Resources in Education  
Classroom Complete Press  
Start measuring lengths  
and weights while  
mastering conversions.  
Our resource introduces  
the mathematical  
concepts taken from real-  
life experiences, and

provides warm-up and  
timed practice questions  
to strengthen procedural  
proficiency skills. Measure  
the length of objects  
using your hand as a unit  
of measure. Convert  
weights from pounds to  
ounces and kilograms.  
Find the volume of  
differently sized boxes.  
Accurately tell the  
temperature with the help  
of a thermometer.

Convert length  
measurements. Match  
measurements with their  
clues. Find the best  
measurement for different  
objects. Show the time on  
an analog clock. The task  
and drill sheets provide a  
leveled approach to  
learning, starting with  
grade 3 and increasing in  
difficulty to grade 5.  
Aligned to your State  
Standards and meeting

the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included.

**Life Skills Curriculum:  
ARISE Work In  
Progress, Book 3:  
Domestic & Sexual  
Abuse** Cambridge

University Press  
Dip your toes into the world of equations with a look at elementary-level Algebra. Our resource provides task and word problems surrounding real-life scenarios. Calculate the cost of a year's membership using

an equation. Do a magic trick using a calculator and math equation. Solve for "x" in an equation. Graph a solution on a number line. Find the missing number in a pattern. Explain the rule that describes a sequence of numbers. Explore expressions by substituting values with numbers. Solve problems using order of operations. Write a set of base-ten blocks as an equation. The task sheets provide a leveled approach to learning, starting with grade 3 and increasing in

difficulty to grade 5. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included. [Super Minds American English Level 1 Teacher's Resource Book with Audio CD](#) Cambridge University Press  
Super Minds American English is a seven-level course for young learners. This exciting seven-level course enhances your students' thinking skills, sharpening their memory

and improving their concentration along with their language skills. Super Minds develops creativity with visualization exercises, art activities and craft activities, explores social values with lively stories, and encourage cross-curricular thinking with fascinating 'English for school' sections. This Level 1 Teacher's Resource Book contains end-of-unit evaluation tests, worksheets for further vocabulary and grammar practice, along with cross-curricular

extension material. The Audio CD includes all the listening material needed to accompany the tests. *Super Minds Level 1 Teacher's Resource Book with Audio CD* Cambridge University Press  
Take your knowledge of shapes one step further as you explore polygons and triangles. Our resource provides task and word problems surrounding real-life scenarios. Identify polygons from other shapes. Know the difference between a regular and irregular, or

simple and complex polygon. Explore equilateral, isosceles and scalene triangles. Label triangles as acute, right or obtuse. See how many different quadrilaterals there are. Extend your knowledge of symmetry by looking at rotational symmetry. Find the difference between congruent and similar shapes. Get introduced to surface area and volume of 3D shapes. The task sheets provide a leveled approach to learning, starting with grade 3 and increasing in difficulty to

grade 5. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included.

*Number & Operations - Drill Sheets Gr. 3-5*  
Cambridge University Press

Well-respected educator and best-selling author Jerry Snyder has put together the most versatile guitar method available. This comprehensive method for classroom or individual

study comes in two sections: the first section teaches chords and accompaniment, while the second teaches note reading. This flexible method allows you to start with either section or use both sections simultaneously. The Teacher's Guide helps the instructor develop and organize a guitar class curriculum and provides background on the guitar class, teaching tips, elements of music and how to address the National Standards for Arts Education. The

Teacher's Guide also includes 48 pages of reproducible worksheets. The ensemble book offers graded duets, trios and quartets as well as optional parts for bass.

*PC Mag Classroom Complete Press*

A specially designed program using rules, patterns and memory techniques similar to those found in language arts to teach difficult math concepts to children. This book contains 10 all new lesson plans, including worksheets, take-home pages, assessment pages

and a variety of support materials to teach addition and subtraction.

**Publications** Lorenz Educational Press

Get a handle on all things shapes as you properly identify different two- and three-dimensional objects. Our resource provides warm-up and timed drill activities to practice procedural proficiency skills. Match shapes with their names. Identify shapes that are parallelograms or polygons. Count the number of faces on a three-dimensional shape, and write the names of those two-dimensional

faces. Know triangles based on their sides and angles. Identify between regular, irregular, right, and oblique pyramids. Use a protractor to draw specific angles. Use different combinations of pattern blocks to create hexagons. Transform shapes by flipping, sliding, turning, or enlarging them. The drill sheets provide a leveled approach to learning, starting with grade 3 and increasing in difficulty to grade 5. Aligned to your State Standards and meeting the concepts

addressed by the NCTM standards, reproducible drill sheets, review and answer key are included.

