This is a unique translation of Juzz' Birr al-Walidain, a medieval tract by one of the greats of Islamic history on the theme of good treatment of parents. In it the author records 76 narrations leading back to Prophet Muhammad and members of the

early Islamic community on the significance of treating one's parents in the best manner and other communal duties. This critical edition is presented in both Arabic and English along with explanatory notes from noteworthy scholars of hadith including al-Nawawi (d. 1277) and Ibn Hajr (d. 1448). About the Author: Muhammad b. Isma'il al-Bukhari was born in Bukhara, in modern-day Uzbekistan in 810. Raised an orphan, he excelled in the sciences of hadith and travelled much of the Islamic world in pursuit of knowledge and the preservation of the sunnah. Acknowledged by his peers and students, including Ahmad b. Hanbal (d.855), Muslim b. al-Hajjaj (d. 875) and Muhammad b. 'Isa al-Tirmidhi (d. 892), as one of the greatest imams of Islam, he holds a permanent place in Muslim scholarship. He died in the village of Khartank, Samarkand in 870 leaving

behind a legacy of important reference works including his most magnum opus, Al-Jami' al-Sahih, widely referred to as Sahih al-Bukhari, considered by Sunni Muslims as the most authentic book after the Quran.

"Imam Hussain And Yazid" the English version of the book "Syed-ul-Shuhada Hazrat Imam Hussain Aur Yazidiyat" by Sultan-ul-Ashiqeen Hazrat Sakhi Sultan Muhammad Najib-ur-Rehman sheds light on those aspects of the battle of Karbala which have been concealed by the other writers. It tells the difference between two systems, Hussainism and Yazidism, apart from the description of the valour and heroism of the sacred progeny of Prophet Mohammad and their Companions. The author has highlighted Hussain's Faqr, the essence of the whole philosophy, which has been untouched by the tellers of the significance of the battle. It also debates upon the advocacy on Yazid by his advocates, logically and with authentic references. For online reading please visit <http://sultan-ul-faqr-publications.com/>

Sunnis consider the two books of Sahih Bukhari and Sahih Muslim as correct from the beginning to the end, dealing with them like revelation. They have based all their principle beliefs on the basis of their content. Sunni researchers refrain from considering as fabricated any tradition that has appeared in these two books, for the position of these two books is very high in their eyes. The present work studies these two books and some of the traditions they contain, in order to make it

clear that all the traditions that these two books contain are not authentic (sahih) and that one cannot say that the traditions that have not appeared in these two books are not authentic.

This volume continues the stories of the Israelite patriarchs and prophets who figured in Volume II, as well as of the semi-mythical rulers of ancient Iran. In addition to biblical, Qur'anic, and legendary accounts about Moses, Aaron, and the exodus of the Children of Israel from Egypt; of the Judges, Samuel and Ezekiel; and of Saul, David, and Solomon, it includes a version of Iranian prehistory that emphasizes the role of Manuchihr (Manushihr in Arabic) in creating the Iranian nation and state. Woven into these accounts are stories about figures belonging to the very earliest literatures of the Middle East: the mysterious al-Khidwith echoes from the epic of the Sumero-Akkadian hero Gilgamesh; the legendary exploits of Dhu l-Qarnayn, mirroring the ancient romance of Alexander; and incorporating elements about the encounter of King Solomon and Bilqis, the Queen of Sheba, of Jewish midrash and South Arabian lore. The Islamic empire was at its political and economic height during the tenth and eleventh centuries, and a new civilization was forged at the caliphal court and in society at large. One of the literary triumphs of that civilization was this rich and colorful tapestry belonging to the Islamic genre of "tales of the prophets." The tales in this volume show how threads from all the ancient civilizations of the Middle East were incorporated, absorbed, and Islamized in the brilliant fabric of that new civilization.

Book of Evidences : The Miracles of the Prophet ( P. B. U. H. ) Dar Al Kotob Al Ilmiyah دار الكتب العلمية

Women in Islam is an attractive book of simple compilation of quotations from the Qur'an and Hadith collections that refer to or address women specifically. It engages the reader in a moment of reflection on the Islamic view of womanhood: her existence as a creation of Allah, her role as a positive stakeholder in building a God-conscious society and her capacity for attaining proximity with Allah.

