NEW YORK TIMES BESTSELLER • This tenth-anniversary edition of the game-changing #1 New York Times bestseller features a new foreword and new tools to make the work your own. For over a decade, Brené Brown has found a special place in our hearts as a gifted mapmaker and a fellow traveler. She is both a social scientist and a kitchen-table friend whom you can always count on to tell the truth, make you laugh, and, on occasion, cry with you. And what's now become a movement all started with The Gifts of Imperfection, which has sold more than two million copies in thirty-five different languages across the globe. What transforms this book from words on a page to effective daily practices are the ten guideposts to wholehearted living. The guideposts not only help us understand the practices that will allow us to change our lives and families, they also walk us through the unattainable and sabotaging expectations that get in the way. Brené writes, "This book is an invitation to join a wholehearted revolution. A small, quiet, grassroots movement that starts with each of us saying, 'My story matters because I matter.' Revolution might sound a little dramatic, but in this world, choosing authenticity and worthiness is an absolute act of resistance."

I have one deceptively and somewhat selfish goal for this book: I desperately want to share everything I've learnt with you..." The author's opening statement is evidential of how much she wanted to share in the book 'Dare to Lead' . She confessed her desire to share all that she knows, all she had learnt in her years of research, her experience working and interviewing captains of industries and more than a hundred CEOs on the future of leadership program evaluation. What is remarkable is that she wanted the book to be one that can be read from cover to cover in a single flight and she made it so by writing in simple and clear terms. Leadership is hard. Studying about it is simpler than actually leading. More than the research, interviews and studies, being a leader herself has taught her how hard and difficult it is to be a leader. To the writer, nothing is as difficult as leading, except maybe marriage and parenting. It is as though being in a class and learning the theoretical aspect of a subject. It's usually fun, depending on who is teaching, how and where the teaching is taking place, but the application and practicality of what is taught is usually a different story entirely. Which is to say, learning, when it comes to leadership is always easier. The difficult part is in the actual leading. And it goes without saying that it is the reason why many people find it hard to lead people. The author admitted it in this book how hard it is to lead a person, especially when faced with major problems that requires critical thinking and problem solving. The courage and determination it takes to

stay calm during immense pressure and the emotional pull required is what makes a leader a leader. Leadership, truly, is very difficult. It is therefore no brainer why people, or supposed leaders, run away from the responsibilities of leadership. Because it is easier to bear the title of a 'leader,' than it is to lead people. et's dive in, shall we!

"A new perspective on servant leadership—challenging us to bring both courage and humility to the table—for the sake of the people and the enterprise." —John C. Maxwell, New York Times bestselling author In this updated edition of Dare to Serve, former Popeyes CEO Cheryl Bachelder shows that leading by serving is a rigorous and tough-minded approach that yields the best results. When she was named CEO of Popeyes in 2007, the stock price had slipped from \$34 in 2002 to \$13. The brand was stagnant, the team was discouraged, and the franchisees were just plain angry.

Nine years later, restaurant sales were up 45 percent, restaurant profits had doubled, and the stock price was over \$61. Servant leadership is sometimes derided as soft or ineffective, but this book confirms that challenging people to reach a daring destination, while treating them with dignity, creates the conditions for superior performance. The second edition of this bestselling book includes Bachelder's post-Popeyes observations and new examples of how you can switch your leadership from self to serve. Ever engaging and inspirational, Bachelder takes you firsthand through the transformation of Popeyes and shows how anyone, at any level can become a Dare-to-Serve leader. "Extraordinary! Dare to Serve describes the kind of leadership so desperately needed in the 21st century. A powerful blend of courage and humility, Cheryl Bachelder's engaging story offers a clear path for leaders to follow, and what makes her message so compelling is the tremendous results she's produced. I highly recommend this book." —Stephen M. R. Covey, New York Times bestselling author of The Speed of Trust

 Citizenship in a Republic is the title of a speech given by Theodore Roosevelt, former President of the United States, at the Sorbonne in Paris, France, on April 23, 1910. One notable passage from the speech is referred to as "The Man in the Arena": It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better.
