It was the quiet ones you had to watch. That's where the real passion was lurking. They came together at Mountainview College, a down-at-the-heels secondary school on the seamy side of Dublin, to take a course in Italian. It was Latin teacher Aidan Dunne's last chance to revive a failing marriage and a dead-end career. But Aidan's dream was headed for disaster until the mysterious Signora appeared, transforming a shared passion for Italy into a life-altering adventure for them all . . . bank clerk Bill and his dizzy fiancée Lizzie: a couple headed for trouble . . . Kathy, a hardworking innocent propelled into adulthood in a shocking moment of truth . . . Connie, the gorgeous rich lady with a scandal ready to explode . . . glowering Lou, who joined the class as a cover for crime. And Signora, whose passionate past remained a secret as she changed all their lives forever. . . . From the New York Times bestselling author of *This Year It Will Be Different*, *The Glass Lake*, and *Circle of Friends*, comes a novel filled with Maeve Binchy's signature warmth, wit, and sheer storytelling genius—a spellbinding tale of men and women whose quiet lives hide the most unexpected things. . . .

A small-town embalmer's daughter lifts the shroud on the fascinating minutiae of dealing with the dead. Imagine rubbing shoulders with the dead for most of your life. As she picks the brain of her father for the most gruesome and thought-provoking secrets of his embalming career - from the drowned boy whose

organs were eaten by eels to how to inject just the right amount of colour into a corpse's skin for that blushing look - the narrator must look her parents' deaths, and her relationship with them, straight in the eye. Quietly poetic, *The Embalmer* glimpses at something most would rather look away from.

"One of the best Italian novels of the year" in a pitch-perfect rendering in English by Ann Goldstein, Elena Ferrante's translator (Huffington Post, Italy). Winner of the Campiello Prize A 2019 Best Book of the Year (The Washington Post Kirkus Reviews Dallas Morning News) Told with an immediacy and a rare expressive intensity that has earned it countless adoring readers and one of Italy's most prestigious literary prizes, *A Girl Returned* is a powerful novel rendered with sensitivity and verve by Ann Goldstein, translator of the works of Elena Ferrante. Set against the stark, beautiful landscape of Abruzzo in central Italy, this is a compelling story about mothers and daughters, about responsibility, siblings, and caregiving. Without warning or explanation, an unnamed thirteen-year-old girl is sent away from the family she has always thought of as hers to live with her birth family: a large, chaotic assortment of individuals whom she has never met and who seem anything but welcoming. Thus begins a new life, one of struggle, tension, and conflict, especially between the young girl and her mother. But in her relationship with Adriana and Vincenzo, two of her newly acquired siblings, she will find the strength to start again and to build a new and enduring sense of self. "An achingly beautiful book, and an utterly devastating one." —Minneapolis Star Tribune "Di Pietrantonio [has a] lively way with a phrase (the translator, Ann Goldstein, shows the same sensitivity she does with Elena Ferrante) [and] a fine instinct for detail." —The Washington Post "A gripping, deeply moving coming-of-age novel; immensely readable, beautifully written, and highly recommended." —Kirkus Reviews (starred review) "Captivating." —The Economist

Personal pronouns have a special status in languages. As indexical tools they are the means by which languages and persons intimately interface with each other within a particular

social structure. Pronouns involve more than mere grammatical functions in live communication acts. They variously signal the gender of speakers as parts of utterances or in their anaphoric roles. They also prominently indicate with a range of degrees the kind of social relationships that hold between speakers from intimacy to indifference, from dominance to submission, and from solidarity to hostility. Languages greatly vary in the number of pronouns and other address terms they offer to their users with a distinct range of social values. Children learn their relative position in their family and in their society through the "correct" use of pronouns. When languages come into contact because of population migrations or through the process of translation, pronouns are the most sensitive zone of tension both psychologically and politically. This volume endeavours to probe the comparative pragmatics of pronominal systems as social processes in a representative set from different language families and cultural areas.

*Est Antigoriu* è un viaggio in terra sarda, un mosaico di profumi, usi, tradizioni, folklore e sentimento isolano che dà forma all'isola esattamente come l'autrice la percepisce. E' lo stesso titolo a definire la terra sarda antica, nel fascino, nella cultura, nella gastronomia, nell'arte e nell'architettura, nei suoni e in quei sentimenti che sparpaglia come grano al vento, capace come s'è dimostrata di trattenere dell'antico solo il meglio. L'isola viene letta e riletta sotto diversi aspetti: con gli occhi di donna tradita, amata, protetta o esposta, con lo sguardo delle Dee che l'hanno abitata, rivivendo feste, attraversando malattie e cure, sognando della Sardegna di ieri e ripercorrendone la storia attraverso l'arte che al suo interno vide nascere, d'intreccio, di pittura, di foto.

