From The Introduction: If there is one thing we all have in common is that we live on this great planet we call home. We often do not sit and reflect at the immensity of this planet. We take it for granted. Our days are so packed with activity and busy work that we forget where we come from. Very few people today can detach even for a moment to realize the miracle of existence on this great planet. According to both science and religion, life on this planet is a miracle, perhaps a fluke. No matter what you want

to call it, that life exists here at all is amazing. Here we are, on a spinning rock that is hurtling through an ever expansive universe. It just boggles the mind, doesn't it? What is even more mind boggling is that everything is teeming with life. Even inanimate objects aren't dead; their atomic structure is alive with energy. An energy we can use for magickal purposes. This energy is vibrating on certain frequencies, just like our own selves. These frequencies allow us to interact with everything that is around us. One of the best conduits of this earthly energy are crystals. In this book we will discuss how to use crystals in magick,

but not only that, we will use Mantras as well to add extra energy to the crystals. I will explain why the two together are so effective. In this volume we will discuss a certain specific crystal, and the crystals is called Moldavite. It's by far the most powerful crystal you can buy. We will go through several rituals involving Moldavites and mantras. But first, let us discuss Crystals, mantras and moldavites in general. After that, we will put it all together. We will use Moldavite and Mantra Magick for the following: magickal purposes: To attract Money To Compel someone to be attracted to you (be careful with this one) To promote physical

healing To enhance your psychic powers and hidden knowledge To Control spiritual entities But be forewarned, Moldavite is a very powerful crystal. Use with Caution

Vashikaran Mantra

University of Chicago Press
If you have read my other books you know that I recommend the use of mantras as a vehicle for magick. They are very powerful and often times easy to recite. In my other books that deal with

mantras I provide a bonus chapter on something called "Siddhi." I have been asked several times to go into greater depth about this and so I have decided to write this text. By attaining Siddhi, while using a mantra, you are literally embodying the power of that mantra. You will have the mantras power. For example, if you are looking to attract material abundance, the seed mantra for that is SHREEM. If you recite SHREEM 10,000 times, you will attain the essence of that Supernatural power. You will be able to recite SHREEM and attain your material goals easily. You will be a magnet as it were. You will attain supernatural powers. In this book, we will

discuss, in greater depth, what Siddhi is. After that, I will present a few powerful mantras and provide you the exact number of recitations you will need to attain Siddhi. Not all mantras have the same recitation count. I will also provide helpful tips on how to keep track of your recitations and most importantly, we will discuss the immense responsibility given you once you achieve Siddhi. Do Not take this lightly, once you achieve Siddhi for any given mantra, you will possess that power. USE IT WISELY. Essential Writings of Dharampal Publications Division Ministry of Information & Broadcasting Ancient Indian style of Controlling mind of others in Magical way

and Yogic way. Yogic way is also known as Hypnotism, Mesmerism and Animal Magnetism. Every person in this world has the passion to control mind of others to fulfil desires, these desires can be materialistic or non-materialistic but man has enthusiasm on this subject. Ancient Indian Magical, Occult and Witchcraft texts named this science as "Vashikaran", it is passionate magic from ancient times to now but all are not getting success in this branch is due to lack confidence and lack knowledge on subject. Self-confidence and faith are two major qualifications to achieve mastery in this subject. Ancient Hindu magical branch of Vashikaran is of two

types.1)Magical: In this way, practitioner get his desire by using Mantra/spells and Yantra2)Yogic: In this way, practitioner get this power by practicing gaze, exercises, so onNow, yogic way is named as "Hypnotism", "Mesmerism" and "Animal Magnetism". Even it is named as western, Indian style has its own benchmark in Ancient Magnetism. Yogic way can be used to control animals, birds, trees and all living beings of nature especially man by using gaze. Gaze practice is backbone for this art, but practitioner should be careful while performing on wild animals

 Phaldeepika by Gopesh Kumar Ojha Published by Motilal Banarsidass, Delhi (www.mlbd.co.in)
 Mantreswar was the greatest astrologer of the 12th century from the South of India. He compiled in Sanskrit the principles of Predictive Astrology propagated by Maharshi Parashar, Jaimini and various other great astrologers in his famous work Phaldeepika. This is one of the best books on Predictive Astrology. It includes the essence of Parashar, Jaimini and many more masters. Four hundred and fifty Yogas of Bhavartha Ratnakar of Shri Ramanuja have been added to befit the title Phaldeepika; Bhavartha Bodhini. The

28 chapters in the book cover various topics: the characteristics, house divisions, strength of planets, career, various yogas, raja yogas, marriage, children, longevity, periodic influence of planets, the effect of transits and ashtakvargas. The 11th chapter exclusively deals with the nativity of women; the 22nd chapter gives the interpretations and calculation of the Kalachakra dashas. This English edition also includes many horoscopes, tables and a glossary of Sanskrit and Hindi words. The language is easy to understand and even beginners after studying this book for a few months will be able to arrive at the right interpretations and timing of events.

