound of Poetry and was included in Best Poetry of the Year four times and also in Celebration of Poets, a showcase edition. Book Review Reviewer: Cindy Skelton, High School Teacher Skelton4@earthlink.net 650.343.7269 Angela Kiel Willoughby's Legacy of Poems spring from her life experiences and observations. The first section of poems feel familiar as she writes about her family and growing up in Illinois. "Memories" and

"My Mother" particularly remind me of stories my father told me about growing up on a farm in Roseville, Illinois. They hearken back to a simpler time or perhaps a more difficult one: picking down for a featherbed, gathering eggs, feeding chickens in addition to a myriad of other daily chores. Through the poems, we learn of strong character traits inherent in her family; an example of the strength required to raise seven children. For several years, Ms. Willoughby worked as a labor and delivery nurse, giving her a great insight into health care issues (and what could be more timely) whether it was delivering babies or considering an ailing relative in a nursing home. She honors colleagues both doctors and nurses and shares definite opinions on those that have a poor bedside manner. Assisting in all those deliveries, her writings acknowledge the trauma of a stillborn birth, the agony of carrying a baby to term and giving him up for adoption and the difficulty of a pre-mature birth. These poems, written when Ms. Willoughby was still working, must have been a way for her to cope with the often tragic events associated with her profession. She takes the opportunity to write scathing poems about health care "professionals" who were not so

professional. In "Mildred Marie's Final Hospital Days" and "Mildred Marie Willoughby" the reader completely understands her anger at the poor way Mildred was treated during her final days and we can only hope that we never encounter a nurse as horrible as the one described in these poems. Over the years, she has developed a passion for animal rights advocacy. Included in this volume is a letter/poem to President Clinton urging him to uphold the U.S. Marine Mammal Protection Act a letter she sent to members of congress and the senate as well. She writes a poem to the CEO of Proctor and Gamble, "Praying for World Enlightenment", urging him to ban animal testing. These poems are passionate pleas to honor and protect the lives of animals. On a final note, the layout of this book is particularly comforting. Ms. Willoughby takes care to have only one poem per page, often with a corresponding picture from her own collection. The reader is allowed to linger and savor each poem as it is discovered. We are fortunate that Angela Willoughby chose to compile some of her best poems into this volume. She writes each poem with a thoughtfulness and deliberate point of view, enabling the reader to experience clear snapshots of these moments in her life.

"Vee's Broken Silence" is both riveting and intriguing. After years of allowing her pen to bleed on the pad, Vee the Poet decided to share her thoughts with the world. Her intricately laced words embedded on the pages will take you on a poetic journey that leaves you both inspired and enlightened.

"Sub Rosa? Of course, for these poems are rich in the secrets of emotional survival. The small balances and charms that children learn in their long solitude, like a light 'faint but unfailing,' have been lovingly transformed in these poems to the adult world. The resulting poems are beautiful and delicate, and have terrific resilience and strength."--William Matthews "Susan Prospere's poems are full of what she calls 'the process of transforming one thing into another.' . . . The changes are rapid and magical and the language they occur in is brilliant and assured."--Eavan Boland Ms. Prospere's alchemy manages to turn diverse elements into gold. These poems are startling and transformational: an extraordinary debut."--New York Times Book Review "In Susan Prospere's marvelous debut volume, *Sub Rosa*, we are constantly touched by the grace and poignancy of intimate and powerful recollections. Here, we find an extraordinary voice that seems simultaneously both adult and child--the adult's sad wisdoms perpetually riddled by the child's awe at her world's mysteriously shifting allegiances. We know from the very first line of *Sub Rosa* that we are in the hands of a truly compelling new poet."--David St. John

First published in 1996, *The William Makepeace Thackeray Library* is a collection of texts written by and about the novelist, which provide an insight into his life and works beyond his major novels such as *Vanity Fair*. It begins with some of Thackeray's lesser-known journalistic work and travel writings and moves on to key works written about the author in the second half of the 19th century and at the turn of the 20th century. Each volume begins with an informative introduction by Richard Pearson, providing a brief analysis of each text and presenting the context in which it was written. This set will be of keen interest to those studying William Thackeray and nineteenth-century literature more broadly.

Where There's Hope- There's Love University of Notre Dame Press

Poetry. LGBTQIA Studies. *AT FIRST & THEN* is radical, beautiful, propulsive. An Orphic tale of a body descending then rising again,

the debut chapbook from poet Danielle Rose charts woven stories of addiction, grief, trauma, and, ultimately, gender--the essential pieces of personhood. Through struggle and loss, the poems in *AT FIRST & THEN* proceed like timid ghosts learning how to form language, gathering the disparate elements of selfhood into a warm coherency, a radical self-permission. Rose writes the language of longing with a fierce acuity, but this is also a collection about fulfillment. "In both there is dancing," Rose's speaker says of the motion of the tides and of welcoming the divine. These are poems brimming with motion, with hunger, and with aching, full-bodied joy. "This must be how / we can bear to be so empty / so we can be so full." "*AT FIRST & THEN* is a transition narrative, but not in the ways it is expected to be. Instead, charting a kind of transition along parallel lines of gender, addiction, grief, trauma, and a shifting sexuality. Rose deftly writes through a range of interdisciplinary lenses--cartography, cooking, philosophy, linguistics, anatomy, ornithology, and more--toward a new understanding of a changing self. The end result is a panoramic portrait of the speaker-subject rendered in frantic syntax and with striking lyrical precision. Each poem laced with loss and intimately aware of 'how loss reveals a new language.' Page by page, Rose guides the reader deeper into the uncharted and shadowy corners of this language, but warns us 'that poetry is not light--& that we do not need / another word for empty.'"--torrin a. greathouse "Danielle Rose is a poet who keeps her eye close to the ground in which we are raised--close to the categories which define (and often displace) us. To the extent that the feminine is reclaimed, analogies from nature are used to reveal or subvert finality, as in the migration patterns of mourning doves, the 'toward or away,' the incessant motion. As Rose notes, the tools we have are insufficient--the body map, itself, 'a violence.' I could not put this book away, and I will never forget it."--Alina Stefanescu

