Sing! has grown from Keith and Kristyn Getty's passion for congregational singing; it's been formed by their traveling and playing and listening and discussing and learning and teaching all over the world. And in writing it, they have five key aims: • to discover why we sing and the overwhelming joy and holy privilege that comes with

singing • to consider how singing impacts our hearts and minds and all of our lives • to cultivate a culture of family singing in our daily home life • to equip our churches for wholeheartedly singing to the Lord and one another as an expression of unity • to inspire us to see congregational singing as a radical witness to the world They have also added a few “bonus tracks” at the

end with some more practical suggestions for different groups who are more deeply involved with church singing. God intends for this compelling vision of His people singing—a people joyfully joining together in song with brothers and sisters around the world and around his heavenly throne—to include you. He wants you, he wants us, to sing.

to Start Open Road Media Marriage has been good to Aggie. After a few years and a baby under her belt, she's ready to take on anything--including adding child number ten to the home! Blessings aren't always easy, and Aggie is about to discover that in a whole new way! So, Aunt Aggie has to “knuckle down” and “ante up” to keep from losing ALL her marbles. When Aggie and crew return home

after a month away, all she wants is to settle in and get back into a regular routine. She has just eight weeks until the baby comes, and enough plans to keep her busy for eighteen. But when new and unwelcome surprises greet them upon arrival, her plans are derailed once more. The children are growing up and the struggle is real. Local girls are on the prowl, and potential boyfriends

abound. Little Ronnie has decided who rules the roost, and it's not his parents! Cari and Lorna appear to be in the middle of a role reversal, and even Ellie is making questionable choices. Tina and William can't stop fighting, much to the dismay of everyone. Add in the stress of getting ready for Thanksgiving and Christmas, and it all threatens to break her. Luke wonders

what happened to his wife. Aggie wonders what happened to her life. Faith, family, and a frenetic life collide in his last book of the Aggie Series. I Sing, You Sing B&H Kids A tall, skinny man in blue jeans stands on a stage, one hand on his banjo, the other raised to the crowd of 15,000 people who have come to celebrate his ninetieth birthday. "Sing it!" he shouts, and everyone sings. How did

a humble, banjo-playing Harvard University dropout become one of the most influential figures of the twentieth century? This is the story of Pete Seeger—singer, songwriter, social activist, environmentalist—who filled his toolbox with songs and set out to repair whatever in the world was broken. His story intertwines with a century of American history, and readers will be surprised to

discover how many familiar songs, people, and projects somehow connect back to this one individual. What was it like for a city boy like Pete to hope freight trains with Woody Guthrie, the free-spirited composer of "This Land Is Your Land"? "The Lion Sleeps Tonight," a song beloved by people all over the world, might have been lost to history had it not been for Pete Seeger. The Hudson River is

cleaner than it used to be; what did Pete do to help that happen? Through learning of his life of activism, readers will become links in the chain, inspired to reflect on their own power to make change. Polar Bear, Polar Bear, What Do You Hear? Simon and Schuster Sarton's most important novel tells the story of a poet in her seventies, whose life is retold episodically during an interview with

two writers from a literary magazine Hilary Stevens's prolific career includes a provocative novel that shot her into the public consciousness years ago, and an oeuvre of poetry that more recently has consigned her to near-obscurity. Now in the twilight of her life, Hilary, who is both a feminist and a lesbian, is receiving renewed attention for an upcoming collection of poems, one that has

brought two young reporters to her Cape Cod home. As Hilary prepares for the conversation, she recalls formative moments both large and small. She then embarks on the interview itself—a witty and intelligent discussion of her life, work, and romantic relationships with men and women. After the journalists have left, Hilary helps a visiting male friend with his anxiety over being gay and

imparts wisdom about channeling his own creative passions. This ebook features an extended biography of May Sarton. *Sing Out Loud Book I* Alfred Music Ten years of infertility issues culminate in the destruction of music therapist Zoe Baxter's marriage, after which she falls in love with another woman and wants to start a family, but her ex-husband, Max,

stands in the way.

really hearing when we listen to music. Tim Falconer, a self-confessed "bad singer," always wanted to make music, but soon after he starts singing lessons, he discovers that he's part of only 2.5 percent of the population afflicted with amusia — in other words, he is scientifically tone-deaf. *Bad Singer* chronicles his quest to understand human evolution and music, the

brain science behind tone-deafness, his search for ways to retrain the adult brain, and his investigation into what we really hear when we listen to music. In an effort to learn more about his brain disorder, he goes to a series of labs where the scientists who test him are as fascinated with him as he is with them. He also sets out to understand why we love music and deconstructs

what we really hear when we listen to it. And he unlocks the secret that helps explain why music has such emotional power over us.