Vashikaran-How to Control Mind of Desire Person

Vashikaran Mantra
If you have read the other books in the mantra magick series, you know I am a big proponent of Mantras and their magickal applications. Often you see mantras as separate practices from magick. It is my goal through my books to make mantras a mainstay in the western occult traditions. There is no reason they shouldn't be. After all, any occultist worth their salt will be aware that occult powers can be gleaned from many different traditions and that to be well rounded in other methods makes for a powerful practice. In this book, we will discuss the Mahavidya or the

"great wisdoms" They are, in fact, 10 emanations of the divine Shakti; the great feminine divine that permeates the entire universe and which makes up much of the Hindu tradition. As I have stated in my other books, the divine feminine is of utmost importance in the eastern traditions. These 10 aspects are no exceptions. In fact, they embody the entire Shakti traditions as far as I am concerned. Why the Mahavidya? The Mahavidya represents as I stated the 10 aspects of the Shakti. From the Horrific and blood-curdling goddess on one side and the gentile, soft goddess on the other. They represent the whole spectrum of the divine feminine and thus the

universe. In this book, we will not only discuss, but we will learn to use these 10 aspects in our lives. Let us proceed.

“Let Prosperity Meditations become your daily devotional reading. Read it. Use it. Explore it. And, expect miracles.” —Dr. Joe Vitale, author, *Zero Limits* A simple guide filled with affirmations and meditations to attract abundance, success, wealth, and creativity instantly! If you want to draw prosperity into your life, first abandon the idea that spiritual people must be poor. Prosperity Meditations can help you develop a new, fresh, optimistic, and empowering attitude about money.

By using its methods, you can change your belief about prosperity and thereby draw greater wealth into your life on all levels: spiritual, emotional, mental, physical, material, environmental, and planetary. You have the power to create affluence in all areas of life—not just material. The Creator is waiting for you to open to the unlimited riches of heaven that are always available to you. All you need is to learn how to receive the boundless bounty that is your birthright. How does poverty help spiritual people fulfill their laudable, idealistic dreams and aspirations? Wouldn't the world be a better place if spiritual people, who aspire to do good, had access to

limitless wealth? Could you help heal the planet and lift people's consciousness if you had greater resources at your disposal? If you say yes, this book can help you manifest your fondest dreams and desires through the mental alchemy of meditation—a process that can change your mind, which, in turn, can change your life and thereby positively transform the planet.

, info@mlbd.co.in The Matamata is a Vastusastra, i.e. a treatise on dwelling, and as such, it deals with all the facets of gods' and men's dwellings, from the choice of the site to the

iconography of the temple walls. It contains numerous and precise descriptions of villages and towns as well as of temples, houses, mansions and palaces. It gives indications for the selection of proper orientation, correct dimensions, and appropriate materials. It intends to be a manual for the architect and a guidebook for the layman. Well thought of by traditional architects (sthapati-s) of South India, the treatise is of great interest at a time when technical traditions, in all fields, are being scrutinized for their possible modern application. The present bilingual edition prepared by Dr Bruno Dagens contains critically edited

Sanskrit text which is an improvement over the earlier edition by the same scholar and published as No.40 of Publications de L'Institut Francaisd' Indologie, Pondicherry. The English translation, also published earlier, has now been revised with copious notes. The usefulness of the edition has been further enhanced by adding an analytical table of contents and a comprehensive glossary. In the series of Kalamulasastra early texts on music, namely, Matralaksanam, Dattilam and Brhaddest, have been published. The medieval texts on music, especially, the Sribastamuktavali (No.3 in the series) and the Nartananirnaya (No.17 in the series),

bring us up to the 15th and 16th centuries. In the case of architecture, despite the IGNCA's endeavour to publish portions of the Brhatsamhita, the Agni Purana and the Visnudharmottara-Purana, first, this has not been possible. Instead, our scholars were able to complete work first on a late but important text, namely, Silparatnakosa. We hope that the sections on architecture in the Brhatsamhita, the Agni Purana and the Visnudharmottara-Purana which predate the medieval texts, will be published soon, along with revised and re-edited texts of Manasollasa and Aparajitaprccha. The Mayamatam is the fourteenth and fifteenth volume in the

Kalamulasastra series of the Indira Gandhi National Centre for the Arts (IGNCA).
MOHINI CONSCIENCE WORKS PUBLICATION
 Listen to what I am about to tell you: do not read this book alone. You really shouldn't. In one of the most playful experiments ever put between two covers, every other section of Trance-Migrations prescribes that you read its incantatory tales out loud to a lover, friend, or confidant, in order to hypnotize in preparation for Lee Siegel's exploration of an enchanting India. To read and hear this book is to experience a particular kind of relationship, and that's precisely the point: hypnosis, the book will demonstrate, is an

essential aspect of our most significant relationships, an inherent dimension of love, religion, medicine, politics, and literature, a fundamental dynamic between lover and beloved, deity and votary, physician and patient, ruler and subject, and, indeed, reader and listener. Even if you can't read this with a partner—and I stress that you certainly ought to—you will still be in rich company. There is Shambaraswami, an itinerant magician, hypnotist, and storyteller to whom villagers turn for spells that will bring them wealth or love; José Custodio de Faria, a Goan priest hypnotizing young and beautiful women in

nineteenth-century Parisian salons; James Esdaile, a Scottish physician for the East India Company in Calcutta, experimenting on abject Bengalis with mesmerism as a surgical anesthetic; and Lee Siegel, a writer traveling in India to learn all that he can about hypnosis, yoga, past life regressions, colonialism, orientalism, magic spells, and, above all, the power of story. And then there is you: descending through these histories—these tales within tales, trances within trances, dreams within dreams—toward a place where the distinctions between reverie and reality dissolve. Here the world within the book and that in which the

book is read come psychologically startlingly together. It's exploration—all one of the most tempered by warm creative works we have humor and a sharp wit. ever published, a It is informing, dazzling combination entertaining, and, of literary prowess, above all, scholarly erudition, and mesmerizing.
