Are We Living in the Time of the End?

Timeless Texts

Mankind has entered into
a narrow band of time,
which may be the biggest
and perhaps the most
significant since the
creation of Adam. This
sliver of time marks the
moment just before the
catching away of the
Church. It is the time of
the final outpouring, when

signs and wonders and
miracles start spilling over
into everyday life.
Kenneth Copeland shares
how men and women of
faith can expect to walk in
the promises of God, no
matter what challenges or
needs come. Discover
what God has planned for
His people in this time of
grace and supernatural
increase, to accomplish
His work in these last
days!

The Language of God

Moody Publishers

Wan-To was the oldest and most powerful intelligence in the universe, a being who played with star systems as a child plays with marbles. Matter occupied so tiny a part of his vast awareness that humans were utterly beneath his notice. The colonists of Newmanhome first suffered the effects of Wan-To's games when their planet's stars began to shift, the climate began to cool down, and the colony was forced into a

desperate struggle to survive. Viktor Sorricaine was determined to discover what force had suddenly sent his world hurtling toward the ends of the universe. And the answer was something beyond the scope of his imagination -- even if he lived for 4000 years...

The Time of the End

Cornell University Press
As long as I could keep myself out of bondage, I would be true to Bear's teaching. And so it was that beyond all else, I was determined to keep my freedom. After the death

of their beloved mentor, Bear, Crispin and Troth are more desperate than ever, wandering the desolate French countryside, where they don't speak the language and know no one. The only hope they cling to is that somehow they can reach Iceland, where Bear had said there were no kings or lords, and where they can live in freedom. Crispin is determined to fulfill this dream, both for himself and to honor Bear's memory. But the road to liberty is filled with danger, betrayal, and

loss. Crispin must decide for himself what freedom really means—and how high a price he is willing to pay for it.

The Message of 1 & 2 Thessalonians

Createspace Independent Pub

Many Christians think of end times prophecy as a gigantic, intimidating puzzle -- difficult to piece together and impossible to figure out. But every puzzle can be solved if you approach it the right way. Paul Benware compares prophecy to a picture puzzle. Putting the

edge pieces together first builds the 'framework' that makes it easier to fit the other pieces in their place. According to Benware, the framework for eschatology is the biblical covenants. He begins his comprehensive survey by explaining the major covenants. Then he discusses several different interpretations of end times prophecy. Benware digs into the details of the Rapture, the Great Tribulation, the judgements and resurrections, and the millennial kingdom. But

he also adds a unique, personal element to the study, answering questions as: -Why study bible prophecy? -What difference does it make if I'm premillennial or amillennial? If what the Bible says about the future puzzles you, Understanding End Times Prophecy will help you put together the pieces and see the big picture.

Until the End of Time J

Paul Getty Museum Publications
Conducted from a premillennial and pretribulational point of

view, this study of the Book of Revelation explores the theme that America ultimately will separate from Israel and what prophetically will happen.

Illuminating the End of Time Baker Books

Bible prophecy expert Ron Rhodes offers an easy-to-understand yet detailed chronology and explanation of end-times events. The chapters are arranged around the major end-times themes: the rapture, the tribulation, the millennial kingdom, and the eternal

state. Each chapter begins with a list of the specific events it covers, making this an extremely user-friendly chronological guide to end-times biblical prophecy. Rhodes allows for various interpretations among Christians. Yet the sequence he describes is faithful to the biblical text, based on a literal approach to prophecy, and held by many Bible scholars. As readers discover that they really can understand Bible prophecy, they will come to love and trust the Scriptures like never

before.

The Last Days According to Jesus

Zondervan

The impact of *The Late Great Planet Earth* cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since

have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The

revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

[The Love Dare](#) Tordotcom

The visionary nature of the Apocalypse—the biblical book of Revelation—along with its

detailed descriptions of the end of the world have long made it ideal for illustration. Illuminated texts of the Apocalypse were particularly popular in thirteenth-century England, and the copy in the collections of the J. Paul Getty Museum, with its lively narrative miniatures, stands as a testament to the artistic heights achieved during that period. In this richly illustrated book, all eighty-two of the manuscript's images are reproduced in color for the first time. They are

accompanied by a full commentary. A general introduction to the history of thirteenth-century English illustrated Apocalypse manuscripts is followed by a succinct study of the artistic context of the Getty's manuscript, as well as a consideration of its style and date. The rest of the commentary is devoted to a stylistic and iconographic analysis of the manuscript's images; there is also a complete translation of the text. *The Saints of Salvation*
Abrams

