LIVIA JOHNSON

The Young Lords McGraw Hill Professional

The Progressive Era, a few brief decades around the turn of the last century, still burns in American memory for its outsized personalities: Theodore Roosevelt, whose energy glinted through his pince-nez; Carry Nation, who smashed saloons with her axe and helped stop an entire nation from drinking; women suffragists, who marched in the streets until they finally achieved the vote; Andrew Carnegie and the super-rich, who spent unheard-of sums of money and became the wealthiest class of Americans since the Revolution. Yet the full story of those decades is far more than the sum of its characters. In Michael McGerr's *A Fierce Discontent* America's great political upheaval is

brilliantly explored as the root cause of our modern political malaise. The Progressive Era witnessed the nation's most convulsive upheaval, a time of radicalism far beyond the Revolution or anything since. In response to the birth of modern America, with its first large-scale businesses, newly dominant cities, and an explosion of wealth, one small group of middle-class Americans seized control of the nation and attempted to remake society from bottom to top. Everything was open to question -- family life, sex roles, race relations, morals, leisure pursuits, and politics. For a time, it seemed as if the middle-class utopians would cause a revolution. They accomplished an astonishing range of triumphs. From the 1890s to the 1910s, as American soldiers fought a war to make the world safe for democracy, reformers managed to outlaw alcohol, close down vice districts, win the right to vote for women, launch the income

tax, take over the railroads, and raise feverish hopes of making new men and women for a new century. Yet the progressive movement collapsed even more spectacularly as the war came to an end amid race riots, strikes, high inflation, and a frenzied Red scare. It is an astonishing and moving story. McGerr argues convincingly that the expectations raised by the progressives' utopian hopes have nagged at us ever since. Our current, less-than-epic politics must inevitably disappoint a nation that once thought in epic terms. The New Deal, World War II, the Cold War, the Great Society, and now the war on terrorism have each entailed ambitious plans for America; and each has had dramatic impacts on policy and society. But the failure of the progressive movement set boundaries around the aspirations of all of these efforts. None of them was as ambitious, as openly determined to transform people and create utopia, as the progressive movement. We have been forced to think modestly ever since that age of bold reform. For all of us, right, center, and left, the age of "fierce discontent" is long over.

5 Steps to a 5 AP US History 2016, Cross-Platform Edition

Advanced Placement (AP) Crash

Authored by experienced AP® teachers, workshop leaders, and AP® exam readers, this document reader is the perfect resource for your redesigned AP® classroom. The 22 chapters follow the nine periods of U.S. History as defined in the new framework. Within each period and chapter, pedagogical tools scaffold students' development of the historical thinking skills as are central to the course and the exam. Key concepts are illustrated by primary documents and secondary sources including written texts, drawings, photographs, maps, and charts.

America at 1750 McGraw Hill Professional

First Peoples was Bedford/St. Martin's first "docutext" – a textbook that features groups of primary source documents at the end of each chapter, essentially providing a reader in addition to the narrative textbook. Expertly authored by Colin G. Calloway, First Peoples has been praised for its inclusion of Native American sources and Calloway's concerted effort to weave Native perspectives throughout the narrative. First Peoples' distinctive approach continues to make it the bestselling and most highly acclaimed text for the American Indian history survey.

5 Steps to a 5 AP US History, 2014 Edition Direct Hits Publishing

Against the backdrop of America's escalating urban rebellions in the 1960s, an unexpected cohort of New York radicals unleashed a series of urban guerrilla actions against the city's racist policies and contempt for the poor. Their dramatic flair, uncompromising socialist vision for a new society, skillful ability to link local problems to international crises, and uncompromising vision for a new society riveted the media, alarmed New York's political class, and challenged nationwide perceptions of civil rights and black power protest. The group called itself the Young Lords. Utilizing oral histories, archival records, and an enormous cache of police surveillance files released only after a decade-long Freedom of Information Law request and subsequent court battle, Johanna Fernandez has written the definitive account of the Young Lords, from their roots as a Chicago street gang to their rise and fall as a political organization in New York. Led by poor and working-class Puerto Rican youth, and consciously fashioned after the Black Panther Party, the Young Lords occupied a hospital, blocked traffic with uncollected garbage, took over a church, tested

children for lead poisoning, defended prisoners, fought the military police, and fed breakfast to poor children. Their imaginative, irreverent protests and media conscious tactics won reforms, popularized socialism in the United States and exposed U.S. mainland audiences to the country's quiet imperial project in Puerto Rico. Fernandez challenges what we think we know about the sixties. She shows that movement organizers were concerned with finding solutions to problems as pedestrian as garbage collection and the removal of lead paint from tenement walls; gentrification; lack of access to medical care; childcare for working mothers; and the warehousing of people who could not be employed in deindustrialized cities. The Young Lords' politics and preoccupations, especially those concerning the rise of permanent unemployment foretold the end of the American Dream. In riveting style, Fernandez demonstrates how the Young Lords redefined the character of protest, the color of politics, and the cadence of popular urban culture in the age of great dreams.

