## **CARLY JIMENEZ**

---

On Being John McEnroe  
Houghton Mifflin  
Harcourt

This lavish exploration of giants touches on folklore and myth, truth and whimsy, ranging from tales of giants in ancient Greece to the Celts and their Green Knight. Includes flaps, booklets, gatefolds, and an elegant tassel. Illustrations.

The Most Important Thing  
Plakos GmbH  
Goth Chic is the first book to properly explore Gothic culture in the modern world. Gavin Baddeley unearths hidden gems from the underground alongside better-known manifestations, including horror

comics, fetish clubs, Goth-rock superstars and vampire cultists. The result is a book that provides a peerless primer for Gothic culture novices and an incisive analysis to challenge and compel even the most seasoned veteran of this dark underworld. What's Your Number?  
Simon and Schuster  
"In his satirically humorous society novel "Frau Jenny Treibel", which was published in 1892, Fontane unmasked the main characters in their selfish intrigues clearly enough as sentimental, conceited or downright pragmatic. Nevertheless, one can smile with sympathy towards the characters who come to such refreshing conclusions as: "Money is

nonsense."--Goodreads  
**Collision** Orion  
 Children's Books  
 The beloved Aunt  
 Dimity returns in this  
 delightful follow-up to  
 the book that launched  
 the Aunt Dimity series.  
 Watch out for Nancy  
 Atherton's latest, Aunt  
 Dimity and the King's  
 Ransom, coming in July  
 2018 from Viking!  
 Emma Porter is forty,  
 fat, frumpy, and a  
 passionate amateur  
 gardener. When her  
 longtime lover dumps  
 her for a younger  
 woman, Emma escapes  
 the cloying sympathy  
 of family and friends by  
 setting out on a  
 summer-long driving  
 tour of England's  
 glorious gardens. A  
 Dimity-contrived  
 coincidence brings her  
 to Penford Hall, a  
 sprawling Gothic  
 mansion in Cornwall,  
 where she finds a duke

in search of a missing  
 lantern with  
 extraordinary powers.  
 Suspecting there's  
 more than one mystery  
 to be solved at Penford  
 Hall, Emma accepts  
 the duke's invitation to  
 stay on and restore the  
 once glorious chapel  
 garden to its former  
 beauty. The dark  
 rumors surrounding a  
 rock star and the near-  
 death of the duke's  
 beautiful cousin  
 confirm Emma's  
 suspicions, and set her  
 -with Aunt Dimity's  
 ghostly guidance--on  
 the path to Penford  
 Hall's secrets and the  
 pleasure of unexpected  
 love.

Heidi kann brauchen,  
 was es gelernt hat by  
 Johanna Spyri is a rare  
 manuscript, the  
 original residing in

some of the great libraries of the world. This book is a reproduction of that original, typed out and formatted to perfection, allowing new generations to enjoy the work. Publishers of the Valley's mission is to bring long out of print manuscripts back to life.

*The Ashes of Worlds*  
Capstone Classroom  
Masterarbeit aus dem Jahr 2014 im Fachbereich Mathematik - Angewandte Mathematik, Note: 1,0, Johann Wolfgang Goethe-Universität Frankfurt am Main (Universität), Sprache: Deutsch, Abstract: Die Arbeit zeigt auf, welche mathematischen Inhalte bzw. Kompetenzen im kaufmännischen

Berufsfeld Anwendung finden. Weiterhin beinhaltet die Abschlussarbeit eine Studie, deren Ziel es ist, die wesentlichen mathematischen Inhalte und verschiedenen Kompetenzniveaustufen der unterschiedlichen Tätigkeitsbereiche der drei Berufsbilder der Bank-, Industrie- und Bürokaufleute zu analysieren und zu messen, zumal noch keine Studie existiert, die dieser Fragestellung „Welche mathematischen Inhalte im wirtschaftlichen Berufsfeld von hoher Bedeutung ist?“, nachging.

### **Metal Swarm**

NorthSouth (NY)  
This new collection of short stories from T.C. Boyle finds him at his mercurial best.

Inventive, wickedly funny, sometimes disturbing, these are stories about drop-outs, deadbeats and kooks. Take the man who shares his apartment with a wildcat won in a drunken bet; the drive-time shock jock hallucinating from sleep deprivation for a publicity stunt; the suburban woman who joins a pack of dogs, eating rabbits and baying at the moon. With a unique deftness of touch and a keen eye for the telling detail, Boyle has mapped the strange underworld of America.

