Who We're Reading When We're Reading Murakami National Geographic Books

Electrical lines that turn into the strings of a massive guitar in the sky. A man dragging a bed sheet, which turns into a road, across an empty field. A charming cottage on an island that is actually the back of a giant fish. Digital photography artist Erik Johansson has achieved international fame by taking and then combining photos into surreal, M.C. Escher-like worlds. This is his first book, and it captures the improbable and impossible in fifty distinctive images. Digital artist Erik Johansson starts with a simple hand-drawn sketch, but what you see in the end is anything but simple:

dazzlingly realistic scenes made of hundreds of photographs—all meticulously staged and propped and then stitched together in software—offer a glimpse into wholly invented, incredibly detailed worlds. While shooting takes only a few days, Johansson's planning and retouching process each take months, resulting in out-of-this-world images that have won him fans worldwide. Here's what people are saying about the Erik Johansson's work: "Erik Johansson has created a portfolio of stunning images combining photography, raw materials, and digital editing." — Daily Mail UK "Erik Johansson ... has [taken] the blogosphere by storm by producing heavily manipulated photographs [that] invert aesthetics as we understand them, inspired by MC Escher and other surrealist artists." — Independent UK

Imagine Hal Leonard Corporation

When battlefield prowess and political manipulation are not enough to achieve peace through victory, we summon our best and brightest to negotiate an end; we celebrate peace settlements; and we give prizes, if not to victors, then to visionaries. We exalt peace as a human achievement, and justly so. But the reality of peace is flawed. The rewards of peace are elusive for the men and women who live in the post-conflict societies of our time. Why is it so difficult to make a good peace when it is so easy to imagine? That is the question behind *Imagine: Reflections on Peace*. In this stunning collection, photographic essays make grippingly palpable the stakes during war and peace. Samantha Power, former US Ambassador to the United Nations, Justice Richard Goldstone, and Jonathan Powell, chief negotiator for the Northern Ireland Good Friday agreement, are joined by world-renown writers in revealing the complexities of redemption and rebuilding in Bosnia and Herzegovina, Cambodia, Colombia, Lebanon, Northern Ireland, and Rwanda. We hear first person accounts of survival and the search for inner peace, bringing the big picture to a personal level. With added insights from scholars and practitioners, the book offers a rare and fascinating glimpse into the unvarnished story of peace and a window into what it takes for societies and individuals to move forward after unspeakable brutality.

Hit Refresh Weldon Owen

The landmark, prize-winning, international bestselling examination of how a gender gap in data perpetuates bias and disadvantages women. #1 International Bestseller * Winner of the Financial Times and McKinsey Business Book of the Year

Award * Winner of the Royal Society Science Book Prize Data is fundamental to the modern world. From economic development to health care to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this insidious bias: in time, in money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates this shocking root cause of gender inequality in *Invisible Women*. Examining the home, the workplace, the public square, the doctor's office, and more, Criado Perez unearths a dangerous pattern in data and its consequences on women's lives. Product designers use a "one-size-fits-all" approach to everything from pianos to cell phones to voice recognition software, when in fact this approach is designed to fit men. Cities prioritize men's needs when designing public transportation, roads, and even snow removal, neglecting to consider women's safety or unique responsibilities and travel patterns. And in medical research, women have largely been excluded from studies and textbooks, leaving them chronically misunderstood, mistreated, and misdiagnosed. Built on hundreds of studies in the United States, in the United Kingdom, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, highly readable exposé that will change the way you look at the world.

Imagine a Day Catapult

Introduced by Archbishop Desmond Tutu, the Ubuntu collection is a unique series of exquisitely produced small-format books that

take inspiration from Ubuntu and are each founded on the work and example of one of the twentieth century's most remarkable humanitarians. The *Imagine* edition focuses on the words and inspiration of John Lennon. The book features a biographic essay on John Lennon and traces his life and philosophy by combining the best available photographs with first-person text quotations from his inspiring speeches and writings that reflect the spirit of Ubuntu.

Imagine Us Happy Bentang Pustaka

The definitive history of Peter Jackson's Middle-earth saga, *Anything You Can Imagine* takes us on a cinematic journey across all six films, featuring brand-new interviews with Peter, his cast & crew. From the early days of daring to dream it could be done, through the highs and lows of making the films, to fan adoration and, finally, Oscar glory.

