Strategy Tips provide short-cuts for quick calculation which is very essential from the examination point of view. Test Papers will help the children assess what they have learnt.

Reflections Termbook Class 01 Term 02 Holiday House

You had better not monkey around when it comes to place value. The monkeys in this book can tell you why! As they bake the biggest banana cupcake ever, they need to get the amounts in the recipe correct. There's a big difference between 216 eggs and 621 eggs. Place value is the key to keeping the numbers straight. Using humorous art, easy-to-follow charts and clear explanations, this book presents the basic facts about place value while inserting some amusing monkey business.

Exploring Mathematics Book for Class 1 Laxmi Publications

Reflections Termbook Class 05 Term 02

LK-Mathematics-HB-10-R Saraswati House Pvt Ltd

1. It is a series of eight textbooks for Classes 1 to 8 that conforms to the vision of National Curriculum Framework and is written in accordance with the latest syllabus of the CBSE. 2. Learning Objectives: Lists well what a learner will know and be able to do after studying the chapter. 3. Let's Recall: Refreshes the concepts learnt in the form of a revision exercise to brush up the concepts taught in previous chapters or grades. 4. Let's Begin: Introduction to the chapter. 5. My Notes: Tips to help the learner remember the important points/formulae taught in the chapter. 6. Let's Try: Simple straight forward questions for quick practice while studying any topic based on the first two levels of Bloom's Taxonomy —Knowledge and Understanding. 7. Error Alarm: Common mistakes which learners commit often along with the correct way of doing the same. 8. Know More: Additional information for the learners relating to the concepts learnt in the chapter. 9. Maths in My Life includes questions relating Maths to daily life and which can help relate the topic with the

environment (life) around us. 10. Tricky Maths: Challenge questions to help the learners build thinking skills and reasoning skills by solving tricky questions. 11. Project Work: Projects which can help learners connect Math with our daily life or that take the concepts learnt to a new level. 12. Concept Map: Summary points to list the important concepts learnt in the chapter in a crisp form. 13. Test Zone: Revision exercise of the concepts learnt in the chapter. This includes both objective and subjective type of questions. 14. Mental Maths: Maths problems for performing faster calculations mentally. 15. Maths Master: Involves deep critical thinking of learners about any topic, concept, relation, fact or anything related to that chapter. May have open ended questions or extension of the topic. 16. Application in Real-Life: Every chapter in each book also explains how and where it is used in daily life. 17. In the Lab: Math lab activities for helping the learners understand the concepts learnt through hands-on experience. 18. Practice Zone: Chapter-wise practice sheets includes subjective questions for additional practice which are a part of each book.

WORKBOOK MATH CBSE- CLASS 7TH New Saraswati House India Pvt Ltd

The Workbook series as the name suggests has been designed by Arihant with an aim of helping students practice the concepts using hundreds of practice questions of all types which have been or may be asked in the upcoming CBSE Examinations. . It is a practice book aimed at mastering the concepts and acquiring comprehensive knowledge about the varied types of questions asked in CBSE Class 6th Mathematics Examination. The present workbook for CBSE Class 6th Mathematics Examination has been divided into 14 chapters namely Knowing Our Number, Whole Numbers, Playing with Numbers, Basic Geometrical Ideas, Understanding Elementary Shapes, Integers, Fractions, Decimal, Data Handling, Mensuration, Algebra, Ratio & Proportion, Symmetry and Practical Geometry, each containing ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 6th Mathematics Examination. The

book contains hundreds of practice questions like MCQs, True-False, Matching, Fill-Up, VSA, SA, LA, etc. All the questions covered in the book are strictly based on NCERT. The varied types of practice questions will make sure that the students get an insight into the kind of questions asked in the CBSE Class 6th Mathematics Examination. This book is a proven tool to help students score high in the upcoming CBSE Class 6th Mathematics Examination. As the book contains ample number of examination pattern based practice questions, it for sure will act as perfect practice workbook for the upcoming CBSE Class 6th Mathematics Examination.
