 Max Gunther's lost classic, now in a new Classics edition. Some people think you're either born lucky
 or not. But what if you could actively get lucky? As Max Gunther shows in this page-turning classic,
 some people really are luckier than others - and not by accident. Lucky people arrange their lives in
 characteristic patterns. They tend to position themselves in the path of onrushing luck; they tend to
 go where events are moving fastest and where they can find their lucky break Lucky people take
 risks but not silly ones. They stick with a cause, a job, or a partner, but not when all hope is lost. In
 short, they move with life, not against it. This book gives you 13 different techniques by which you
 can discover and take advantage of life's good breaks, while minimising the effects of its bad ones.