The Contemporary Review Texas A&M University Press

From a Pulitzer Prize and National Book Award finalist, a ferociously intimate story of a family facing the ultimate question: how far will we go to save the people we love the most? When Margaret's fiancée, John, is hospitalized for depression in 1960s London, she faces a choice: carry on with their plans despite what she now knows of his condition, or back away from the suffering it may bring her. She decides to marry him. *Imagine Me Gone* is the unforgettable story of what unfolds from this act of love and faith. At the heart of it is their eldest son, Michael, a brilliant, anxious music fanatic who makes sense of the world through parody. Over the span of decades, his younger siblings -- the savvy and responsible Celia and the ambitious and tightly controlled Alec -- struggle along with their mother to care for

Michael's increasingly troubled and precarious existence. Told in alternating points of view by all five members of the family, this searing, gut-wrenching, and yet frequently hilarious novel brings alive with remarkable depth and poignancy the love of a mother for her children, the often inescapable devotion siblings feel toward one another, and the legacy of a father's pain in the life of a family. With his striking emotional precision and lively, inventive language, Adam Haslett has given us something rare: a novel with the power to change how we see the most important people in our lives. "Haslett is one of the country's most talented writers, equipped with a sixth sense for characterization"-Wall Street Journal "Ambitious and stirring . . . With *Imagine Me Gone*, Haslett has reached another level."-New York Times Book Review

Imagine Hodder & Stoughton

'Honest and poignant' THE SUN The honest and revealing story of John Lennon's childhood by his sister Julia. Through her own personal journey, Julia reveals the battle between two strong, self-willed women - John's mother and his Aunt Mimi - to have custody of John in his early years. It was Aunt Mimi who finally won and removed John from his mother at the age of five. But as John grew up, he would frequently return home - spending time with his mother and half-sisters, Julia, Jackie and Ingrid, learning his love of music from his mother, and hanging out, playing guitar with his childhood friend Paul McCartney. Julia is candid about the sadness as well as the joy of their broken family life. She details the devastating loss of their mother Julia in a road accident - and describes the painful legacy for the entire family, especially John as he moves into a life of stratospheric fame with the Beatles.

(Piano Vocal). This sheet music features an arrangement for piano and vocal with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

Imagine This New Directions Publishing

In so-called post-factual societies, where public debates are undermined by their false or misleading premises, philosophers who have reflected on diversity and pluralism can offer a critical and clarifying perspective through which to evaluate the statements of politicians and the media. Félix Mathieu offers a theoretical, empirical, and normative analysis of the debates surrounding the accommodation of ethnocultural and societal diversity in contemporary liberal democracies. With a close lens on Canada, he looks at case studies in the United Kingdom and the Netherlands to test political leaders' and analysts' claims of successful accommodation and pluralism. *Taking Pluralism Seriously* provides a clear, fair, and helpful summary of the debate so far in order to understand the promises and pitfalls associated with theories of multiculturalism, interculturalism, federalism, and multinational democracy, investigating the conditions that might make it possible for different national communities to become fully empowered, politically and culturally. *Taking Pluralism Seriously* invites readers to explore questions of pluralism and accommodation and proposes political reforms to meet the challenges arising from diversity, while considering some of the most pressing concerns complex societies are facing today.

