The perfect gift for seekers, the curious, and the spiritually hungry, The Little Book of Prayers now has a stunning new cover and a more prayer book-like format. Gathered from holy books and prayer books, from songs and spirituals, spoken traditions and poets, it is an unexpectedly approachable collection of common and uncommon prayers from around the world. The entries, one per page or spread, are chosen for their depth of feeling, beauty of expression, spiritual intensity, and sense of the universal. The book is organized into broad categories of praise, entreaty, contemplation, mourning, and grace; and two indexes—one by authorship, and the other by topic—make it immediately accessible. There are familiar prayers, like the Lord's Prayer and 23rd Psalm, which, placed in new context, shine with a renewed beauty and wisdom. You'll find prayers unfamiliar to many in the West, such as the "Opener" from the Koran or the four vows of the Boddhisattva, chanted every evening in Zen monasteries around the world. And the surprising—from the "Prayer of the Unknown Confederate Soldier" to the blues of Lightnin' Hopkins to the poetry of Rumi. God help us to live slowly: To move simply: To look softly: To allow emptiness: To let the heart create for us. Amen. —Michael Leunig You, whose day it is, make it beautiful. Get out your rainbow colors, so it will be beautiful. —Nootka Song

Prayers that Avail Much for Leaders Harrison House

NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. "A loving invitation to live our best lives and a profound reassurance of why and how we can."—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight

branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.
