La continua espansione delle comunicazioni e degli scambi linguistici e culturali nell'attuale epoca della globalizzazione e il crescente numero di stranieri immigrati nel nostro Paese hanno delle conseguenze e generano dei fenomeni che possono essere anche molto interessanti. Tra i fenomeni di tipo linguistico e letterario, merita certamente attenzione per vari motivi e da diversi punti di vista l'aumento del numero di scrittori stranieri che scelgono di realizzare le proprie opere in lingua italiana. In questo saggio, si riepilogano brevemente alcuni precedenti storici del fenomeno odierno e si analizzano poi i casi di tre autori stranieri contemporanei che hanno deciso di scrivere in italiano, ciascuno seguendo un proprio peculiare percorso esistenziale e letterario: si tratta del romeno Mihai Mircea Butcovan, dell'albanese Ornela Vorpsi e della statunitense d'origine bengalese Jhumpa Lahiri.

La pubblicazione degli Atti del convegno internazionale Il pensiero letterario come fondamento di una testa ben fatta si propone di dare ampia disseminazione a riflessioni di studiosi che, a partire da approcci disciplinari diversi, si interrogano tutti circa l'importanza del testo letterario quale fattore strutturante di un modo complesso e ricco di guardare il mondo; di comprendere meglio se stessi e gli altri; di concepire la rete di relazioni, nel tempo e nello spazio, che compone il nostro ambiente di vita,

fisico e mentale; di elaborare nuove prospettive di visione o forme di accesso alla realtà e al linguaggio più intime e dirette, come fa, ad esempio, la poesia. Sul solco del concetto di "testa ben fatta", da Montaigne a Edgar Morin, la letteratura appare come una fondamentale modalità di connessione e di comprensione dei molteplici aspetti che realizzano la nostra umanità, per noi che siamo, innanzi tutto, degli «esseri di parola e di testi». Le Scienze dell'educazione traggono certamente vantaggio da questa consapevolezza, anche, o soprattutto, nel mondo attuale.

"Wise and witty."—Publishers Weekly "A charming story well told."—Kirkus Reviews "Smart, funny, charming . . . full of astute insights into the way Italy works."—Alexander Stille "A wonderfully fun read."—Dr. Robert Sapolsky "As funny as it is poignant. A must read for anyone who thinks they understand medicine, Italy, or humanity."—Barbie Latza Nadeau After completing her medical training in New York, Susan Levenstein set off for a one year adventure in Rome. Forty years later, she is still practicing medicine in the Eternal City. In *Dottoressa: An American Doctor in Rome* Levenstein writes, with love and exasperation, about navigating her career through the renowned Italian tangle of brilliance and ineptitude, sexism and tolerance, rigidity and chaos. Part memoir—starting with her epic quest for an Italian medical license—and part portrait of Italy from a unique point of view, *Dottoressa* is packed with vignettes that illuminate the national differences in character, lifestyle, health, and health care between her two countries. Levenstein, who has been called "the wittiest internist on earth," covers everything from hookup culture to neighborhood madmen, Italian hands-off medical training, bidets, the ironies of expatriation, and why Italians always pay their doctor's bills.

Clash of Civilizations Over an Elevator in Piazza Vittorio The Feminist Press at CUNY

Adapted for the stage from the best-selling memoir, *The Speckled People* tells a profoundly moving story of a young boy trapped in a language war. Set in 1950s Ireland, this is a gripping, poignant, and at times very funny family drama of homesickness, control

and identity. As a young boy, Hugo Hamilton struggles with what it means to be speckled, "half and half... Irish on top and German below." An idealistic Irish father enforces his cultural crusade by forbidding his son to speak English while his German mother tries to rescue him with her warm-hearted humour and uplifting industry. The boy must free himself from his father and from bullies on the street who persecute him with taunts of Nazism. Above all he must free himself from history and from the terrible secrets of his mother and father before he can find a place where he belongs. Surrounded by fear, guilt, and frequently comic cultural entanglements, Hugo tries to understand the differences between Irish history and German history and to turn the strange logic of what he is told into truth. It is a journey that ends in liberation but not before the long-buried secrets at the back of the parents' wardrobe have been laid bare.

This book is a descriptive account of English as it is used in India. Indian English is a second language to most of its speakers. In its 400-year history it has acquired its own character, yet still looks to native varieties of English for norms. The complex nature of Indian English, which is not really a monolithic entity, is discussed in this book. The book also makes a distinction between what are considered to be standard and non-standard varieties, and provides an overview of the salient features. Indian English includes: * A discussion of the sociolinguistic and cultural factors* The history of the establishment of English in India, bringing it up to modern times* A description of the linguistic aspects: phonetics and phonology, lexical, discourse and morphosyntactic features* Samples of written English from a range of contexts* Samples of speech* An annotated bibliography divided according to topic.

Absolutely gripping from start to finish... a really stunning book. —Victoria Hislop *Ties* is the story of a marriage. Like many marriages, this one has been subject to strain, to attrition, to the burden of routine. Yet it has survived intact. Or so things appear. The rupture in Vanda and Aldo's marriage lies years in the past, but if one looks closely enough, the fissures and fault lines are evident. Their marriage is a cracked vase that may shatter at the slightest touch. Or perhaps it has already shattered, and nobody is willing to acknowledge the fact. Domenico Starnone's thirteenth work of fiction is a powerful short novel about relationships, family, love, and the ineluctable consequences of one's actions. Known as a consummate stylist and beloved as a talented storyteller, Domenico Starnone is the winner of Italy's most prestigious literary award The Strega.

