A hypnotic, brutal, and unstoppable coming-of-age story echoing from within the aftershocks set off by the American Indian boarding schools of generations past, fanned by the flames of nearly fifteen years of service in the Armed Forces, exposing a series of inescapable prisons and the invisible scars of attempted erasure. When he learns his father is dying, David Tromblay ponders what will become of the monster's legacy and picks up a pen to set the story straight. In sharp and unflinching prose, he recounts his childhood bouncing between his father, who wrestles with anger, alcoholism, and a traumatic brain injury; his grandmother, who survived Indian boarding schools but mistook the corporal punishment she endured for proper child-rearing; and his mother, a part-time waitress, dancer, and locksmith, who hides from David's father in church basements and the folded-down back seat of her car until winter forces her to abandon her son on his grandmother's

doorstep. For twelve years, he is beaten, burned, humiliated, locked in closets, lied to, molested, seen and not heard, until his talent for brutal violence meets and exceeds his father's, granting him an escape. Years later, David confronts the compounded traumas of his childhood, searching for the domino that fell and forced his family into the cycle of brutality and denial of their own identity.

"College" is a word that means many things to many people: a space for knowledge, a place to gain lifelong friends, and an opportunity to transcend one's socioeconomic station. Today, though, this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus. Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning? It should--because campus racism on college campuses is as American as college football on Fall Saturdays. From Lawrence Ross, author of *The Divine Nine* and the leading expert on sororities and fraternities, *Blackballed* is an explosive and controversial book that rips the veil off America's hidden secret: America's colleges have fostered a racist

environment that makes them a hostile space for African American students. *Blackballed* exposes the white fraternity and sorority system, with traditions of racist parties, songs, and assaults on black students; and the universities themselves, who name campus buildings after racist men and women. It also takes a deep dive into anti-affirmative action policies, and how they effectively segregate predominately white universities, providing ample room for white privilege. A bold mix of history and the current climate, *Blackballed* is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students.

"When Yasser decides to take part in itikaf, sleeping and fasting in the mosque for the last ten nights of Ramadan, he soon regrets his decision. But as he navigates smug worshippers, shared bathrooms, and recurring thoughts of chunky chips, Yasser's isolation forces him to confront a side of himself he's been trying to keep hidden."--Publisher's description.

When They Call You a Terrorist St. Martin's Press

This powerful activity book will engage hands, hearts, and minds as it introduces children to the

guiding principles of the Black Lives Matter movement. When the Black Lives Matter movement began in 2013, the three founders--Alicia Garza, Patrisse Khan-Cullors, and Opal Tometi--anchored its work in a list of guiding principles, developed through conversation with other activists. These principles commit the movement to empathy, loving engagement, and just action among its participants; affirm the importance of Black women, families, elders, and LGBTQ folk; and celebrate the strength and diversity of Black people in their communities and around the globe. Now young people can explore these powerful principles in *What We Believe: A Black Lives Matter Principles Activity Book*. Created by two teachers with more than thirty-five years of educational experience between them, the book presents the guiding principles in down-to-earth, child-friendly language, with each principle accompanied by writing prompts, space for children or adults to create their own reflections, and a coloring page. Supporting materials guide adults in sharing the principles with children and encourage kids to dream big and take action within their communities. An essential resource for anyone discussing racial equity with young people, *What We Believe* offers a beautiful and inspiring lens on the most important social justice movement of our time. Lee & Low Books will donate a portion of its proceeds from the book to the Black Lives Matter Global Network Foundation, Inc.

Booklist Star A tender and powerful affirmation that Black lives have always mattered. Black lives matter. That message would be self-evident in a just world, but in this world and this America, all children need to hear it again and again, and not just to hear it but to feel and know it. This book affirms the message repeatedly, tenderly, with cumulative power and shared pride. Celebrating Black accomplishments in music, art, literature, journalism, politics, law, science, medicine, entertainment, and sports, Shani King summons a magnificent historical and contemporary context for honoring the fortitude of Black role models, women and men, who have achieved greatness despite the grinding political and social constraints on Black life. Frederick Douglass, Toni Morrison, Sojourner Truth, John Lewis, Langston Hughes, Louis Armstrong, Maya Angelou, Aretha Franklin, and many more pass through these pages. An America without their struggles, aspirations, and contributions would be a shadow of the country we know. A hundred life sketches augment the narrative, opening a hundred doors to lives and thinking that aren't included in many history books. James Baldwin's challenge is here: "We are responsible for the world in which we find ourselves, if only because we are the only sentient force which can change it." Actress Viola Davis's words are here, too: "When I was younger, I did not exert my voice because I did not feel worthy of having a voice. I was taught so many things that didn't include me. Where was I? What were people like me doing?" This book tells children what people like Viola were and are doing, and it assures Black children that they are, indisputably, worthy of having a voice. *Have I Ever Told You Black Lives Matter?* is a book for this time and always. It is time for all children to live and breathe the certainty that Black lives matter. Endorsements: "A beautiful and powerful story and a way to engage and teach children—on Black history, which is American history, and on the legacy of Black struggle and achievement in this nation." —Khary Lazarre-White, Executive Director & Co-Founder, The Brotherhood/Sister Sol, and author of *Passage* "The world needs this yesterday." —James Forman Jr., Pulitzer Prize – winning author of *Locking Up Our Own: Crime and Punishment in Black America* "Fantastic."—Janai S. Nelson, Associate Director-Counsel, NAACP Legal Defense

