What happens
when the
person you

find most
impossible
becomes
impossible to
resist? The
Hating Game
meets The
West Wing in
this hilarious
across-the-
aisle romantic
comedy debut
about
America's
least likely

couple.
There's just
one thing
standing
between
liberal Senate
staffer Kate
Adams and
passage of the
landmark
legislation
she's been
fighting for all
year: Ben
Mackenzie,

intimidating gatekeeper for one of DC's most powerful conservative senators. After Kate and Ben lock horns in a meet-not-so-cute, they vow to take each other down—by any means necessary. Their ensuing power struggle gives new meaning to the term office politics: prank mail, spying, bets gone awry—nothing's off limits in their battle of wills. She thinks he's arrogant (and doesn't deserve those

gorgeous green eyes). He thinks she's too quick to judge (and irresistibly distracting). But as their endless game of one-upmanship becomes Kate's favorite part of the day, she starts to wonder if her feelings for Ben are closer to attraction than animosity...and maybe their sparring is flirting. When Kate realizes there's more to Ben than meets the eye, she's forced to

confront her biggest fear: In her sworn enemy, she may have found her perfect match. Perfect for fans of Sally Thorne and Jasmine Guillory, *Meet You in the Middle* is a modern, heartfelt and hopeful romance that hilariously explores what happens when you fall in love with your political polar opposite. **American Royals II: Majesty** Harlequin As plague ravages the overcrowded

Earth, observed by a ruthless lunar people, Cinder, a gifted mechanic and cyborg, becomes involved with handsome Prince Kai and must uncover secrets about her past in order to protect the world in this futuristic take on the Cinderella story.
The End of Nature Little, Brown
 Definitive novel of the "Lost Generation" focuses on the coming of age of Amory

Blaine, a handsome, wealthy Princeton student. Fitzgerald's first novel and an immediate, spectacular success. Note.
Microbe Hunters
 Asiapac Books Pte Ltd
 This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and

prohibition. In LSD: My Problem Child, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by

LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more	needed, than ever. <i>American Royals 2</i> Penguin In this vivid, contemporary translation, Victor Mair captures the quintessential life and spirit of Chuang Tzu while remaining faithful to the original text. <u>The Sun, the Earth, and Near-earth Space</u> Houghton Mifflin Harcourt Peyton Cabot's fifteenth year will be a painful and transformative one. His father, the	heroic but reluctant head of a moneyed Savannah family, has come home from WWII a troubled vet, drowning his demons in bourbon and distancing himself from his son. A tragic accident shows Peyton the depths of his parents' devotion to each other but interrupts his own budding romance with the girl of his dreams, Lisa Wallace. Struggling to cope with a young life upended, Peyton makes
--	---	---

a daring decision: He will retrace a journey his father took at fifteen, riding his bicycle all the way to Key West, Florida. Part declaration of independence, part search for self, Peyton's journey will bring him more than he ever could have imagined--namely, the key to his unknowable father, a reunion with Lisa, and a calling that will shape the rest of his life. Through poignant prose and

characters so real you'll be sure you know them, Valerie Fraser Luesse transports you to the storied Atlantic coast for a unique coming-of-age story you won't soon forget.

Although Sinclair's famous novel *The Jungle* deals with Chicago's meatpacking industry, he moved west to Pasadena in 1916 and began writing novels set in California, the best of which was *Oil!*, the story of the education of Bunny Ross, son of wildcat oil man Joe Ross after oil is discovered outside Los Angeles. "Raw,
powerful and

head-spinning
take on Mr.
Tyson's
life."—Wall
Street Journal
Philosopher,
Broadway
headliner,
fighter,
felon—Mike
Tyson has
defied
stereotypes,
expectations,
and a lot of
conventional
wisdom during
his three
decades in the
public eye.
Bullied as a
boy in the
toughest,

poorest neighborhood in Brooklyn, Tyson grew up to become one of the most ferocious boxers of all time—and the youngest heavyweight champion ever. But his brilliance in the ring was often compromised by reckless behavior. Yet—even after hitting rock bottom—the man who once admitted being addicted “to everything” fought his way back, achieving triumphant

success as an actor and newfound happiness and stability as a father and husband. Brutal, honest, raw, and often hilarious, Undisputed Truth is the singular journey of an inspiring American original. *Wandering on the Way* Simon Spotlight The world Cal and Frida have always known is gone, and they've left the crumbling city of Los Angeles far behind them. They now live

in a shack in the wilderness, working side-by-side to make their days tolerable in the face of hardship and isolation. Mourning a past they can't reclaim, they seek solace in each other. But the tentative existence they've built for themselves is thrown into doubt when Frida finds out she's pregnant. Terrified of the unknown and unsure of their ability to raise a child alone, Cal and Frida

set out for the nearest settlement, a guarded and paranoid community with dark secrets. These people can offer them security, but Cal and Frida soon realize this community poses dangers of its own. In this unfamiliar world, where everything and everyone can be perceived as a threat, the couple must quickly decide whom to trust. A gripping and provocative debut novel by a stunning new talent,

California imagines a frighteningly realistic near future, in which clashes between mankind's dark nature and deep-seated resilience force us to question how far we will go to protect the ones we love. "In her arresting debut novel, Edan Lepucki conjures a lush, intricate, deeply disturbing vision of the future, then masterfully exploits its dramatic possibilities."- Jennifer Egan,

Undisputed Truth Harper Collins
A harrowing account of the last three months of Benazir Bhutto's life October, 2007. Pakistan's former Prime Minister Benazir Bhutto returns home after eight years of exile to seek political office once more.

Assigned to cover her controversial arrival is TV journalist Ali Sikandar, the estranged son of a wealthy landowner from the interior region of Sindh. While her presence ignites fierce protests and assassination attempts, Ali finds himself irrevocably drawn to the pro-democracy People's Resistance Movement, a secret that sweeps him into the many contradictions of a country still struggling

to embrace modernity. As Shah weaves together the centuries-old history of Ali's feudal family and its connection to the Bhuttos, she brilliantly reveals a story at the crossroads of the personal and the political, a chronicle of one man's desire to overcome extremity to find love, forgiveness, and even identity itself. Oil! Penguin Katharyn Blair crafts a fiercely feminist fantasy with a

horrifying curse, swoon-worthy sea captains, and the power of one girl to choose her own fate in this contemporary standalone adventure that's perfect for fans of *The Fifth Wave* and *Seafire*, and for anyone who has ever felt unchosen. For Charlotte Holloway, the world ended twice. The first was when her childhood crush, Dean, fell in love—with her older sister. The second was when the

Crimson, a curse spread through eye contact, turned the majority of humanity into flesh-eating monsters. Neither end of the world changed Charlotte. She's still in the shadows of her siblings. Her popular older sister, Harlow, now commands forces of survivors. And her talented younger sister, Vanessa, is the Chosen One—who, legend has it, can end the curse. When their

settlement is raided by those seeking the Chosen One, Charlotte makes a reckless decision to save Vanessa: she takes her place as prisoner. The word spreads across the seven seas—the Chosen One has been found. But when Dean's life is threatened and a resistance looms on the horizon, the lie keeping Charlotte alive begins to unravel. She'll have to break free, forge

new bonds, and choose her own destiny if she has any hope of saving her sisters, her love, and maybe even the world. Because sometimes the end is just a new beginning. *The Dazzling Heights* Penguin UK A celebration of "meet-cute" moments, this short-story collection features when-they-first-met-stories from such beloved YA authors as Armentrout, Nicola Yoon, Sara Shepard,

and Katie Cotugno.