Poetry. African & African American Studies. "THE DEAR REMOTE NEARNESS OF YOU speaks poetry's origin in new and startling ways. This is the precise intelligence that knows it must step carefully across the light on the surface of the water... These poems form the contiguous dance of language choosing its own body at will, traveling across light and the dimensions of unarticulated history. This is the word rubbed onto the palimpsest of our being, the careful solo soprano in the space where music ends and poetry moves in to name what is eternal and what is only in the abbreviation of now. What a delightful book from Boston's Poet Laureate." Afaa Michael Weaver"

How Blood Works AuthorHouse

A Death on Skunk Street is the first stand-alone book by Los Angeles poet William S. Friday. Subtitled, "...a life in poems", the book is both a remembrance, and a look forward, at what Bernard Malamud (*"The Natural"*) called, "The life we learn with... and the life we live after that". *Skunk Street* is a work of visions, written by a blue-collar college drop-out with the eloquence of an angry Psalmist. Parts neon and noir, full moon and sunsets, and the words that come from feelings too often unexpressed. From loneliness in a sea of humanity to, comfort in the company of self. There's blood, and brains, printed on every page. In the author's own words... "Somewhere along the way, after all the years and all the experiences, you realize that the only thing you have to show for them is your recollection of them. And then, you write. So I guess I'd have to say that I'm the guy who writes what he remembers." What others are saying about William S. Friday, and *A Death on Skunk Street*... "Friday's collection is a book of ghosts. In it, he gives us the bitter pill of life and sweetens it with touches of irony and sarcasm, allowing us into, and out of, the poet's world." -Lois P. Jones, Poetry Editor (*Kyoto Journal*) "*A Death on Skunk Street* is a purposeful and uncompromisingly honest introspection... without all the usual... bullshit that passes for poetry today." -J.W. Gardner, veterans advocate and author ("In

the Shadow of the Bomb") "I've been a fan of Bill's work for some time, and now, this collection of highly personal, existential poems. This is what poetry SHOULD be." -Julian Gallo, novelist (*"Breathe"*) "Concise. Emotional. Personal. It's obvious that the thoughts and feeling expressed in Bill's poetry are deeply felt. It's good work." -Derrick Ferguson, author and creator (the "Dillon" series)

This groundbreaking, multi-genre anthology answers the question: what did the literary landscape look like in South Africa at the start of the twenty-first century? It documents a slice of this landscape by bringing together the writings of over twenty contributors through literary critique, personal essays and interviews. The book tells the story of the seismic shift that transformed national culture through poetry and is the first of its kind to explore the history and impact of poetry by Black women, in their own voices. It straddles disciplines: literary theory, feminism, history of the book and politics - thus decolonising literary culture. *Our Words, Our Worlds* covers expansive reflections: from the international diplomacy-transforming poem, 'I Have Come to Take You Home' by Diana Ferrus, to the pioneering publisher duduzile zamantungwa mabaso; from the self-confessed closeted poet Sedica Davids, to the fiery unapologetic feminist Bandile Gumbi; from the world-renowned Malika Ndlovu, to the engineer and award-winning Nosipho Gumede; from the formidable foursome Feela Sistah, to feminist literary scholars V.M. Sisi Maqagi and Barbara Boswell. The collective contributions are a testimony to the power of creativity and centrality of poetry in a changing society. This book is an assertion of Black women's intellectual prowess and - as Gabeba Baderoon puts it - black women's visions of 'a world made whole by their presence'. Contributors: Gabeba Baderoon, Barbara Boswell, Sedica Davids, Phillipa Yaa de Villiers, Diana Ferrus, Vangi Gantsho, Bandile Gumbi, Nosipho Gumede, Myesha Jenkins, Ronelda Sonnet Kamfer, duduzile zamantungwa mabaso, Makgano Mamabolo, Napo Masheane, Lebogang Mashile, V.M. The debut collection from a 2021 Whiting Award and Guggenheim Fellow recipient whose "astounding, dolorous, rejoicing voice is indispensable" (Tracy K. Smith) *The Sobbing School*, Joshua Bennett's mesmerizing debut collection of poetry,

presents songs for the living and the dead that destabilize and de-familiarize representations of black history and contemporary black experience. What animates these poems is a desire to assert life, and interiority, where there is said to be none. Figures as widely divergent as Bobby Brown, Martin Heidegger, and the 19th-century performance artist Henry Box Brown, as well as Bennett's own family and childhood best friends, appear and are placed in conversation in order to show that there is always a world beyond what we are socialized to see value in, always alternative ways of thinking about relation that explode easy binaries.