and Educational Fund "Black children grow up being treated differently because of the color of their skin. This loving and positive book acknowledges that reality while also celebrating the resilience of Black people and the accomplishments, leadership, and fortitude of Black Americans. We need this book."—Dr. JudyAnn Bigby, Director of the Harvard Medical School Center of Excellence in Women's Health and former Secretary of the Executive Office of Health and Human Services, Commonwealth of Massachusetts

This book examines Paul's letter to the Philippians against the social background of the colony at Philippi. After an extensive survey of Roman social values, Professor Hellerman argues that the *cursus honorum*, the formalized sequence of public offices that marked out the prescribed social pilgrimage for aspiring senatorial aristocrats in Rome (and which was replicated in miniature in municipalities and in voluntary associations), forms the background against which Paul has framed his picture of Jesus in the great Christ hymn in Philippians 2. In marked contrast to the values of the dominant culture, Paul portrays Jesus descending what the author describes as a *cursus pudorum* ('course of ignominies'). The passage has thus been intentionally framed to subvert Roman *cursus* ideology and, by extension, to redefine the manner in which honour and power were to be utilized among the Christians at Philippi.

The Psychic Hold of Slavery Univ of California Press

From the #1 New York Times bestselling series comes the latest title in the Who HQ Now format for trending topics. It tells the history of a political and social movement that advocates for non-violent civil disobedience and protests against incidents of police brutality--and all racially motivated violence--against Black people. When a Black teenager named Trayvon Martin was senselessly killed in 2012, the African American community called for his murderer to be held accountable. But like many other racially sparked incidents in the past, his killer walked free. People looked for justice and healing in the moment. They turned to social media and a simple yet powerful hashtag emerged, #BlackLivesMatter. The message grew into an international movement and has now become the rallying cry during protests against police brutality and racial acts of violence. The movement gained even more attention and support in 2020 when it called for police reform in the United States after the police-related murder of George Floyd.

How W.E.B. Du Bois combined photographs and infographics to communicate the everyday realities of Black lives and the inequities of race in America At the 1900 Paris Exposition the pioneering sociologist and activist W.E.B. Du Bois presented an exhibit representing the progress of African Americans since the abolition of slavery. In striking graphic visualisations and photographs (taken by mostly anonymous photographers) he showed the changing status of a newly emancipated people across America and specifically in Georgia, the state with the largest Black population. This beautifully designed book reproduces the photographs alongside the revolutionary graphic works for the first time, and includes a marvelous essay by two celebrated art historians, Jacqueline Francis and Stephen G. Hall. Du Bois' hand-drawn charts, maps and graphs represented the achievements and economic conditions of African Americans in radically inventive forms, long before such data visualization was commonly used in social research. Their clarity and simplicity seems to anticipate the abstract art of the Russian constructivists and other modernist painters to come. The photographs were drawn from African American communities across the United States. Both the photographers and subjects are mostly anonymous. They show people engaged in various occupations or posing formally for group and studio portraits. Elegant and dignified, they refute the degrading stereotypes of Black people then prevalent in white America. Du Bois' exhibit at the Paris Exposition continues to resonate as a powerful affirmation of the equal rights of Black Americans to lives of freedom and fulfilment. *Black Lives 1900* captures this singular work. American sociologist, historian, author, editor and activist W.E.B. Du Bois (1868-1963) was the most influential Black civil rights activist of the first half of the 20th century. He was a protagonist in the founding of the National Association for the Advancement of Colored People (NAACP) in 1909, and his 1903 book *The Souls of Black Folk* remains a classic and a landmark of African American literature.

foreword by Jelani Cobb This anthology from the pages of the New Yorker provides a bold and complex portrait of Black life in America, told through stories of private triumphs and national tragedies, political vision and artistic inspiration. It reaches back across a century, with Rebecca West's classic account of a 1947 lynching trial and James Baldwin's "Letter from a Region in My Mind" (which later formed the basis of *The Fire Next Time*), and yet it also explores our current moment, from the classroom to the prison cell and the upheavals of what Jelani Cobb calls "the American Spring." Bringing together reporting, profiles, memoir, and criticism from writers such as Chimamanda Ngozi Adichie, Elizabeth Alexander, Hilton Als, Vinson Cunningham, Henry Louis Gates, Jr., Malcolm Gladwell, Jamaica Kincaid, Kelefa Sanneh, Doreen St. Félix, and others, the collection offers startling insights about this country's relationship with race. The Matter of Black Lives reveals the weight of a singular history, and challenges us to envision the future anew.

