**The Athenaeum** Peeters Publishers  
Scion of the Pittsburgh oil and banking family, William Larimer Mellon, Jr., was married, the father of three, and a successful rancher in Arizona when, at thirty-seven, he read a Life magazine article about

Albert Schweitzer's "reverence for life" that guided his mission hospital in a remote area of Gabon, Africa. Mellon immediately wrote to the famous humanitarian in Lambarene, expressing admiration of Schweitzer's life of service and the wish to engage in similar work with his wife, Gwendolyn. Schweitzer's reply in March 1948 was a lengthy letter of realistic encouragement. In time,

Mellon received his medical degree from Tulane University and later established a well-equipped hospital in one of the poorest regions of Haiti, where, with his wife, he spent the rest of his life working as a physician and a community development engineer. The hospital continues to thrive. Brothers in Spirit brings together sixty-five of the letters written between 1947 and

Schweitzer's death in 1965. Presented here in both English and the original French, they eloquently tell the story of a comfortable life abandoned for the goal of serving humanity.

« Toltèque » signifie « homme de connaissance » ; celle de soi en harmonie avec son environnement. Dans

cette quête où chaque fait de vie était une source d'enseignement, les Toltèques ont développé des sagesses en lien étroit avec les puissances énergétiques de la nature, en s'engageant dans des contrats de développement personnel par le biais d'exercices et de rituels. Savoir qui l'on est pour avancer en équilibre, malgré les peurs, le stress... Ce petit guide livre les clés et les exercices simples pour découvrir les principes fondamentaux de ces « chercheurs de vérité »,

s'éveiller à sa nature profonde et avancer sur le chemin de la libération personnelle.

Le livre de sagesse est par son caractère protéiforme une entité difficile à appréhender selon une méthode a priori ; il semble en revanche mieux se prêter à un examen des conditions empiriques de sa réception. En choisissant de déplacer la cible d'étude de l'écriture sapientiale à la lecture de sagesse, ce livre, fruit

d'un colloque tenu à Metz en septembre 2006, réévalue l'importance des médiations, qu'elles soient éditoriales, sociales, pédagogiques ou poétiques. Plus qu'un usager, le lecteur apparaît dans ce contexte comme le pratiquant d'une religion sans dogme, sans discipline ni normativité. La relation instituée engage une dynamique de rupture, soit insensible soit spectaculaire, et une libération des modes de pensée traditionnels. Proche du livre de chevet en ce qu'il ne se définit

comme lui que par son usage, le livre de sagesse conduit lui aussi, et de façon plus spécifique encore, à réfléchir sur la dimension thérapeutique d'une lecture qui vise non à convaincre ou à instruire, mais à doter l'existence sensible, soumise au régime de la production, d'une capacité à symboliser. Réorienté dans sa lecture comme dans sa vie, le lecteur se trouve alors initié à une vision inédite du monde, grâce ou en dépit d'une relation contradictoire. Car le livre

de sagesse est marqué au coin du paradoxe : il doit transmettre sans fixer, communiquer sans divulguer, apprendre sans enseigner.

Peu d'études spécifiques ont été consacrées à Ben Sira 10,19-11,6. Lentz examine le texte en

hébreu, grec, syriaque et latin, en essayant d'identifier les différences majeures entre ces versions et leurs orientations fondamentales respectives. Dans cette péricope, elle révèle trois thèmes importants: la crainte de Dieu, la sagesse et la loi. En prenant comme point de départ le thème de la crainte de Dieu dans le Deutéronome, les Psaumes et les Proverbes, Job et Qoheleth en plus de Ben Sira, Lentz examine la relation de ce thème

avec la sagesse et la loi. La relation étroite entre la crainte de Dieu, la sagesse et la loi devrait inciter les spécialistes à se demander si celles-ci ne représentent pas trois aspects de la même réalité. Few specific studies have been devoted to Ben Sira 10:19-11:6. Lentz examines the text in Hebrew, Greek, Syriac, and Latin, trying to identify the major differences between these versions and their respective fundamental orientations. In this

pericope she reveals three important themes: the fear of God, wisdom, and the law. Taking as a point of departure the theme of the fear of God in Deuteronomy, Psalms, and Proverbs, Job, and Qoheleth, in addition to Ben Sira, Lentz examines the relationship of this theme with wisdom and the law. The close relationship between the fear of God, wisdom, and the law should lead scholars to ask if these do not represent three aspects of the same reality.

Best "New" African Poets 2018 Anthology follows volumes in 2017, 2016 and 2015. In this fourth volume of these continent-wide anthologies of African poetry we have work from 154 African poets from over 30 African countries and the African Diasporas. There are poems in English, French, Portuguese, Sepedi, Shona, Yoruba, and Asante Twi languages. In 2018 there was a notable

increase in the number of entries with memorable novelties regarding poetic experimentation: some of the poets have daringly sliced up words playing around with the spatial and structural patterns of their texts on paper. This may be described as both textual and visual poetry. Reading the poems becomes a journey with many paths, where the reader walks according to poetic rhythms and the hesitating breaks of action verbs and enjambments. Congress Volume Oslo 1998 Editions Exley SA

This Congress Volume comprises not only the main lectures of the XVIth I.O.S.O.T. Congress, held in Oslo 1998, but also the interventions at the two panels on "Intertextuality and the Pluralism of Methods" and on "The Hebrew Bible and History". Both the main lectures and the panelists' interventions focus on current methodological problems and study central questions in the present study of the Hebrew Bible/Old Testament in its environment.

This volume principally deals with perceptions on Jews dating from the beginnings of their emancipation to the Dreyfus Affair. The title in French, and the original title of the colloquium in Hebrew, 'Enlightened Antisemitism' not only reflects the overall anti-religious (anti-Christian and, hence, by necessity, anti-Jewish) sentiments of an Enlightenment figure such as Voltaire, but also refers to those who justified either their philosemitism or

antisemitism with erudition: Johann David Michaelis, Antoine Guénée, Charles Maurras, etc. With France as its focal point, the volume also contains essays that treat various perceptions of Jews during the same period in England, Germany, and Italy. Interdisciplinary in nature, this collection of essays treats the Jewish question from historical, literary, and sociological angles. The Athenaeum Le petit livre des sagesses toltèques

This volume contains the Proceedings of the 50th Colloquium Biblicum Lovaniense: the 40 contributions, written in English, French and German, focus on the canons of the Old and New Testament as well as those of the Bible as a whole. The theme is studied from a variety of historical, hermeneutical and biblical-theological points of view. Several contributions discuss the process that resulted in

the canonical status of certain writings, or groups of writings, in particular, such as the Book of Psalms, Ezekiel, the Wisdom of Ben Sira, the Pauline corpus, Acts and the gospels.