### **Murder at Teatime**

Springer-Verlag

Lars, the young Polar Bear, awakens to a warm morning in the North Pole. Taking the opportunity to further explore the land near

his home, he stumbles upon a Cormorant and a group of Whales who are in trouble.

Highlighting not only the importance of teamwork and friendship, but also a moral metaphor for the effect humanity is having on the environment, 'Little Polar Bear and the Whales' is an enjoyable trip to the North Pole. AUTHOR: Hans de Beer was born in Muiden, a small town near Amsterdam, in the Netherlands. He studied illustration at the Rietveld Academy of Art in Amsterdam.

A guide from the International Sprite League on how to recognize true sprites, how to catch them, and how to care for them and keep them happy.

**Faerie Lord** GRIN Verlag

You've always admired beautiful calligraphy, but you probably figured it was way too hard to master, right? Calligraphy is actually much easier than you ever dreamed. All you need is the right guide and you'll be up to speed in no time! Calligraphy For Dummies lets anyone discover the art and fun of lettering. With this hands-on guide, you'll be able to develop your craft and test it out in no time. Starting with the italic alphabet, you'll discover different types

of strokes, how to angle your pen, and how to join letters. This easy-to-follow, step-by-step guide shows you: All the tools you need to practice the craft Where to get the proper ink and paper How to master several alphabets Different variations to change the look of letters How to mix and match your alphabets How to create a poster, sign, or certificate Ways to design and letter a quotation Common mistakes that can easily be avoided Calligraphy For Dummies also provides tips on how to put your calligraphy skills to good use, with ideas for making money, adding flair to wedding invitations, and more! It also includes ten fun alphabets and practice pages to hone in on

your talent, as well as examples of poorly formed letters to keep you on track. With a little practice, you'll be creating stunning letters and experiencing the joys of writing calligraphy!

*Heidi Kann Brauchen, Was Es Gelernt Hat*  
Emblem Editions

A new enhanced e-book edition, featuring an extended transcript from Melissa Anelli's exclusive interview with J. K. Rowling; a new, updated chapter; and special videos made just for this edition! Melissa Anelli wears a ring that was a gift to her from J.K. Rowling, given as a measure of appreciation for the work she does on *The Leaky Cauldron*, where her job entails being a fan, reporter, guardian, and spokesperson for

the Harry Potter series. For ten years, millions of fans have lived inside literary history, the only fans to know what it was like when Harry Potter was unfinished. When anticipation for a book was just as likely to cause a charity drive as a pistol shootout. When millions of rabid fans looked to friends, families, neighbors, forums, discussion groups, fan fiction and podcasts to get their fix between novels. When the death of a character was a hotter bet than who'd win the World Series. When one series of books had the power to change the way books are read. This has been a time when a book was more popular than movies, television, and video games. The series has spawned a

generation of critical thinkers and new readers. The New York Times changed the way it reported book sales just to avoid a continual overpowering of its bestseller list. These events must be given their proper context, and this moment must be preserved. The series will remain important to literature and pop culture, but the experience will change. Harry's fate will be as commonly known as the identity of Luke Skywalker's father, and readers who never had to wait for a Harry Potter book will have no idea what transpired when the series had hundreds of millions of people waiting desperately for the next volume. We are the first wave of Harry Potter fans, the

ones that are living in the time that shapes how Harry Potter will be remembered for all time. But when this era is over, fans will need some way to remember this strange, wonderful, dizzying experience. Future fans, too, will want to know what they missed. Harry Potter will exist as a seven-book series, but without the indivisible story of the cultural, literary and emotional impact the series has made, the story is incomplete. How can a fan understand Harry Potter without hearing about the midnight book parties, the scams, the theories, the burglaries, the bets, the bannings, and most importantly, the worldwide camaraderie spurred on by mutual love of a boy wizard?

How can they know how Harry Potter changed and touched the lives of so many without hearing it first hand? Harry, A History tells this story. It tells the personal story of Melissa Anelli's journey through the very heart of Harry Potter fandom. And wraps this phenomenon up into one narrative, factual volume - one book that tells what happened when Harry Potter met the world.

*Handbuch für den Industriekaufmann*

Plexus Publishing

We all know the stories of Cinderella, Snow White, and Rapunzel.