A powerful post-apartheid novel and winner of South Africa's M-Net Literary Award, hailed by J.M. Coetzee as "a tremendous achievement." South Africa, 1991: Nelson Mandela is freed from prison, the African National Congress is now legal, and a new day dawns in Cape Town. David Dirkse, part of the underground world of activists, spies, and saboteurs in the liberation movement, suddenly finds himself above ground. With "time to think" after the unbanning of the movement, David searches his family tree, tracing his bloodline to the mixed-race "Coloured" people of South Africa and their antecedents among the indigenous people and early colonial settlers. But as David studies his roots, he soon learns that he's on a hit list. Now caught in a web of surveillance and betrayal, he's forced to rethink his role in the struggle for "nonracial democracy," the loyalty of his "comrades," and his own conceptions of freedom. Mesmerizing and multilayered, Wicomb's award-winning novel delivers a moving examination of the nature of political vision, memory, and truth. "A delicate, powerful novel, guided by the paradoxes of witnessing the certainties of national liberation and the uncertainties of ground-level hybrid identity, the mysteries of sexual exchange, the austerity of political fiction. Wicomb's book belongs on a shelf with books by Maryse Condé and Yvette Christiansë." —Gayatri Chakravorty Spivak, author of *A Critique of Postcolonial Reason* *Translating Myself and Others* National Geographic Books At heart, this is a love story -- of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for "a trial by fire, a sort of baptism" into a new language and world. There, she begins to read, and to write -- initially in her journal -- solely in Italian. *In Other Words*, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice.

The immigrant tenants of a building in Rome offer skewed accounts of a murder in this prize-winning satire by the Algerian-born Italian author (Publishers Weekly). Piazza Vittorio is home to a polyglot community of immigrants who have come to Rome from all over the world. But when a tenant is murdered in the building's elevator, the delicate balance is thrown into disarray. As each of the victim's neighbors is questioned by the police, readers are offered an all-access pass into the most colorful neighborhood in contemporary Rome. With language as colorful as the neighborhood it describes, each character takes his or her turn "giving evidence." Their various stories reveal much about the drama of racial identity and the anxieties of a life spent on society's margins, but also bring to life the hilarious imbroglios of this melting pot Italian culture. "Their frequently wild testimony teases out intriguing psychological and social insight alongside a playful whodunit plot." —Publishers Weekly

A New York Times Notable Book of the Year Named one of the Best Books of the Year by the Washington Post and Library Journal A Holiday Gift Guide Selection in the San Francisco Chronicle and Newsday A New York Times Book Review Editors' Choice Selection The Complete Works of Primo Levi, which includes seminal works like *If This Is a Man* and *The Periodic Table*, finally gathers all fourteen of Levi's books—memoirs, essays, poetry, commentary, and fiction—into three slipcased volumes. Primo Levi, the Italian-born chemist once described by Philip Roth as that "quicksilver little woodland creature enlivened by the forest's most astute intelligence," has largely been considered a heroic figure in the annals of twentieth-century literature for *If This Is a Man*, his haunting account of Auschwitz. Yet Levi's body of work extends considerably beyond his experience as a survivor. Now, the transformation of Levi from Holocaust memoirist to one of the twentieth century's greatest writers culminates in this publication of *The Complete Works of Primo Levi*. This magisterial collection finally gathers all of Levi's fourteen books—memoirs, essays, poetry, and fiction—into three slip-cased volumes. Thirteen of the books feature new translations, and the other is newly revised by the original translator. Nobel laureate Toni Morrison introduces Levi's writing as a "triumph of human identity and worth over the

pathology of human destruction.” The appearance of this historic publication will occasion a major reappraisal of “one of the most valuable writers of our time” (Alfred Kazin). The Complete Works of Primo Levi features all new translations of: The Periodic Table, The Drowned and the Saved, The Truce, Natural Histories, Flaw of Form, The Wrench, Lilith, Other People’s Trades, and If Not Now, When?—as well as all of Levi’s poems, essays, and other nonfiction work, some of which have never appeared before in English.

A crucial question throughout the Middle Ages, the relationship between body and spirit cannot be understood without an interdisciplinary approach – combining literature, philosophy and medicine. Gathering contributions by leading international scholars from these disciplines, the collected volume explores themes such as lovesickness, the five senses, the role of memory and passions, in order to shed new light on the complex nature of the medieval Self.

On a post-college visit to Florence, Pulitzer Prize-winning author Jhumpa Lahiri fell in love with the Italian language. Twenty years later, seeking total immersion, she and her family relocated to Rome, where she began to read and write solely in her adopted tongue. A startling act of self-reflection, *In Other Words* is Lahiri’s meditation on the process of learning to express herself in another language—and the stunning journey of a writer seeking a

New American Stories Paul Dry Books

The years 1676 and 1774 marked two turning points in the social and legal treatment of madness in England. In 1676, London’s Bethlehem Hospital expanded in grand new premises, and in 1774 the Madhouses Act attempted to limit confinement of the insane. This study explores almost a century of the English history of madness through the texts of five poets who were considered mentally troubled according to contemporary standards: James Carkesse, Anne Finch, William Collins, Christopher Smart and William Cowper were hospitalized, sequestered or exiled from society. Their works cope with representations of insanity, medical definitions or practices, imputed illness, and the judging eye of the ‘sane other’, shedding new light on the dis/continuities in the notion of madness of this period.

How do you clothe a book? In this deeply personal reflection, Pulitzer Prize-winning author Jhumpa Lahiri explores the art of the book jacket from the perspectives of both reader and writer. Probing the complex relationships between text and image, author and designer, and art and commerce, Lahiri delves into the role of the uniform; explains what book jackets and design have come to mean to her; and how, sometimes, “the covers become a part of me.”