The Hypocritical Imagination Simon and Schuster

Microsoft dikenal sebagai salah satu penyokong besar revolusi

digital. Tanpanya, kita semua tak akan menikmati betapa cepat dan nyamannya bekerja menggunakan personal computer. Namun, seiring berjalannya waktu, dunia komputasi mengalami perubahan yang luar biasa cepat. Tanpa inovasi yang benar-benar spektakuler, perusahaan ini diramalkan tak akan mampu mempertahankan popularitasnya. Inovasi tergantikan birokrasi. Kerja tim tergantikan politik internal. Microsoft mulai tertinggal. Hit Refresh berkisah tentang transformasi terbesar yang tengah berlangsung dalam tubuh Microsoft di bawah kepemimpinan Satya Nadella, sang CEO. Selama ini, ketika mendengar kata Microsoft, orang akan langsung mengaitkannya dengan Bill Gates yang cemerlang atau Steve Ballmer yang super energik. Nadella nyaris tak masuk ke radar para selebritas teknologi. Namun dalam tahun-tahun pertamanya memimpin, Nadella melakukan banyak gebrakan baru. Salah satunya adalah menciptakan budaya perusahaan yang menggabungkan antara empati dan teknologi. Dia juga membuat pertarungan besar dalam beberapa teknologi kunci, seperti artificial intelligence (AI atau kecerdasan buatan) dan cloud computing (komputasi awan), yang membuat Microsoft menjadi unik. Di tangan Nadella, Microsoft mengubah fokusnya dari sekadar perusahaan pencari keuntungan menjadi perusahaan humanis yang berkontribusi bagi masa depan umat manusia. [Mizan, Bentang Pustaka, Pengembangan Diri, Motivasi, Inovasi, Remaja, Dewasa, Indonesia]

Imagine Us, the Swarm McGill-Queen's Press - MQUP

Imagine all the people living life in peace. You may say I'm a dreamer, but I'm not the only one. I hope some day you'll join us, and the world will be as one. Join one little pigeon as she sets out on a journey to spread a message of tolerance around the world.

Featuring the lyrics of John Lennon's iconic song and illustrations by the award-winning artist Jean Jullien, this poignant and timely picture book dares to imagine a world at peace. *Imagine* will be published in partnership with human rights organization Amnesty International.

Imagine a Death Routledge

For philosophers such as Kant, the imagination is the starting point for all thought. For others, such as Wittgenstein, what is important is only how the word 'imagination' is used. In spite of the attention the imagination has received from major philosophers, remarkably little has been written about the radically different interpretations they have made of it. *The HypoCritical Imagination: Between Kant and Levinas* is an outstanding contribution to this vacuum. Focusing on Kant and Levinas, John Llewelyn takes us on a dazzling tour of the philosophical imagination. He shows us that despite the different treatments they accord to the imagination, there is much to be gained from comparing these two key thinkers. From Kant, Llewelyn shows how the imagination is the common root of all understanding. He contrasts this with the thought of Emmanuel Levinas, for whom the imagination plays an ambivalent role both as necessary for and a threat to recognition of the other. John Llewelyn also introduces the importance of the work of Heidegger, Schelling, Hegel, Arendt and Derrida on the imagination and what this work can tell us about the relationship between the imagination and ethics, aesthetics and literature. *The HypoCritical Imagination: Between Kant and Levinas* is a brilliant reading of a neglected but important philosophical theme and is essential reading for those in contemporary philosophy, art

theory and literature.

Imagine monade

Imagine art that permeates society, challenging conventional thinking and standard morals to their core. What if this art was created by Christians? In this revised and expanded edition of a contemporary classic, Steve Turner shares his bold vision for Christians in the arts. If Jesus is Lord of all of life and creation, then art is part of his cultural mandate.

"Ellie and Louis always have lots of adventures with Dad. Then boring cousin Jessica comes to stay. Will they still be able to have fun, or will Jessica spoil everything."--Goodreads.com

Imagine Houghton Mifflin Harcourt

A buoyant, breathtaking poem from Juan Felipe Herrera — brilliantly illustrated by Caldecott Honoree Lauren Castillo — speaks to every dreaming heart. Have you ever imagined what you might be when you grow up? When he was very young, Juan Felipe Herrera picked chamomile flowers in windy fields and let tadpoles swim across his hands in a creek. He slept outside and learned to say good-bye to his amiguitos each time his family moved to a new town. He went to school and taught himself to read and write English and filled paper pads with rivers of ink as he walked down the street after school. And when he grew up, he became the United States Poet Laureate and read his poems aloud on the steps of the Library of Congress. If he could do all of that . . . what could you do? With this illustrated poem of endless possibility, Juan Felipe Herrera and Lauren Castillo breathe magic into the hopes and dreams of readers searching for their place in life.