"Damned if you do; damned if you don't" voices the strategic impasse the USA finds itself in today. Liberal interventionism and globalization—the two pillars of the international system—seem not to work. Explaining the inability of Western powers to enact wise initiatives, Corradi explores the de-coupling of political systems: we are connected with each other but disconnected from policy makers. The paradox of increased connectivity and

collective disengagement sets a perverse dynamic between publics and elites, with a serious impact on world affairs. Corradi analyzes the social bases of present dilemmas and how incipient decline can be managed, and paralysis overcome.

On the eve of graduation, two friends are a hairsbreadth from solving the mysteries of the *Hypnerotomachia Poliphili*, a Renaissance text that has baffled scholars for centuries. Famous for its hypnotic power over those who study it, the five-hundred-year-old *Hypnerotomachia* may finally reveal its secrets—to Tom Sullivan, whose father was obsessed with the book, and Paul Harris, whose future depends on it. As the deadline looms, research has stalled—until a vital clue is unearthed: a long-lost diary that may prove to be the key to deciphering the ancient text. But when a longtime student of the book is murdered just hours later, a chilling cycle of deaths and revelations begins—one that will force Tom and Paul into a fiery drama, spun from a book whose power and meaning have long been misunderstood. **BONUS:** This edition includes an excerpt from Dustin Thomason's 12.21. “Profoundly erudite . . . the ultimate puzzle-book.”—The New York Times Book Review

Über das eigene Lebensende autonom bestimmen zu können, ist der Wunsch vieler Menschen. Höchste Gerichte in Deutschland und Österreich erkennen das Recht auf assistierten Suizid als eine Form des selbstbestimmten Sterbens an. In der Schweiz tragen Sterbehilfeorganisationen zu einer breiteren Akzeptanz bei. Wie aber ist die Suizidhilfe ethisch zu rechtfertigen? Und wie soll die emergente Praxis geregelt und gelebt werden? Die Beiträger\*innen widmen sich diesen Fragen aus interdisziplinärer Perspektive. Sie beleuchten dabei vor allem das Problem der Freiverantwortlichkeit eines Suizidwunschs sowie neu entstehende Vulnerabilitäten und analysieren so die soziokulturellen Herausforderungen für eine gute Versorgung am Lebensende.

“Pope Joan has all the elements one wants in a historical drama—love, sex, violence, duplicity, and long-buried secrets. Cross has written an engaging book.”—Los Angeles Times Book Review  
 In this international bestseller and basis for the 2009 movie of the same name, Donna Woolfolk Cross brings the Dark Ages to life in all their brutal splendor and shares the dramatic story of a woman whose strength of vision led her to defy the social restrictions of her day. For a thousand years her existence has been denied. She is the legend that will not die—Pope Joan, the ninth-century woman who disguised herself as a man and rose to become the only female ever to sit on the throne of St. Peter. Now in this riveting novel, Cross paints a sweeping portrait of an unforgettable heroine who struggles against restrictions her soul cannot accept. Brilliant and talented, young Joan rebels against medieval social strictures forbidding women to learn. When her brother is brutally killed during a Viking attack, Joan takes up his cloak—and his identity—and enters the monastery of Fulda. As Brother John Anglicus, Joan distinguishes herself as a great scholar and healer. Eventually, she is drawn to Rome, where she becomes enmeshed in a dangerous web of love, passion, and politics. Triumphant over appalling odds, she finally attains the highest office in Christendom—wielding a power greater than any woman before or since. But such power always comes at a price . . . “Brings the savage ninth century vividly to life in all its alien richness. An enthralling, scholarly historical novel.”—Rebecca Fraser, author of *The Brontës*

How fascist are you? A sharp, provocative conversation-starter about the authoritarian in us all  
 The first and only guide to turning your 21st century democracy into a fascist paradise  
 Democracy is difficult, flawed and unstable. It involves barely distinguishable political parties taking part in lengthy, overcomplicated and expensive decision-making processes. Trying to engage so many

people with political issues seems to lead only to complexity and disagreement. So why bother? Doesn't fascism guarantee a more effective and efficient management of the state? In this short, biting ironic mixture of *On Tyranny* and *The Psychopath Test*, Italian political activist Michela Murgia explores the logic that is attracting increasing numbers of voters to right-wing populism. Far from its origins in the 20th century, fascism is once again on the rise in an age of increased connectivity and globalism. Murgia shows how many of the elements of our society that we might think would combat closed-mindedness and xenophobia actually fan the flames. Closing with a “fascistometer” to measure the reader's own authoritarian inclinations, *How to be a Fascist* is a refreshingly direct, polemical book that asks us to confront the fascism in our governments, in our societies, and in our own political leanings.