*Sahih Muslim (Volume 5)* Penguin

This Summarized version of Sahih Al-Bukhari is an English translation of the compilation entitled "At-Tajrid As-Sarih" by Imam Zain-ud-Deen Ahmad bin 'Abdul-Lateef Az-Zubaidi. The original compilation (in nine volumes) contains more than 7500 Ahadith with repetitions and duplicates. The summarized version (in one volume) is about one quarter the size of the original and contains 2230 Ahadith without repetitions. Also, most of the duplicate Ahadith from different chains (with slight variations) have been removed and only one has been kept. Furthermore, most of the sub-narrators are often omitted when possible and sometimes only the first narrator in each chain is kept. NOTE: The numbering style has been altered slightly to include both the Summarized and Original versions. So the Hadith numbering of the Summarized version from numbers 1 to 2230 is shown in squared brackets, while the reference to the Original version is shown directly after it by depicting the Volume number it is found in, the Book title of that Volume, and the Hadith number of that specific Book. For example: In the Book of "Fasting (Saum)", you will find the first narration beginning with "[919] Volume 3, Book 31, Hadith 118: Narrated.... etc." This makes an excellent read for the average Muslim who would like to increase their knowledge and get to know more about the authentic narrations of our beloved Prophet Muhammad, may peace and blessings of Allâh be upon him. IMPORTANT: The blessings which a person confers to the Prophet (s) every time mention is made to him has been omitted throughout this book (i.e. "sallallâhu 'alaihi wasallam" or "peace and blessings of Allâh be upon him."). The reader is humbly requested to do so every time he/she comes across any mention being made to

him. Visit our eBook Store at:

Allah preserved the Sunnah by enabling the Companions and those after them to memorise, write down and pass on the statements of the Messenger Muhammad and the descriptions of his Way, as well as to continue the blessings of practising the Sunnah. Later, as the purity of the knowledge of the Sunnah became threatened, Allah caused the Muslim nation to produce outstanding individuals of incredible memory-skills and analytical expertise, who journeyed tirelessly to collect hundreds of thousands of narrations and distinguish the true words of precious wisdom of their Messenger from those corrupted by weak memories, from forgeries by unscrupulous liars, and from the statements of the enormous number of 'ulama', the Companions and those who followed their way, who had taught in various centres of learning and helped to transmit the legacy of Muhammad - all of this achieved through precise attention to the words narrated and detailed familiarity with the biographies of the thousands of reporters of Hadith. The methodology of the expert scholars of Hadith in assessing such narrations and sorting out the genuine from the mistaken/fabricated etc., forms the subject-matter of a wealth of material left to us by the muhaddithun (scholars of Hadith, "traditionists"). This short treatise is a humble effort to introduce this extremely wide subject to English readers. A useful supplement is included for the first time to the original treatise further expounding on branches in the Science of Hadith.

In today's complex and volatile world, the consequences of relying on fraudulent and counterfeit Hadith to legitimize extremist behavior, issue violent fatwas, and justify blatant abuse, particularly of women, is not only far too easy but in fact dangerous. Israr Khan addresses the sensitive topic of Hadith authentication, focusing on the criteria adopted by classical scholars to maintain that concentration on the continuity and accuracy of the chain of narrators, rather than the textual content of Hadith, has led to particular Hadith being included which either contradict other Hadith directly, project the Prophet (SAAS) in an uncharacteristic light, or do not reflect and/or conflict with the teachings of the Qur'an. The study traces in careful detail the historical development of the oral and written traditions, as well as the many targeted attempts at fabrication that took place, critiquing in methodical detail certain Hadith which have come to be widely accepted as "authentic." The prominent collections we have today, were made possible by the development of the science of Hadith criticism, and Muslim scholars deserve deep appreciation for their painstaking work, as well as their invaluable contribution towards preserving the Hadith literature to the best of their ability. However, insists the author, the process is ongoing, and the closed-door policy which currently surrounds Hadith authentication needs to be carefully reexamined.

The preeminent meditation on plagues and pandemics from the Islamic world, now in English for the first time A Penguin Classic Six hundred years ago, the author of this landmark work of history and religious thought—an esteemed judge, poet, and scholar in Cairo—survived the bubonic plague, which took the lives of three of his children, not to mention tens of millions of others throughout the medieval world. Holding up an eerie mirror to our own time, he reflects on the origins of plagues—from those of the Prophet Muhammad's era to the Black Death of his own—and what it means that such

catastrophes could have been willed by God, while also chronicling the fear, isolation, scapegoating, economic tumult, political failures, and crises of faith that he lived through. But in considering the

meaning of suffering and mass death, he also offers a message of radical hope. Weaving together accounts of evil jinn, religious stories, medical manuals, death-count registers, poetry, and the author's

personal anecdotes, Merits of the Plague is a profound reminder that with tragedy comes one of the noblest expressions of our humanity: the practice of compassion, patience, and care for those around us.
