Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out

meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

Edwards action sends him, and his best friend Henry Morgan, running from the law on an adventure across the historical Caribbean & Latin America. And as Edward learns more about the pirate who owned the ship before them, and the surprises he left behind, the more he learns about the threat it poses to his and his crews lives. In *The Pirate Priest: John Roberts' life on a slave ship* is filled with hard labour, low wages, and no chance for advancement. When Roberts becomes friends with a slave named Bartholomew, he couldn't know it would start a chain of events leading him on his first sea adventure.
