Dr R P Sangar compiled this reference work from H C Allen's Keynotes and Characteristics. It is a concise, to the point, quick reference guide for prescribing on keynotes and red line symptoms. It is well laid out and very easy to use. Each symptom has a page reference back to "Allen's Keynotes" to enable the practitioner to see the bigger picture as well. The publication of this book fills the need for a concise, to-the-point, quick-reference guide for prescribing on keynotes and redline symptoms. It is very useful for students, beginners and practitioners, especially in situations where one does not have the time or the circumstances to take a detailed case history or go through the process of repertorisation. Symptoms are given under different headings like Mind,

Brain, Nerves, Face, Respiratory Organs, Digestive System, Urinary Organs, Genitalia, Skin, Fevers, Constitutional Diseases, Drunkards Diseases, Pregnancy Troubles, Bruises, etc. A quick flick through a few pages will lead you to the required remedy plus the comparative remedies mentioned alongside the symptoms.

This book is the outcome of years of experience of Dr S.K. Banerjea who has

mastered the understanding of homeopathic literature. It highlights six methodologies which will enable the prescriber to reach the simillimum efficiently and quickly. These include emphasis on aetiologies; totality of physical symptoms; emotional symptoms; behaviour, gesture, posture hobbies; miasmatic totality and homeopathic generalities. This approach towards prescribing is scientific, classical, practical, time tested and repeatedly verified which has been practiced for centuries by Master homeopaths including Drs Kent, Hering, Lippe, Tyler, Nash, etc. The hexagonal representation in the book will enable the prescriber to understand the keywords of the medicine on which major emphasis should be given for prescribing. This book will serve the needs of both students and practitioners.
