Essay from the year 2011 in the subject Didactics - English - Literature, Works, grade: 1,5, University of Stuttgart, language: English, abstract: Leslie Mormon Silko, a Native American writer, grew up at the edge of the Laguna Pueblo Reservation, New Mexico, USA. Because of her mixed origins and for the fact that she was not living directly in the reservation and thereby in the pueblo society, she was not allowed to attend several rituals. Silko's roots are Native American, Anglo American and Mexican American but she was raised and educated by her grandmother and aunts with the traditional Laguna stories. This led to a strong identification of her with the native part of her ancestry and to her writing, which always deals with Native American topics. Her writing includes autobiographical parts and lots of relations to tradition which only a member of this particular native tribe could describe as precisely as she does. In "Ceremony", her highly regarded 1977 novel, these traditional relations seem to play an important role. The following essay will show how the importance of tradition for the Native American communities is expressed in the novel, and how it is responsible for the healing of the main protagonists illness.

Tips on how to combine Jewish and Christian wedding traditions. Thousands of interfaith couples struggle each year to create a meaningful and inclusive wedding ceremony that both respects and includes two sets of traditions and two families. This book contains the ingredients for a successful and meaningful interfaith wedding ceremony. This book will help interfaith couples to: decide what kind of wedding they want, learn about Jewish and Christian wedding traditions and choose which ones are meaningful to them, get inspiration and support from the ceremonies and reflections of other interfaith couples, review sample readings, musical selections, and vows, and plan and write a ceremony that expresses both partners' beliefs and values. An interfaith wedding ceremony can include two sets of traditions and reach out to both sets of parents. It can be a beautiful and meaningful event that participants and guests remember for a long, long time. And it can start out a marriage on a solid, well-built foundation. This book is the only national compendium of sample interfaith wedding ceremonies. As couples and officiants prepare for an interfaith wedding, they will refer to this resource again and again.

While earlier historians have seen the elaborate public rituals of the Burgundian dukes as stagnant forms held over from the chivalric world of the High Middle Ages, Peter Arnade argues that they were a vital theater of power through which the ducal court and the urban centers constantly renegotiated their relationship. This book is the first to apply the combined insights of social, political, and cultural history to an important but little-explored area of medieval and early modern Europe, the Burgundian Netherlands. *Realms of Ritual* traces the role of ritual in encounters between the dukes of Burgundy (later the Habsburg princes) and the townspeople of Ghent, the most important city in the county of Flanders. Arnade analyzes city-state ceremonies through which Ghent's aldermen, patricians, guildsmen, and the city's military and drama confraternities confronted local power and the growth of the Burgundian state. In the first serious reappraisal of Johan Huizinga's classic work *The Waning of the Middle Ages*, Arnade confirms Huizinga's vision of a Low Country society rich in public symbols, yet reveals the city-state conflict within which such ritual thrived. He offers

a dramatically new perspective on the Northern Renaissance, as well as a historical/anthropological model for the study of urban-state relations.

From oaths and hand-kissing to coronations and baptisms, *Power and Ceremony in European History* considers the governing practices, courtly rituals, and expressions of power prevalent in Europe and the Ottoman Empire from the medieval age to the modern era. Bringing together political and art historical approaches to the study of power, this book reveals how ceremonies and rituals - far from simply being ostentatious displays of wealth - served as a primary means of communication between different participants in political and courtly life. It explores how ceremonial culture changed over time and in different regions to provide readers with a nuanced comparative understanding of rituals and ceremonies since the middle ages, showing how such performances were integral to the evolution of the state in Europe. This collection of essays is of immense value to both historians and art historians interested in representations of power and the political culture of Europe from 1450 onwards.

The long-awaited first short story-collection by the author of the cult sensation *Convenience Store Woman*, tales of weird love, heartfelt friendships, and the unsettling nature of human existence *With Life Ceremony*, the incomparable Sayaka Murata is back with her first collection of short stories ever to be translated into English. In Japan, Murata is particularly admired for her short stories, which are sometimes sweet, sometimes shocking, and always imbued with an otherworldly imagination and uncanniness. In these twelve stories, Murata mixes an unusual cocktail of humor and horror to portray both the loners and outcasts as well as turning the norms and traditions of society on their head to better question them. Whether the stories take place in modern-day Japan, the future, or an alternate reality is left to the reader's interpretation, as the characters often seem strange in their normality in a frighteningly abnormal world. In "A First-Rate Material," Nana and Naoki are happily engaged, but Naoki can't stand the conventional use of deceased people's bodies for clothing, accessories, and furniture, and a disagreement around this threatens to derail their perfect wedding day. "Lovers on the Breeze" is told from the perspective of a curtain in a child's bedroom that jealously watches the young girl Naoko as she has her first kiss with a boy from her class and does its best to stop her. "Eating the City" explores the strange norms around food and foraging, while "Hatchling" closes the collection with an extraordinary depiction of the fractured personality of someone who tries too hard to fit in. In these strange and wonderful stories of family and friendship, sex and intimacy, belonging and individuality, Murata asks above all what it means to be a human in our world and offers answers that surprise and linger.

Ceremony and Ritual in Parliament breaks new ground in the study of legislatures. It combines mainstream historical and social science approaches with cultural theory to consider how parliamentary ritual is constructed through ceremony, space and socialisation. The focus is on the marginalised groups especially women and members of ethnic minorities who seek inclusion as representatives in democratic legislatures. This book assesses aspects of the role that ceremony and ritual in legislatures play, especially but not exclusively, in their gendered and racialised dimensions. Within this broad frame, it considers the impact of space, identity, ritual and/or ceremony on the institutional form of parliament, how power is shaped within it, how the behaviour of members is facilitated, constrained and shaped, how power and rituals interact to and how they impinge upon the relationships between representative institutions and citizens. Contributions are theoretical and empirical, comparative or single-country studies of national or sub-national legislatures. They have interdisciplinary, historical, or postcolonial perspectives that contribute to this emerging field in the study of parliaments. This book was previously published as a special issue of the Journal of Legislative Studies.

"The marriage union is the closest relationship that can exist between two human beings. When a man and woman decide to join together in marriage, they should do so with full realization of their responsibilities. Marriage is serious business. When two born-again believers know it is God's will for them to marry, they come together before God, a minister and witnesses to join their hearts and lives. They make a public profession of their mutual love and devotion, pronouncing vows and pledging their lives to each other. As they pronounce the marriage vows in faith, the power of God goes into operation and a miracle takes place. They are united by God and become as one in His sight. Their union is threefold: They are joined together spiritually by God, legally by the contract they enter into and physically, when the marriage is consummated. A husband and wife are joined together as Jesus is joined to the Church. It is a miraculous union. This booklet contains the wedding ceremony that I use as a minister of God. It is based totally and completely on the Word of God. As you use this ceremony, I add my faith to yours in believing God for lives of love and harmony for the couples you minister to, in Jesus' name." Kenneth Copeland