Princeton Review AP Biology Premium Prep 2021 Penguin
Both Calculus AB and Calculus BC are covered in this comprehensive AP test preparation manual. Prospective test takers will find four practice exams in Calculus AB and four more in Calculus BC, with all questions answered and solutions explained. The manual also provides a detailed 10-chapter review covering topics for both exams. The enclosed CD-ROM presents two additional practice tests, one in Calculus AB, and the other in Calculus BC. Tests on the CD-ROM come with solutions explained and automatic scoring of the multiple-choice questions. The authors also offer an overview of the AP Calculus exams, which includes advice to students on making best use of their graphing

calculators.

AP® U. S. History Crash Course Book + Online Barrons Educational Series

The only AP® U.S. History book that weaves together content, skills, sources, and AP® exam practice is back and better than ever. AP® U.S. History is about so much more than just events on a timeline. The Course Framework is designed to develop crucial reading, reasoning, and writing skills that help students think like historians to interpret the world of the past—and understand how it relates to the world of today. And *Fabric of a Nation* is still one of the only textbooks that covers every aspect of this course, seamlessly stitching together history skills, sources, and AP® Exam practice. In this new edition, we make it easier than ever to cover all of the skills and topics in the AP® U.S. History Course and Exam Description by aligning our content to the Unit Topics and Historical Reasoning Processes of each Period. An Accessible, Balanced Narrative There's only so much time in a school year. To cover everything and leave enough time for skill development, you need more focused content, not just more content—and to be most effective, skills development should be accessible and placed just where it is needed. Within the narration are AP® Skills Workshops and AP® Working with Evidence features that support students as they learn the history and prepare to take the AP® Exam. *Fabric of a Nation* delivers a thorough, yet approachable historical narrative that perfectly aligns with all the essential content of the AP® course. An up-to-date historical survey based

on current scholarship, this book is also easy to understand and fun to read, with plenty of interesting details and a crisp writing style that keeps things fresh. Perfectly Aligned to the AP® Scope and Sequence *Fabric of a Nation* has an easy-to-use organization that fully aligns with the College Board's Course and Exam Description for AP® U.S. History. Instead of long, meandering chapters, this book is divided into smaller, approachable modules that pull together content, skills, sources, and AP® Exam practice into brief 1- to 2-day lessons. Each module corresponds with a specific unit topic in the course framework, including the contextualization and reasoning process topics that bookend each time period. This approach takes the guesswork out of when to introduce which skills and how to blend sources with content—all at a manageable pace that mirrors the scope and sequence of the AP® course framework. Seamlessly Integrated AP® Skill Workshops for Thinking and Writing Skills Inspired by the authors' classroom experience and sound pedagogical principles, the instruction in *Fabric of a Nation* scaffolds learning throughout the course of the book. Every module offers an opportunity to either learn or practice new skills to prepare for each section of the AP® Exam in an AP® Skills Workshop. As the book progresses, the nature of these workshops moves from focused instruction early on, to guided practice in the middle of the book, and then finally, to independent practice near the end of the year. *Fabric of a Nation* was designed to provide you and your students everything needed to succeed in the AP® US History course and on the exam. It's all there. AP® Exam Practice: We Boast the Most Material Every period culminates with AP® Practice questions providing students a mini-AP® exam

with approximately 15 stimulus-based multiple-choice questions, 4 short-answer questions, 1 document-based essay question, and 3 long-essay questions. Additionally, a full-length practice exam is included at the end of the textbook. Because the modules in this book are divided into periods that perfectly align to the AP® U.S. History Course and Exam Description, it's also easy to pair Fabric of a Nation with the resources on AP® Classroom. Each textbook module can be used with the corresponding AP® Daily Videos and Topic Questions while the AP® Exam Practice at the end of each period can be supplemented with the Personal Progress Checks from AP® Classroom.

Larry Krieger is a renowned author and educator whose books and workshops have helped thousands of students achieve high scores on the APUSH exam. Larry has long recognized that students do not need to memorize long lists of names, dates, places, events, and terms. Instead, AP US History: The Essential Content ignores topics that rarely generate questions while focusing on topics that generate the overwhelming majority of test questions. Here is a brief summary of The Essential Content's unique features: 40 chronological chapters that follow the College Board's AP US History Course Description outline. 4 chapters that compare key events such as the First and Second Great Awakening and key people such as Marcus Garvey and Dr. King. Over 100 sidebar tips that tell students what to ignore and what to study. Over 25 references to specific essays and DBQ's found at the College Board's authoritative AP Central website. 65 key terms that are regularly tested on the APUSH exam. 1 annotated sample DBQ and 1 annotated sample free-response essay. 20 Top Ten list of key people, events, Supreme Court

cases, reformers and books. 100 practice multiple-choice questions. 50 Podcasts that review how key events, people, and Supreme Court cases are tested.

5 Steps to a 5: 500 AP US History Questions to Know by Test Day, Third Edition Barrons Educational Series

Cracking the AP U.S. History Exam, 2013 Princeton Review

Washington's Farewell Address to the People of the United States, 1796 McGraw Hill Professional

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

Documenting United States History W. W. Norton & Company Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and

highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances.

His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.