Bringing together theory, research, and practice to dismantle Anti-Black Linguistic Racism and white linguistic supremacy, this book provides ethnographic snapshots of how Black students navigate and negotiate their linguistic and racial identities across multiple contexts. By highlighting the counterstories of Black students, Baker-Bell demonstrates how traditional approaches to language education do not account for the emotional harm, internalized linguistic racism, or consequences these approaches have on Black students' sense of self and identity. This book presents Anti-Black Linguistic Racism as a framework that explicitly names and richly captures the linguistic violence, persecution, dehumanization, and marginalization Black Language-speakers endure when using their language in schools and in everyday life. To move toward Black linguistic liberation, Baker-Bell introduces a new way forward through Antiracist Black Language Pedagogy, a pedagogical approach that intentionally and unapologetically centers the linguistic, cultural, racial, intellectual, and self-confidence needs of Black students. This volume captures what Antiracist Black Language Pedagogy looks like in classrooms while simultaneously illustrating how theory, research, and practice can operate in tandem in pursuit of linguistic and racial justice. A crucial resource for educators, researchers, professors, and graduate students in language and literacy education, writing studies, sociology of education, sociolinguistics, and critical pedagogy, this book features a range of multimodal examples and practices through instructional maps, charts, artwork, and stories that reflect the urgent need for antiracist language pedagogies in our current social and political climate.

"A powerful — and personal — account of the movement and its players."—The Washington Post "This perceptive resource on radical black liberation movements in the 21st century can inform anyone wanting to better understand . . . how to make social change."—Publishers Weekly The breadth and impact of Black Lives Matter in the United States has been extraordinary. Between 2012 and 2016, thousands of people marched, rallied, held vigils, and engaged in direct actions to protest and draw attention to state and vigilante violence against Black people. What began as outrage over the 2012 murder of Trayvon Martin and the exoneration of his killer, and accelerated during the Ferguson uprising of 2014, has evolved into a resurgent Black Freedom Movement, which includes a network of more than fifty organizations working together under the rubric of the Movement for Black Lives coalition. Employing a range of creative tactics and embracing group-centered leadership models, these visionary young organizers, many of them women, and many of them queer, are not only calling for an end to police violence, but demanding racial justice, gender justice, and systemic change. In *Making All Black Lives Matter*, award-winning historian and longtime activist Barbara Ransby outlines the scope and genealogy of this movement, documenting its roots in Black feminist politics and situating it squarely in a Black radical tradition,

one that is anticapitalist, internationalist, and focused on some of the most marginalized members of the Black community. From the perspective of a participant-observer, Ransby maps the movement, profiles many of its lesser-known leaders, measures its impact, outlines its challenges, and looks toward its future.

This book is a must-read for all of us." - Michelle Alexander, New York Times bestselling author of *The New Jim Crow* A poetic and powerful memoir about what it means to be a Black woman in America—and the co-founding of a movement that demands justice for all in the land of the free. Raised by a single mother in an impoverished neighborhood in Los Angeles, Patrisse Khan-Cullors experienced firsthand the prejudice and persecution Black Americans endure at the hands of law enforcement. For Patrisse, the most vulnerable people in the country are Black people. Deliberately and ruthlessly targeted by a criminal justice system serving a white privilege agenda, Black people are subjected to unjustifiable racial profiling and police brutality. In 2013, when Trayvon Martin's killer went free, Patrisse's outrage led her to co-found Black Lives Matter with Alicia Garza and Opal Tometi. Condemned as terrorists and as a threat to America, these loving women founded a hashtag that birthed the movement to demand accountability from the

authorities who continually turn a blind eye to the injustices inflicted upon people of Black and Brown skin. Championing human rights in the face of violent racism, Patrisse is a survivor. She transformed her personal pain into political power, giving voice to a people suffering inequality and a movement fueled by her strength and love to tell the country—and the world—that Black Lives Matter. *When They Call You a Terrorist* is Patrisse Khan-Cullors and asha bandele's reflection on humanity. It is an empowering account of survival, strength and resilience and a call to action to change the culture that declares innocent Black life expendable.