Dr Francis S. Collins, head of the Human Genome Project, is one of the world's leading scientists, working at the cutting edge of the study of DNA, the code of life. Yet he is also a man of unshakable faith in God. How does he reconcile the seemingly unreconcilable? In *THE LANGUAGE OF GOD* he explains his own journey from atheism to faith, and then takes the reader on a stunning tour of modern science to show that physics, chemistry and biology -- indeed, reason itself -- are not

incompatible with belief. His book is essential reading for anyone who wonders about the deepest questions of all: why are we here? How did we get here? And what does life mean?

Unveiling the End Times in Our Time

Harvest House Publishers
Richard Feynman once quipped that "Time is what happens when nothing else does." But Julian Barbour disagrees: if nothing happened, if nothing changed, then time would stop. For time is nothing but change. It is

change that we perceive occurring all around us, not time. Put simply, time does not exist. In this highly provocative volume, Barbour presents the basic evidence for a timeless universe, and shows why we still experience the world as intensely temporal. It is a book that strikes at the heart of modern physics. It casts doubt on Einstein's greatest contribution, the spacetime continuum, but also points to the solution of one of the great paradoxes of modern

science, the chasm between classical and quantum physics. Indeed, Barbour argues that the holy grail of physicists--the unification of Einstein's general relativity with quantum mechanics--may well spell the end of time. Barbour writes with remarkable clarity as he ranges from the ancient philosophers Heraclitus and Parmenides, through the giants of science Galileo, Newton, and Einstein, to the work of the contemporary physicists John Wheeler, Roger

Penrose, and Steven Hawking. Along the way he treats us to enticing glimpses of some of the mysteries of the universe, and presents intriguing ideas about multiple worlds, time travel, immortality, and, above all, the illusion of motion. The End of Time is a vibrantly written and revolutionary book. It turns our understanding of reality inside-out.

**The End of Time
(Poptropica Book 4)** Del Rey

This very important work offers penetrating

dialogues between the great spiritual leader and the renowned physicist that shed light on the fundamental nature of existence. Krishnamurti and David Bohm probe such questions as 'why has humanity made thought so important in every aspect of life? How does one cleanse the mind of the 'accumulation of time' and break the 'pattern of ego -centered activity'? The Ending of Time concludes by referring to the wrong turn humanity has taken, but does not see this as

something from which there is no escape. There is an insistence that mankind can change fundamentally; but this requires going from one's narrow and particular interests toward the general, and ultimately moving still deeper into that purity of compassion, love and intelligence that originates beyond thought, time, or even emptiness.

The Late Great Planet Earth Multnomah
Unconditional love is eagerly promised at weddings, but rarely

practiced in real life. As a result, romantic hopes are often replaced with disappointment in the home. But it doesn't have to stay that way. The Love Dare, the New York Times No. 1 best seller that has sold five million copies and was major plot device in the popular movie Fireproof, is a 40-day challenge for husbands and wives to understand and practice unconditional love. Whether your marriage is hanging by a thread or healthy and strong, The Love Dare is a journey you need to take.

It's time to learn the keys to finding true intimacy and developing a dynamic marriage. This second edition also features a special link to a free online marriage evaluation, a new preface by Stephen and Alex Kendrick, minor text updates, and select testimonials from The Love Dare readers. Take the dare!

Revelations Ashgate Publishing, Ltd.
One of the Verge's Best Books of 2017 Captain Ronaldo Aldo has committed an

unforgivable crime. He will ask for forgiveness all the same: from you, from God, even from himself. Connected by ansible, humanity has spread across galaxies and fought a war against an enemy that remains a mystery. At the edge of human space sits the Citadel—a relic of the war and a listening station for the enemy's return. For a young Ensign Aldo, fresh from the academy and newly cloned across the ansible line, it's a prison from which he may never escape. Deplorable work

conditions and deafening silence from the blackness of space have left morale on the station low and tensions high. Aldo's only hope of transcending his station, and cloning a piece of his soul somewhere new is both his triumph and his terrible crime. The Fortress at the End of Time is a new science fiction novel from Joe M. McDermott. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Understanding End Times
Prophecy Moody
 Publishers

Christians have often wondered about what might take place at the end of history. To answer their questions, they have turned to the Book of Revelation.