**Super Minds American English Level 2**

**Teacher's Resource Book with Audio CD**

Cambridge University Press

Get a sense of how things relate to one another with a look at early level Measurement. Our resource provides task and word problems surrounding real-life scenarios. Use a quarter to find out how long the desk is. Estimate how

long it would take for a tadpole to become a frog. Use a thermometer while learning how to measure temperature. Learn about units of measure by figuring out which would be best to use on certain objects. Count the small boxes that make up a shape to find its area. Use a teaspoon, cup and some water to experiment with volume. Use a paper clip to estimate the weight of a pencil. The task sheets provide a leveled approach to learning, starting with prekindergarten and

increasing in difficulty to grade 2. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included.

### **Jensen's Punctuation**

Routledge

When eight-year-old Irene is removed from her First Nations family to live in a residential school she is confused, frightened, and terribly homesick. She tries to remember who she is and where she came from, despite the

efforts of the nuns who are in charge at the school and who tell her that she is not to use her own name but instead use the number they have assigned to her. When she goes home for summer holidays, Irene's parents decide never to send her and her brothers away again. But where will they hide? And what will happen when her parents disobey the law? Based on the life of co-author Jenny Kay Dupuis' grandmother, *I Am Not a Number* is a hugely necessary book that brings a terrible part

of Canada's history to light in a way that children can learn from and relate to.

Spelling for Life John Wiley & Sons

Help beginner learners gain confidence by becoming familiar with basic shapes. Our resource introduces the mathematical concepts taken from real-life experiences, and provides warm-up and timed practice questions to strengthen procedural proficiency skills. Use different shapes to make a robot or house. Describe

where each shape is found in a picture. Transform a shape by turning it, sliding it, or flipping it. Draw the missing half of a symmetrical shape. Match items in your classroom with certain shapes. Identify circles from squares and triangles. Count the number of sides and corners of plane shapes. Count the number of edges, faces and corners of solid shapes. The task and drill sheets provide a leveled approach to learning, starting with

prekindergarten and increasing in difficulty to grade 2. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included. *Math Phonics - Pre-Geometry (ENHANCED eBook) Second Story* Press  
An exciting, seven-level course that enhances young learners' thinking skills, sharpening their memory while improving their language skills. This

exciting seven-level course enhances your students' thinking skills, improving their memory along with their language skills. Super Minds develops language creatively with activities including role play and project work. Social values are explored with lively stories and cross-curricular thinking is covered through fascinating 'English for school' sections. This Level 5 Teacher's Resource Book contains end-of-unit evaluation tests, worksheets for

further vocabulary and grammar practice along with cross-curricular extension material. The Audio CD includes all the listening material needed to accompany the tests. *Ready-to-Use Reading Proficiency Lessons and Activities* Cambridge University Press

Convert information gathered into a visual graph and know how to read it. Our resource provides task and word problems surrounding real-life scenarios. Find out how many balloons are green by reading a

bar graph. Sort shapes into 3 different categories. Create circle graphs to match the fractions. Survey your class to find out what pizza they like best. Find out what ride was used the least with a pictograph. Create a bar graph using information provided in a chart. Find the probability of rolling an even number on a standard die. Convert information gathered in a chart to probability statistics. The task sheets provide a leveled approach to learning, starting with grade 3 and

increasing in difficulty to grade 5. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included. *Algebra - Task Sheets Gr. 3-5 Classroom Complete Press*

Number & Operations serve as a stepping stone for young learners to start building their understanding of basic mathematics. Our resource provides task and word problems

surrounding real-life scenarios. Count the number of balls in gym class. Use a calculator to practice your adding. Add up all the change you and your friends have altogether. Find out if the number of pails is odd or even. Find the shape that shows the fraction  $\frac{1}{3}$ . Write down all the facts that add up to 9. Counting down, find the number that comes next. Show your work when taking away 6 stuffed animals from your collection. The task sheets provide a leveled approach to

learning, starting with prekindergarten and increasing in difficulty to grade 2. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included.  
Individual Income Tax Returns Classroom Complete Press  
Understand how numbers work by examining and translating fractions and decimals. Our resource provides warm-up and timed drill activities to

practice procedural proficiency skills. Practice multiplication and division. Identify fractions from shaded shapes. Continue a pattern shown on a hundreds chart. Put fractions in order from smallest to biggest. Find the place value of the underlined digit. Write numbers in expanded form. Translate base-ten models to numbers. Round decimals to whole numbers. Compare numbers with less than, more than, and equal to. Find the equivalent fraction. The drill sheets

provide a leveled approach to learning, starting with grade 3 and increasing in difficulty to grade 5. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible drill sheets, review and answer key are included.
