Before Sherlock Holmes, There Was Private Detective Ebenezer Gryce The Leavenworth Case by Anna Katharine Green is one of the very first mystery masterpieces of our modern times. Set in New York City, detective Ebenezer Gryce accepts to investigate the curious murder case of one very rich man, Horatio Leavenworth. Many clues lead to the two nieces but are they truly responsible for their uncle's death? In a lively challenge to mainstream history, Michael Parenti does battle with a number of mass-marketed historical myths. He shows how history's victors distort and suppress the documentary record in order to perpetuate their power and privilege. And he demonstrates how historians are influenced by the professional and class environment in which they work. Pursuing themes ranging from antiquity to modern times, from the Inquisition and Joan of Arc to the anti-labor bias of present-day history books, *History as Mystery* demonstrates how past and present can inform each other and how history can be a truly exciting and engaging subject. "Michael Parenti, always provocative and eloquent, gives us a lively as well as valuable critique of orthodoxy posing as 'history.'"—Howard Zinn, author of *A People's History of the United States* "Deserves to become an instant classic." —Bertell Ollman, author of *Dialectical Investigations* Those who keep secret the past, and lie about it, condemn us to repeat it. Michael Parenti unveils the history of falsified history, from the early Christian church to the present: a fascinating, darkly revelatory tale." —Daniel Ellsberg, author of *The Pentagon Papers* "Solid if surely controversial stuff."—Kirkus Michael Parenti, PhD Yale, is an internationally known author and lecturer. He is one of the nation's leading progressive political analysts. He is the author of over 275 published articles and twenty books, including *Against Empire*, *Dirty Truths*, and *Blackshirts and Reds*. His writings are published in popular periodicals, scholarly journals, and his op-ed pieces have been in leading newspapers such as the *New York Times* and the *Los Angeles Times*. His informative and entertaining books and talks have reached a wide range of audiences in North America and abroad.

The Sittaford Mystery is Dame Agatha at her most intriguing, as a

séance in a snowbound house predicts a particularly grisly murder. In a remote house in the middle of Dartmoor, six shadowy figures huddle around a table for a seance. Tension rises as the spirits spell out a chilling message: "Captain Trevelyan . . . dead . . . murder." Is this black magic or simply a macabre joke? The only way to be certain is to locate Captain Trevelyan. Unfortunately, his home is six miles away and, with snowdrifts blocking the roads, someone will have to make the journey on foot. . . .

Inspector Alan Grant of Scotland Yard, recuperating from a broken leg, becomes fascinated with a contemporary portrait of Richard III that bears no resemblance to the Wicked Uncle of history. Could such a sensitive, noble face actually belong to one of the world's most heinous villains, a venomous hunchback who may have killed his brother's children to make his crown secure? Or could Richard have been the victim, turned into a monster by the usurpers of England's throne? Grant determines to find out once and for all, with the help of the British Museum and an American scholar, what kind of man Richard Plantagenet really was and who killed the Princes in the Tower.

"High-energy . . . Online* • *Goodreads* • *BuzzFeed* • *PopSugar* • *BookBub* • *Bibliofile* • *Mystery and Suspense* A *LibraryReads* Selection — A *Top Book Voted by Librarians* for March 2021 An *Indie Next Pick* — A *Top Book Voted by Independent Bookstores* for March 2021 In one of the year's most anticipated debut psychological thrillers, a family made infamous by a true crime documentary is found dead, leaving their surviving son to uncover the truth about their final days. "They found the bodies on a Tuesday." So begins this twisty and breathtaking novel that traces the fate of the Pine family, a thriller that will both leave you on the edge of your seat and move you to tears. After a late night of partying, NYU student Matt Pine returns to his dorm room to devastating news: nearly his entire family—his mom, his dad, his little brother and sister—have been found dead from an apparent gas leak while vacationing in Mexico. The local police claim it was an accident, but the FBI and State Department seem far less certain—and they won't tell Matt why. The tragedy makes headlines everywhere because this isn't the first time the Pine family has been thrust into the media

spotlight. Matt's older brother, Danny—currently serving a life sentence for the murder of his teenage girlfriend Charlotte—was the subject of a viral true crime documentary suggesting that Danny was wrongfully convicted. Though the country has rallied behind Danny, Matt holds a secret about his brother that he's never told anyone: the night Charlotte was killed Matt saw something that makes him believe his brother is guilty of the crime. When Matt returns to his small hometown to bury his parents and siblings, he's faced with a hostile community that was villainized by the documentary, a frenzied media, and memories he'd hoped to leave behind forever. Now, as the deaths in Mexico appear increasingly suspicious and connected to Danny's case, Matt must unearth the truth behind the crime that sent his brother to prison—putting his own life in peril—and forcing him to confront his every last fear. Told through multiple points-of-view and alternating between past and present, Alex Finlay's *Every Last Fear* is not only a page-turning thriller, it's also a poignant story about a family managing heartbreak and tragedy, and living through a fame they never wanted.

You haven't read a thriller until you read #1 New York Times bestselling author Sue Grafton's novels with her unforgettable P.I. Kinsey Millhone... "C" is for Corpse He was young-maybe twenty or so-and he must once have been a good-looking kid. Kinsey could see that. But now his body was covered in scars, his face half-collapsed. It saddened Kinsey and made her curious. She could see he was in a lot of pain. But for three weeks, as Kinsey'd watched him doggedly working out at the local gym, putting himself through a grueling exercise routine, he never spoke. Then one Monday morning when there was no one else in the gym, Bobby Callahan approached her. His story was hard to credit: a murderous assault by a tailgating car on a lonely rural road, a roadside smash into a canyon 400 feet below, his Porsche a bare ruin, his best friend dead. The doctors had managed to put his body back together again-sort of. His mother's money had seen to that. What they couldn't fix was his mind, couldn't restore the huge chunks of memory wiped out by the crash. Bobby knew someone had tried to kill him, but he didn't know why. He knew he had the key to something that made him dangerous to the killer, but he didn't know what it was. And he sensed that someone was still out there, ready to pounce at the first sign his memory was coming back. He'd been to the cops, but they'd shrugged off his story. His family thought he had a screw loose. But he was scared-scared to death. He wanted to hire Kinsey. His case didn't have a whole lot going for it, but he was hard to resist: young, brave, hurt. She took him on. And three days later, Bobby Callahan was dead. Kinsey Millhone never wshed a deal. She'd been hired to stop a killing. Now she'd find the killer.