Ezekiel Simon and Schuster

Analyzes what Jesus said about when he would return and the last days would arrive (as in Matthew 24:34). Defends the trustworthiness of Jesus' teachings.

Bede and the End of Time

The End of Time

The end-time has come. Hundreds of millions will die in the worst time of tribulation the world has ever known. You need to be informed so you can know how to respond. The Prophesied End-Time will challenge readers as they consider catastrophic end-time events that are prophesied to begin very soon. Although many will not take seriously what is written here, they will gradually experience disbelief as the events covered in this book begin to unfold. These events

will begin with more acts of terrorism, along with natural disasters, that will far exceed the devastation of 9/11. The magnitude of these events will lead to the demise of the United State and the United Kingdom, which will then lead to World War III. These things certainly are unpleasant to ponder, but the reality will prove to be many times worse. You need to start now to prepare yourself for what is coming. The action you take could potentially help your loved ones survive.

Holy Bible (NIV) Del Rey
The Time Is Fulfilled, End-
Time Prophecy Has
Already Started to Happen
Here's What's Coming
Next Dennis Callen had a
visitation twice by the
presence of the Lord a
few years ago, very early
in the morning. At that
time, the Lord revealed
the correct and current
interpretation of end-time
prophecy, much of which
is not the same as is
taught today. Of all the
books brother Callen has
written, this book was the
most unique for him in
that, he says, it was like

taking dictation from the
Holy Spirit and not just
writing it from his own
understanding, research,
or opinion. This is one
book that will bring the
reader up-to-date with
current events as the end-
time prophecy has
recently played out and
will show you the exact
day the tribulation will
start, for the time is at
hand. This book is Not a
repeat of what has
already been written by
other writers. In fact, you
will find it to be
completely different. "Five
out of five stars

scripturally accurate and
easy to read and
understand" (Reviewed in
the United States on
August 10, 2019). Most
end-time prophecy books
I have read all say the
same things. A lot of them
are private
interpretations, which 2
Peter 1:20 says we should
stay away from. This book
uses scripture to interpret
scripture. I have never
read anything like this
before. It all makes
biblical sense to me. I can
see how the seals have
been opened already. The
results of the seals are on

the television news almost every day. The Bible says we are to be simple concerning evil (Romans 16:19). So if the book of Revelation is about the tribulation only and all the evil that would take place after we are gone, then this would violate Romans 16:19. However, the book of Revelation is first about setting the stage for the move of God in the greatest revival the world has ever seen, plus the coming wrath of God found in Revelation chapter 16. I don't know

of any other book that is as accurate and exciting to read as this book. You can tell it has the same feel as reading the Bible. Every Christian needs to read this book. I highly recommend it. The book of revelation is taken verse by verse with a clear, easy-to-understand explanation. Of all the books that are out there, this is the only one I recommend highly.

The Wrong End of Time
Eerdmans Publishing Company
In the face of an alien threat, Russia and a

xenophobic US must work together to save humanity in "one of the better science fiction novels of the year" (Library Journal). In a near future where a paranoid America has sealed itself off from the rest of the world by a vast and complicated defense system, a young Russian scientist infiltrates all defenses to tell an almost unbelievable and truly terrifying story. At the outer reaches of the solar system, near Pluto, has been detected a superior form of intelligent life, far

smarter than man and in possession of technology that makes it immune to attack from human weaponry and strong enough to easily destroy planet Earth. Can humans set aside their differences and mutual fears to work together and defeat a

common enemy? For each generation, there is a writer meant to bend the rules of what we know. Hugo Award winner (Best Novel, *Stand on Zanzibar*) and British science fiction master John Brunner remains one of the most influential and respected authors of all time, and

now many of his classic works are being reintroduced. For readers familiar with his vision, it is a chance to reexamine his thoughtful worlds and words, while for new readers, Brunner's work proves itself the very definition of timeless.
