This beloved account about an intrepid young Englishman on the first leg of his walk from London to Constantinople is simply one of the best works of travel literature ever written. At the age of eighteen, Patrick Leigh Fermor set off from the heart of London on an epic journey—to walk to Constantinople. A Time of Gifts is the rich account of his adventures as far as Hungary, after which Between the Woods and the Water continues the story to the Iron Gates that divide the Carpathian and Balkan mountains. Acclaimed for its sweep and intelligence, Leigh Fermor's book explores a remarkable moment in time. Hitler has just come to power but war is still ahead, as he walks through a Europe soon to be forever changed—through the Lowlands to Mitteleuropa, to Teutonic and Slav heartlands, through the baroque remains of the Holy Roman Empire; up the Rhine, and down to the Danube. At once a memoir of coming-of-age, an account of a journey, and a dazzling exposition of the English language, A Time of Gifts is also a portrait of a continent already showing ominous signs of the holocaust to come.

The aptly named Crystal Haven is the destination for tourists seeking psychics, séances, and the promise of contacting the spirit world. In this small western Michigan town, everyone knows the Fortune family. Rose is gifted with tarot card readings. Her sister, Vi, is a self-proclaimed pet psychic. And Rose's daughter Clyde is... A cop. A cop on leave from Ann Arbor, more specifically, who's come home to kooky Crystal Haven to reevaluate her life. Mom and Aunt Vi can't wait for Clyde to finally embrace her own psychic gifts and join the family business. Clyde would prefer the low-stress lifestyle of a dog walker and the low-key company of her nephew, Seth. But when a local psychic is killed, leaving behind a traumatized Shih Tzu, it seems to be in the cards for Clyde to get involved. With her old flame Mac leading the investigation, that may prove awkward. Whether she uses her skills as a cop or her long-denied psychic abilities, it's up to Clyde to divine a killer's identity before someone else suffers more misfortune.

Investigator Yashim travels to Venice in the latest installment of the Edgar® Award-winning author

Jason Goodwin's captivating historical mystery series Jason Goodwin's first Yashim mystery, *The Janissary Tree*, brought home the Edgar® Award for Best Novel. His follow-up, *The Snake Stone*, more than lived up to expectations and was hailed by Marilyn Stasio in *The New York Times Book Review* as "a magic carpet ride to the most exotic place on earth." Now, in *The Bellini Card*, Jason Goodwin takes us back into his "intelligent, gorgeous and evocative" (*The Independent on Sunday*) world, as dazzling as a hall of mirrors and utterly compelling. Istanbul, 1840: the new sultan, Abdülmecid, has heard a rumor that Bellini's vanished masterpiece, a portrait of Mehmet the Conqueror, may have resurfaced in Venice. Yashim, our eunuch detective, is promptly asked to investigate, but -- aware that the sultan's advisers are against any extravagant repurchase of the painting -- decides to deploy his disempowered Polish ambassador friend, Palewski, to visit Venice in his stead. Palewski arrives in disguise in down-and-out Venice, where a killer is at large as dealers, faded aristocrats, and other unknown factions seek to uncover the whereabouts of the missing Bellini. But is it the Bellini itself that endangers all, or something associated with its original loss? And why is it that all the killer's victims are somehow tied to the alluring Contessa d'Aspi d'Istria? Will the Austrians unmask Palewski, or will the killer find him first? Only Yashim can uncover the truth behind the manifold mysteries.

A Time for Tea Cambridge University Press

Yashim is no ordinary detective. It's not that he's particularly brave. Or that he cooks so well, or reads French novels. Not even that his best friend is the Ambassador from Poland, whose country has vanished from the map. Yashim is a eunuch. As the Sultan plans a series of radical reforms to his empire, a concubine is strangled in the palace harem. And a young cadet is found butchered in the streets of Istanbul. Delving deep into the city's crooked alleyways, and deeper still into its tumultuous past, Yashim discovers that some people will go to any lengths to preserve the traditions of the Ottoman Empire. Brilliantly evoking Istanbul in the 1830s, *The Ottoman Detective* is a fast-paced literary thriller with a spectacular cast, from mystic orders and lissom archivists to soup-makers and a seductive ambassador's wife. Darker than any of these is the mysterious figure who controls the Sultan's harem.

Spies and Spells Blue Dome Press

"Arresting ... Stone's Turkey breaks the popular mould and introduces its readers to a place beyond their presumptions" —*The Sunday Times* In Turkey: A Short History the celebrated historian Norman Stone deftly conducts the reader through the fascinating and complex story of Turkey's past, from the arrival of the Seljuks in Anatolia in the eleventh century to the modern republic applying for EU membership in the twenty-first. It is an account of epic proportions, featuring rapacious leaders such as Genghis Khan and Tamerlane, the glories of Sultan Süleyman the Magnificent, and Kemal Atatürk, the reforming genius and founder of modern Turkey. For six hundred years Turkey was at the heart of the Ottoman Empire, a superpower that brought Islam to the gates of Vienna and stretched to North Africa, the Persian Gulf, and the river Volga. Stone examines the reasons for the astonishing rise and the long decline of this world empire and how for its last hundred years it became the center of the Eastern Question, as the Great Powers argued over a regime in its death throes. Then, as now, the position of Turkey—a country balanced between two continents—provoked passionate debate. Stone concludes the book with a trenchant examination of the Turkish republic created in the aftermath of the First World War, where East and West, religion and secularism, and tradition and modernization are vibrant and sometimes conflicting elements of national identity.
