## **SCHNEIDER ROGERS**

---

*Dot the Bird* Bloomsbury Children's Books  
What happens when a spunky little girl wishes for a pet ostrich of her very own? This outrageously funny rhyming tale with fun-filled shenanigans will have kids laughing out loud!

**Heatherley** Chinchilla Books

A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein

Gaarder's Sophie's World has fired the imagination of readers all over the world, with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a

mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

Nature's Garden Simon & Schuster/Paula Wiseman Books

'Zany ... Even reluctant readers will have a blast' IRISH TIMES In a small town on the banks of Lake Laloozee lives the world's greatest flamingo detective. His name is

Fabio. He's not tall or strong, but slight and pink. And he's very, very clever. It's the height of summer and Fabio and his associate Gilbert are taking a relaxing holiday journey on the fastest train in the world! But no sooner does the conductor call 'All aboard' than a very expensive ruby necklace disappears and the great detective is back on the case! The second book in the hilarious illustrated mystery series by the author of Captain Pug.

*Camp Rex* Storey Publishing

From a Caldecott Honor-winner—Learn about opposites and dance along as Flora attempts to befriend a shy ostrich. Inspired by Caldecott Honor book *Flora and the Flamingo*, this e-book is perfect for the very youngest Flora fans. When a new feathered friend seems so different from her, Flora discovers that opposites, in fact, attract! Featuring Molly Idle's graceful artwork, this adorable e-book of opposites will delight young children as they master new words and concepts. Plus, this is the fixed format version, which looks almost identical to the print edition. Praise for *Flora and the Ostrich* "Children will be delighted. Opposites, friendship, and beautiful artwork all in one charmingly

designed book." —Kirkus Reviews (starred review) "In *Ostrich*, Flora befriends the long-necked bird. . . . Idle's characters, girl and birds alike, are wonderfully expressive, and the images have a timeless quality." —School Library Journal (starred review)

*The Forager Chef's Book of Flora Foragers* Harvest Press

There's food growing everywhere! You'll be amazed by how many of the plants you see each day are actually nutritious edibles. Ideal for first-time foragers, this book features 70 edible weeds, flowers, mushrooms, and ornamental plants typically found in urban and suburban neighborhoods. Full-color photographs make identification easy, while tips on common plant locations, pesticides, pollution, and dangerous flora make foraging as safe and simple as stepping into your own backyard.

**Flora and Fauna** Penguin

Presents a season-by-season guide to the identification, harvest, and preparation of more than two hundred common edible plants to be found in the wild.

**Charles Harper's Birds & Words**

Cambridge University Press

Presents a guide on locating, identifying, picking, and preparing wild edible foods grown in North America.

**North American Cornucopia** Cherry Lake

Books in the Hello, Everglades! series take young readers on a journey through the Everglades, exploring the flora and fauna of the region. Each book uses the whole language approach to literacy, a combination of sight words and repetition builds recognition and confidence. Bold, colorful photographs correlate directly to text to help guide readers through the book. Books in this series include author biography and teaching guides.

*The Light Between Oceans* Little, Brown Books for Young Readers

In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address

planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. The Humane Gardener fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

#### **Hide Seek Stinky Sweet** Chronicle Books

Inspired by the main character of the Caldecott Honor book *Flora and the Flamingo*, this new series of board books is perfect for the very youngest Flora fans. When a nest of eggs begins to hatch, how will Flora ever keep up with so many chicks? Featuring fold-out pages and Molly Idle's graceful artwork, this adorable counting book will delight young children as they master new words and concepts. *Flora and the Ostrich* Chronicle Books  
Flora and Fauna is a playful adult coloring book perfect for unleashing your creativity and inner artist. There are 37 original

illustrations by artist Karen Sue Chen of Karen Sue Studios. The intricate drawings are inspired by nature, animals, and gardens. Let the stress relieving patterns take you to a world of relaxation and imagination. Embrace the calm and connect with your inner artist using pens, markers, crayons, or coloring pencils. The pages are printed on a single side, so there is no bleed through.

*Flora and the Ostrich* Chronicle Books  
Diverse bioarchaeological studies (using both traditional as well as innovative and advanced technologies), covering topics as varied as food, the mummification industry, and health and diseases, giving new insight into how the ancient Egyptians interacted with the flora and fauna that surrounded them.

*Great Blue Heron's Great Day* Food & Agriculture Org.  
Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed

subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

#### **Wanderings in Patagonia** Chronicle Books

A cloth bag containing ten copies of the

title.

**I Want an Ostrich** Chronicle Books

A whimsical coloring book for children with fun and amusing pictures on every page. Move over, Rover. It's time to let the ostrich shine. Who needs a dog? - let alone a kangaroo - when an ostrich can be your new best friend? With ticklish rhymes and illustrations that make you giggle, by the end of this book, you'll want an ostrich too! "I Want an Ostrich" is a charming book about a boy wanting an ostrich narrated in fun rhyming verses with eye-catching illustrations. The author collaborated closely with the illustrator to elevate simple rhymes into engaging scenes designed to captivate and encourage exploration and curiosity. Ostrich Production Systems Farrar, Straus and Giroux

The darling, dancing Flora is back, and this time she's found two new friends: a pair of peacocks! But amidst the fanning feathers and mirrored movements, Flora realizes that the push and pull between three friends can be a delicate dance. Will this trio find a way to get back in step? In the third book featuring Flora and her feathered friends, Molly Idle's gorgeous art

combines with clever flaps to reveal that no matter the challenges, true friends will always find a way to dance, leap, and soar—together.

**Pearl** Cambridge University Press

A 2014 Caldecott Honor Book In this innovative wordless picture book with interactive flaps, Flora and her graceful flamingo friend explore the trials and joys of friendship through an elaborate synchronized dance. With a twist, a turn, and even a flop, these unlikely friends learn at last how to dance together in perfect harmony. Full of humor and heart, this stunning performance (and splashy ending!) will have readers clapping for more! Double tap the flaps to open and close them, swipe the corners of the book to turn from page to page, and activate the soundtrack to listen to the music while you read your new ebook!

The Ostrich Sterling Publishing Company, Inc.

What could be more fun than a camping trip with a good friend? When that friend is T. Rex! It's important to set a few wilderness safety guidelines first. . . like making sure he stays on the trail. And does not disturb the local wildlife. And

knows how to build a safe campfire. But sometimes dinosaurs have a different way of doing things, and that's why it's best to be prepared . . . for anything! Following in the extremely large and funny footsteps of Tea Rex, Camp Rex is for anyone who loves to roast a marshmallow or two around the campfire . . . or the whole bag at once!

**A to Zoo** Chronicle Books

Introduction to Trace Mayer's Museum Bees: Including an overview of his work, the history, methodology, and variety of pieces created as well as interior design installations in clients homes.

Lion and the Ostrich Chicks, and Other African Folk Tales Kensington Books

Until recently, the ostrich was a relatively uncommon agricultural animal in many parts of the world, even in South Africa where it was domesticated only a little over a century ago. Recently, however, ostrich farming has grown much more popular because of its healthy meat, and production of slaughter ostriches is now a reality in many parts of the world. This book is the first wide-ranging volume to address this phenomenon and review the current scientific literature on ostrich

biology, production, and health. It is written by leading authors from Europe, the United States, Israel, and South Africa,

and its topics range from the anatomy, biochemistry, and physiology of the ostrich to diseases and veterinary care. The Ostrich is a necessity for avian and poultry

scientists and an ideal reference for all those intrigued by the growing interest in ostrich farming.