But have you ever heard of Alice Bingley-Beckerman, Reena Paruchuri, or Molly Miller? Of course you haven't. Not yet. What these girls have in common with their

fairy tale sisters is this: they are the stepdaughters of three very evil stepmothers. And they're not happy about it. They think they are alone in their unhappiness until they arrive at Putnam Mount McKinsey, a posh boarding school located in lovely rural Massachusetts. Here is where they will plot their revenge. But first they have to meet. In her first novel, Lily Archer tells a knowing, wickedly funny story about how friendship just may turn out to be more happily-ever-after than family.

*Mathematik im Beruf*

Harper Collins

Tizzie is lonely when she and her mum move to Roven Mere, a mysterious, rambling mansion deep in the countryside. She's eager to meet Lord

Rupert and his daughter, Greta, but no one knows when they will come home. The house seems like a museum, and as Tizzie explores the rooms and passageways, she makes a startling discovery about why she's been brought to Roven Mere...

Plexus Publishing

The animals of the forest have assembled to discuss what is the most important thing: to have a trunk like an elephant, quills like a porcupine, or a long neck like a giraffe? Naturally, every animal is convinced that its particular trait is the

most important one and that everyone should have it. But when the double pages open to show all the animals with the quills of a porcupine, the long neck of a giraffe, or the trunk or the elephant, everyone must agree that the true importance lies precisely in their collective 'diversity'. It is that which makes them all unique and essential to life of the forest. The Most Important Thing received a UNESCO honorable mention for peace and collaboration. An important message of diversity and inclusion delivered in the form of a charming modern fable.

All around my house  
Peter Owen Publishers  
In 1145 A.D., as foretold by Merlin,

fourteen-year-old Rosalind, who will be the twenty-first Pendragon Queen of Wilde Island, has much to accomplish to fulfill her destiny, while hiding from her people the dragon's claw she was born with that reflects only one of her mother's dark secrets.

Testen Sie Ihr Wissen und erweitern Sie es durch eine gute Vorbereitung!

**Venice** Penguin  
 The alien hydrogues have been defeated, driven back into the cores of their gas-giant planets by an alliance of the Earth Defence Forces, the ancient Ildiran Empire, the gypsy-like Roamer clans and gigantic living 'treeships'. The various factions try to recover - but the deep-seated wounds may prove fatal. The Hansa's brutal

Chairman Basil Wenceslas struggles to crush any resistance even as King Peter breaks away to form his own new Confederation among the green priests on Theroc, the Roamer clans and an ever-growing number of colonies who have declared their independence. Like jackals smelling wounded prey, swarms of ancient black robots built by the lost insectoid Klikiss race continue their depredations on helpless worlds with stolen Earth battleships. A race of terrifying fiery elementals, the faeros, has joined with an Ildiran madman to declare war against all life. And the original, voracious Klikiss race - long thought to be

extinct - have returned, intent on conquering their former worlds and willing to annihilate anyone who happens to be in the way. **Goth Chic** Simon and Schuster  
The allied factions of humanity, along with the waning Ildiran Empire and the powerful water elementals and sentient trees, have defeated the near-invincible alien race of the hydrogues, driving them back into the depths of gas-giant planets. But before peace can heal the wounds between the races, two ancient enemies return: the capricious fiery elementals, the faeros, who mean to burn all those who fought alongside their mortal enemies. And the lost

hive race of the Klikiss, who intend to reclaim all the worlds they inhabited 10,000 years earlier, worlds that are now home to many human colonies.

Meanwhile, the leader of the Terran Hanseatic League, Chairman Basil Wenceslas, intends to pull all of humanity's unruly stepchildren into his iron grip - even if it means he has to hold the Ildiran Mage-Imperator hostage, risking renewed war with an entire alien civilization. **THE ASHES OF WORLDS** brings to a thrilling conclusion the myriad storylines of galactic warfare and personal betrayals, starlost romances and titanic alien conflicts. Calligraphy For Dummies Bloomsbury Publishing USA  
How many men does it take to find true love?

When Delilah Darling reads a survey revealing that most people have 10.5 sexual partners in their lifetime, she begins to feel like a tramp. She's slept with nineteen men so far—almost twice the national average. During a self-help moment, she vows to cap her “number” at twenty, swearing she'll save her last spot for the right guy. But after losing her job and having a wild night on the town, she falls into bed with Mr. Wrong. Unwilling to up her number, but also unable to imagine a life of celibacy, Delilah does the only thing a girl in her situation can do: she tracks down every man she's ever slept with in a last-ditch effort to make it work with one of them.

A hilarious romp through Delilah's past loves, *What's Your Number?* shines a spotlight on every woman's dirty little secret and proves that, when it comes to matters of the heart, sometimes numbers tell only a fraction of the story.