Il codice della vendetta non è statico. E' dinamico, si adegua. Bisogna dire, a differenza dell'interpretazione romantica, che esso non è senza crudeltà. Anzi nel suo processo di adeguamento alla società storica, è l'aggravarsi stesso delle contraddizioni che maggiormente lo incrudelisce. Il fatto è che la Barbagia non è così perché c'è il codice della vendetta, ma c'è il codice della vendetta perché la Barbagia è così. A. Pigliaru

An NYRB Classics Original Tove Jansson was a master of brevity, unfolding worlds at a touch. Her art flourished in small settings, as can be seen in her bestselling novel *The Summer Book* and in her internationally celebrated cartoon strips and books about the Moomins. It is only natural, then, that throughout her life she turned again and again to the short story. *The Woman Who Borrowed Memories* is the first extensive selection of Jansson's stories to appear in English. Many of the stories collected here are pure Jansson, touching on island solitude and the dangerous pull of the artistic impulse: in "The Squirrel" the equanimity of the only inhabitant of a remote island is thrown by a visitor, in "The Summer Child" an unlovable boy is marooned along with his lively host family, in "The Cartoonist" an artist takes over a comic strip that has run for decades, and in "The Doll's House" a man's hobby threatens to overwhelm his life. Others explore unexpected territory: "Shopping" has a post-apocalyptic setting, "The Locomotive" centers on a railway-obsessed loner with murderous fantasies, and "The Woman Who Borrowed Memories" presents a case of disturbing transference. Unsentimental, yet always humane, Jansson's stories complement and enlarge our understanding of a singular figure in world literature.

GQ (Italy) called Davide Longo, "the most talented and intense Italian novelist of his generation." In this dystopian, post-apocalyptic literary novel, Italy is on the brink of collapse: borders are closed, banks are refusing to distribute money to their clients, the postal service is shuttered, and food supplies are running short. Armed gangs of drug-fueled youth rampage through the countryside as the nation descends into chaos. Leonardo was once a famous writer and professor before a sex scandal ended his marriage and his career. With society collapsing around them, his ex-wife leaves their daughter and son in his care as she sets off in search of her new husband, who is missing. Ultimately, Leonardo is forced to evacuate and take his children to safety, but to do so he will have to summon a quality he has never exhibited before: courage.

Naples, Italy, during four fateful days in the fall of 1943. The only people left in the shattered, bombed-out city are the lost, abandoned children whose only goal is to survive another day. None could imagine that they would become fearless fighters and the unlikeliest heroes of World War II. They are the warriors immortalized in *Street Boys*, Lorenzo Carcaterra's exhilarating new novel, a book that exceeds even his bestselling *Sleepers* as a

riveting reading experience. It's late September. The war in Europe is almost won. Italy is leaderless, Mussolini already arrested by anti-Fascists. The German army has evacuated the city of Naples. Adults, even entire families, have been marched off to work camps or simply sent off to their deaths. Now, the German army is moving toward Naples to finish the job. Their chilling instructions are: If the city can't belong to Hitler, it will belong to no one. No one but children. Children who have been orphaned or hidden by parents in a last, defiant gesture against the Nazis. Children, some as young as ten years old, armed with just a handful of guns, unexploded bombs, and their own ingenuity. Children who are determined to take on the advancing enemy and save the city—or die trying. There is Vincenzo Soldari, a sixteen-year-old history buff who is determined to make history by leading others with courage and self-confidence; Carlo Maldini, a middle-aged drunkard desperate to redeem himself by adding his experience to the raw exuberance of the young fighters; Nunzia Maldini, his nineteen-year-old daughter, who helps her father regain his self-respect— and loses her heart to an American G.I.; Corporal Steve Connors, a soldier sent out on reconnaissance, then cut off from his comrades—with no choice but to aid the street boys; Colonel Rudolph Van Klaus, the proud Nazi commander shamed by his own sadistic mission; and, of course, the dozens of young boys who use their few skills and great heart to try to save their city, their country, and themselves. In its compassionate portrait of the rootless young, and its pitiless portrayal of the violence that is at once their world and their way out, *Street Boys* continues and deepens Lorenzo Carcaterra's trademark themes. In its awesome scope and pure page-turning excitement, it stands as a stirring tribute to the underdog in us all—and as a singular addition to the novels about World War II.
