Women Who Run with the Wolves

Farrar, Straus and Giroux

A horror story of a children's pet cemetery and another graveyard behind it from which the dead return.

A Thousand Splendid Suns Humanitas Fiction

Traducere de Cornelia Rădulescu Prin dragoste, o femeie salvează de la moarte un indian otrăvit de veninul unui șarpe. Din această pasiune tămăduitoare se va naște Eva, botezată astfel ca să

iubească viața. Orfană de mică, Eva își croiește un drum presărat cu lacrimi, dar și cu miracolele pe care le pot face dragostea și bunătatea. Destinul ei și al tovarășilor ei de călătorie se întretes în tapiseria complicată și multicoloră a istoriei sud-americane, iar vocea Evei Luna deapănă, cu nostalgie și umor, povestea fascinantă a unei femei pe care viața a iubit-o.

Published in 1990 under the title *Los mitos del tlacuache*, this is the first major theoretical study of Mesoamerican mythology by one of the foremost

scholars of Aztec ideology. Using the myth cycle of the opossum and the theft of fire from the gods as a touchstone, López Austin constructs a definition of myth that pertains to all of Mesoamerican culture, challenging the notion that to be relevant such studies must occur within a specific culture. Shown here is that much of modern mythology has ancient roots, despite syncretism with Christianity, and can be used to elucidate the pre-Columbian world view. Analysis of pre-Columbian myths can also be used to understand current indigenous myths. Subtopics include the hero and his place in the Mesoamerican pantheon, divine space and human space, mythic event clusters, myth as truth, and the fusion of myth and history.

NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving

messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

"Fables literarias" (Literary Fables) is a

collection of fables (stories with moral, with animals and objects as characters) written in verse by Tomás de Iriarte, a Spanish writer of the Enlightenment best known for this work. The fables were published in 1782, although they were written with some of the writer's "enemies" in mind, they criticize and satirize human traits that we can find nowadays and they remain actual. "El burro flautista" (The Flutist Donkey) and "Los dos conejos" (The Two Rabbits) are two of the best known fables included here. Also included are 9 posthumous fables.

The volume presents the diary of one of the great anthropologists at a crucial time in his career. Malinowski's major works grew out of his findings on field trips to New Guinea and North Melanesia from 1914-1918. His journals cover a considerable part of that period of pioneer research. The diary contains observations of native life and customs and vivid descriptions of landscapes.

Many entries reveal his approach to his work and the sources of his thought. In his introduction, Raymond Firth discusses the significance of the notebooks which formed the basis for this volume. First published in 1967.

“Wordsworth, Whitman, William Carlos Williams, and the Beats in their respective generations moved poetry toward a more natural language.

Bukowski moved it a little farther.” -Los Angeles Times Book Review In what is widely hailed as the best of his many novels, Charles Bukowski details the long, lonely years of his own hardscrabble youth in the raw voice of

alter ego Henry Chinaski. From a harrowingly cheerless childhood in Germany through acne-riddled high school years and his adolescent discoveries of alcohol, woman, and the Los Angeles Public Library's collection of D.H. Lawrence, *Ham on Rye* offers a crude, brutal, and savagely funny portrait of an outcast's coming-of-age during the desperate days of the Great Depression.

The most significant domestic issue of the 2004 elections is unemployment. The United States has lost nearly three million jobs in the last ten years, and real employment hovers around 9.1 percent. Only one political analyst foresaw the dark side of the technological revolution and understood

its implications for global employment: Jeremy Rifkin. *The End of Work* is Jeremy Rifkin's most influential and important book. Now nearly ten years old, it has been updated for a new, post-New Economy era. Statistics and figures have been revised to take new trends into account. Rifkin offers a tough, compelling critique of the flaws in the techniques the government uses to compile employment statistics. *The End of Work* is the book our candidates and our country need to understand the employment challenges-and the hopes-facing us in the century ahead.

Trilogía del jardín Scholastic Inc.

Una familia que deberá luchar contra una plaga de comadreja. Un bosque mágico que no desea que nadie lo visite. Una chica encerrada toda la noche en un

supermercado del barrio. Un crimen laboral por culpa de una lata de Coca-cola. Un fantasma condenado a ser eternamente joven se aburre bebiendo batidos y temiendo visitas en su casa. Una llamada que ofrece ampliar la cobertura de un seguro de vida, e incluir el suicidio. Una luciérnaga que da calor e ilumina la celda en la que se encuentran dos enamorados. Lo extraño brilla. Todos nos definimos por cómo reaccionamos ante lo extraño. Todos seguimos comportamientos aún más humanos, de ternura y de pánico, de amor y de asco, cuando nos enfrentamos a lo extraño. Julia Viejo, una suerte de Ana María Matute de la generación millennial, sabe detectar, y también inventar, lo extraño en el mundo para explicarnos cómo somos.

Little Lamb, Have You Any Wool? Harper Collins

La «trilogía del jardín» en un solo volumen: la historia de tres mujeres que luchan por conquistar la felicidad. Tres mujeres se conocen en un momento crucial de sus vidas: cuando es necesario dejar atrás el pasado, pero el futuro todavía parece incierto. Para Stella, Rosalind y Hayley, la mansión Harper: una vieja casa sureña en las afueras de Memphis, se convierte en un puerto seguro y un auténtico hogar. El pequeño y próspero negocio de un vivero de flores y plantas, en el que todas han depositado sus esperanzas, se erige en el símbolo de su independencia. Juntas encontrarán el valor para rehacer sus vidas y aceptar el amor cuando aparezca, aunque un misterio anclado

en la centenaria casa solariega puede ponerlas a ellas y a quienes más aman en peligro. Reseña: «La excelente Roberts lleva la conclusión de su «Trilogía del jardín» hacia un misterioso y seductor final.» Romantic Times Canto General, 50th Anniversary Edition Oxford University Press, USA

Respecto a este libro, que recoge poemas de 34 poetas de México, Guatemala, Cuba, Venezuela, Colombia, Ecuador, Perú, Chile, Argentina, Uruguay y Bolivia, el prestigioso crítico Américo Ferrari escribe: «La antología Casa de luciérnagas, de Mario Campaña, constituye sin duda alguna una de las mejores antologías de poesía en lengua castellana que nos haya sido dado leer; con una particularidad: los poemas son de poetas contemporáneas; y resulta

impresionante confrontarse con toda esta riqueza lírica aportada a la lengua castellana y a la historia de la poesía por las poetas de nuestra América, desde México al norte hasta Argentina al sur: todo un mundo. Las poetas, antes poetisas, después mujeres poetas y ahora, felizmente, poetas a secas, están clasificadas por la fecha de nacimiento, de México a Argentina, lo que es normal. No hay preeminencias nacionales en poesía, gracias a Dios, y al fin y al cabo lo que cuenta es el valor de cada obra poética nacida de un poeta aunque éste sea anónimo. Todas las poetas presentes en el libro son realmente importantes y el mejor homenaje que el poeta Mario Campaña podía rendirles es presentarlas al lector en esta antología. Antología: o “ramillete de flores” que es el sentido de

la palabra griega. Las flores que nacen, una tras otra, en el jardín de la poesía.»