Imagine Africa HarperCollins

Personally compiled and curated by Yoko Ono, *Imagine John Yoko* is the definitive inside story-told in revelatory detail-of the making of the legendary album and all that surrounded it: the locations, the creative team, the artworks and the films, in the words of John & Yoko and the people who were there. Features 80% exclusive, hitherto-unpublished archive photos and footage sequences of all the key players in situ, together with lyric sheets, Yoko's art installations, and exclusive new insights and personal testimonies from Yoko and over forty of the musicians, engineers, staff, celebrities, artists and photographers who were there-including Julian Lennon, Klaus Voormann, Alan White, Jim Keltner, David Bailey, Dick Cavett and Sir Michael Parkinson. "A lot has been written about the creation of the song, the album and the film of *Imagine*, mainly by people who weren't there, so I'm very pleased and grateful that now, for the first time, so many of the participants have kindly given their time to 'gimme some truth' in their own words and pictures" -Yoko Ono Lennon, 2018

In 1971, John Lennon & Yoko Ono conceived and recorded the critically acclaimed album *Imagine* at their Georgian country home, Tittenhurst Park, in Berkshire, England, in the state-of-the-art studio they built in the grounds, and at the Record Plant in New York. The lyrics of the title track were inspired by Yoko Ono's "event scores" in her 1964 book *Grapefruit*, and she was officially co-credited as writer in June 2017. *Imagine John Yoko* tells the story of John & Yoko's life, work and relationship during this intensely creative period. It transports readers to home and working environments showcasing Yoko's closely guarded archive of photos and artifacts, using artfully compiled narrative film

stills, and featuring digitally rendered maps, floorplans and panoramas that recreate the interiors in evocative detail. John & Yoko introduce each chapter and song; Yoko also provides invaluable additional commentary and a preface. All the minutiae is examined: the locations, the key players, the music and lyrics, the production techniques and the artworks-including the creative process behind the double exposure polaroids used on the album cover. With a message as universal and pertinent today as it was when the album was created, this landmark publication is a fitting tribute to John & Yoko and their place in cultural history.

Contemporary Review Abrams

In today's world, it can be difficult to envision a future that is successful, purposeful, prosperous, stable, meaningful and even lucrative. However, as Terri Savelle Foy shares in *IMAGINE BIG*, we cannot allow what we see happening today to limit what we can imagine God doing for us supernaturally in our lives. Within the pages of this book, you will be inspired and encouraged to: Imagine your future Make a dream book Assign time daily to review your dreams Get your goals in place Initiate action now Nullify negativity Express gratitude Be led by your God-given desires Invest in your dreams Get your expectancy high *IMAGINE BIG* will show you how to turn the what "ifs" into what "is". Today can be the beginning of everything God wants you to be and do!

Invisible Women Little, Brown

Poetry. Moving from the Enlightenment science of natural history to the contemporary science of global warming, *LIGHT LIGHT* is a provocative engagement with the technologies and languages that shape discourses of knowing. It bridges the histories of

botany, empire, and mind to take up the claim of "objectivity" as the dissolution of a discrete self and thus explores the mind's movement toward and with the world. The poems in LIGHT LIGHT range from the epigrammatic to the experimental, from the narrative to the lyric, consistently exploring the way language captures the undulation of a mind's working, how that rhythm becomes the embodiment of thought, and how that embodiment forms a politics engaged with the environment and its increasing alterations. "LIGHT LIGHT puts the hive back in the archive, the source in the resource. Through Joosten's miraculous mode of attending, through this mind that 'grounds sound to seed, ' we are elemented--'The mind is a mood of electricity, warmth, water, and wind.' We are given a mode of attending that is precarious, is an enactment of the precariousness we are and, with consequence, institute. Each thing this attention falls upon 'is a source of thought, not its object.' So everything is light once we learn to see by it. To honor the field we should 'leave the field, ' but this book we should never leave."--Jane Gregory

"A concordance that emerges as material, thought, and material thought, Julie Joosten's LIGHT LIGHT is a most beautiful and rare breed: as if H.D.'s Sea Garden mated with Erasmus Darwin's The Loves of the Plants. 'I was to guard the valley, name it, speak to it by name, ' Joosten writes. Hers is a haunting lament. It is what love is. What could be more necessary at this time on this
