The Hendrick Genealogy Penguin  
 In this version of the children's nursery rhyme, Lamb and Mary fall in love. Then Mary has second thoughts. Lamb is a lamb, after all, not a man. Lamb, heartbroken, turns to drinking. Lamb goes to a madhouse. Mary buries her feelings. And then somehow, Lamb pulls it together. He leaves the madhouse mature--saddened but more dignified, ready for another chance to win Mary's heart, if she will have him. Award-winning poet Matthea Harvey offers a story told in short packets of verse, and artist Amy Jean Porter brings each stanza vividly to life

with her eye-popping illustrations.

#### Japanese Names and How to Read Them Chronicle Books

An all-star lineup of rock-n-rollers relay the uproariously wild, sentimental, and unexpected pre-stardom stories behind their favorite records. *Rock Stars on the Record* is a collection of first-hand tales by artists of all ages, backgrounds, and musical influences, remembering the meaning behind the records that mattered most to them. From Laura Jane Grace to Ian MacKaye, Don McLean to Cherie Currie, Alice Bag to Mac DeMarco, Perry Farrell to Suzi Quatro and Verdine White, and many more, bestselling author Eric Spitznagel talks to rock stars across the sonic spectrum about the albums that changed them in ways only music can change someone. Everyone's most cherished childhood record—be it a battered piece of vinyl, torn cassette tape, or scratched CD—has a story, and those stories can be more revealing about their owners than you might expect. Read about how "Weird Al" Yankovic refined his accordion skills by playing along to Elton John's Goodbye Yellow Brick Road, or how

Fishbone's Angelo Moore saved his life with a boombox and a Bad Brains album. Or about how Wendy Melvoin and Lisa Coleman of Prince's longtime band, The Revolution, fell in love while trading mixtapes. Each profile is more emotional, fascinating, and hilarious than the last. So place that needle in the groove, and prepare to hear something revelatory from your favorite rockers past and present. "Absolutely fascinating. It's hard to believe that no one has done this before, but now that I've read it, it seems totally obvious—except that most journalists wouldn't be able to get people to talk so openly and compellingly about something that, to an artist, may feel very private. I know these great musicians and their music better now. Thank you, Eric."  
—Daniel J. Levitin, bestselling author of *This Is Your Brain on Music*, professor of Neuroscience and Music at McGill University in Montreal "In asking a slew of rock stars about the record that changed their lives, Eric Spitznagel also ferrets out fascinating backstories and unexpected anecdotes. Who knew that Tommy Roe's granddaughter calls him 'the Justin Bieber of the '60s'? Or that Perry Farrell entertained his older siblings' friends' by dancing the Hully Gully at their parties? *Rock Stars on the Record* is so much fun, and more illuminating that you'd expect."

Ranging on the fringes of imagination and erudition, forming a mosaic of stories, maxims and sketches, at once fragmentary and cumulative, *Jottings from a Far Away Place* combines the timeless, mannered assurance of the Eastern discursive essay with the experimentation of the Western avant-garde. As the focus shifts between fantastic tales and studies

of viciousness, the reader is treated to, among myriad other things, the adventures of a Taoist guitar player, a bloody episode with Countess de Bathory, a recipe for cinnabar sauce, and the story of a man who has been reincarnated as a spoon. A book that is like a collection of bulletins from the world of dreams."
