*If Women Ruled the World*  
Harmony  
From two popular bloggers and leaders in the functional medicine movement, here's the ultimate guide to eating healthfully as a family—a simple, practical cookbook that shows how easy it is

to ditch processed foods one meal at a time with 365 delicious, whole food-based, allergen-free recipes that the entire family will love. It can be daunting to live a whole foods lifestyle in today's busy world—even more so to prepare plant-rich, allergen-free meals that'll get the whole family around the table. Popular blogger Ali Segersten and functional medicine

expert Tom Maltter are a team devoted to teaching their children—and readers—the importance of living a whole foods lifestyle. Nourishing Meals makes it easy and fun with dishes that burst with flavor, such as their Cherry Pecan Salad, Butternut Squash and Pinto Bean Enchiladas, Chipotle-Lime Roasted Chicken, and Banana Coconut Cream Pie. Every

recipe in the book is free of the most common allergens: gluten, soy, eggs, and dairy, as well as refined sugar. And these dishes are designed to appeal to everyone, including vegan, vegetarian, seafood, and meat-eaters. In addition to wonderful food, Ali and Tom offer easy, doable steps to help you change your family's health, tips for making the transition easier, and ways to get the kids excited about wholesome foods. They map out the best foods and recipes for every

stage of having a family, from pre-conception and pregnancy through each year of a child's life. And they explain in accessible terms what makes their recipes so effective for achieving optimal health. Originally self-published with an avid following, this edition will feature more than 30 new recipes, and many of the original recipes have been updated. This new edition will also include 100 beautiful all-new food photos featured in two inserts. With an easy, tasty recipe for every day

of the year, it's never been simpler to adopt a healthy, whole foods lifestyle!

If you've ever cringed at the sight of your ten-year-old waltzing through the neighbor's front door without an invitation, or struggled to teach your teenager proper "netiquette" for navigating the complicated world of social networks, you know the importance of teaching kids that manners matter. Sheryl

Eberly's bestselling 365 Manners Kids Should Know gives clever and insightful advice for the myriad situations where consideration counts, but is sometimes forgotten. This new edition incorporates tips for every aspect of digital communication into her straight-forward format. Using a smart one-manner-a-day organization, parents, grandparents, and teachers alike can find practical ways to teach essential manners like: - When and where it's

appropriate to text - How to write a thank-you note - The proper way to handle an online bully - How to behave at events like birthday parties, weddings, and religious services Full of role-playing exercises, games, and other activities that adults can do with children, 365 Manners Kids Should Know explains not only what manners to teach, but also how—and at what ages—to present them. *365 Foods Kids Love to Eat* Rodale Books Favorite Bible stories

New York Times best-selling author offers a one-of-a-kind program to help readers finally become happy, thin, and free! Sustainable weight loss expert Susan Peirce Thompson builds on the success of her Bright Line

Eating Boot Camps and best-selling book with: The Official Bright Line Eating Cookbook! The Official Bright Line Eating Cookbook is designed to help readers transition to this transformative way of life as smoothly and solidly as possible. The first book gave explicit instructions as to what the guidelines for each meal are, but no specific suggestions as to what to actually cook. This book provides recipes, as well as tons of tips, tricks, and tools culled directly from the Bright Line Eating

community, the "Bright Lifers" themselves! Because Bright Line Eating is unlike any food program out there, this cookbook will be unlike any seen before. It's broken down by warm bowls, cold bowls, and plates. There will be a large section on salad dressings--because Bright Lifers live and die by their dressing! Note: there will not be any "cheat" foods, because those foods keep addiction alive in the brain, slow weight loss, and leave you vulnerable to old habits. Special

features: • 75+ delicious recipes • Guidance for getting started and staying the course • Tips and tricks for getting the most from the plan • Jaw-dropping before-and-after stories and photos from successful Bright Lifers • and more! This will be an invaluable companion to the first book, and, for some, an entry into Bright Line Eating and an entirely new way of eating.

Later, when she had her own children, Julie delighted in finding creative ways to express her love for them, as well

as for the children whose lives she touched through teaching school and volunteering in the children's ministry at her church. In *365 Ways to Love Your Child*, Julie encourages moms, dads, and anyone who works with children to show kids every day with simple but meaningful gestures and activities how very much they are loved. Join Julie in expressing tangible acts of love to show your kids they are valued by their parents and, most especially, by God.

William Morrow  
More than 75 traditional Amish recipes, practical gardening tips, and firsthand accounts of traditional Amish events like corn-husking bees and barn raisings. The *Amish Cook* is based on a newspaper column of the same name that started when aspiring editor Kevin Williams convinced Elizabeth Coblentz, an Old Order Amish wife and mother, to write a weekly cooking column. Each week Elizabeth shared a family recipe and

discussed daily life on her Indiana farm, spent with her husband, Ben, and their eight children and 32 grandchildren. A truly unique collaboration between a simple Amish grandmother and a modern-day newspaperman, *The Amish Cook* is a poignant and authentic look at a disappearing way of life. *Nutrition Education Materials and Audiovisuals for Grades Preschool Through 6* Independently Published Will assist in researching cookbooks designed for

W. Norton & Company Childhood obesity has reached epidemic proportions: More than 18 million American children are considered obese and

are at risk for health problems. In fact, today's generation of kids may be the first to experience shorter life spans than their parents. Leading pediatrician Dr. Joanna Dolgoff's Red Light, Green Light, Eat Right teaches kids how to make healthy choices based on the principles of the traffic light: green light foods are nutritious, yellow light foods are eaten in moderation, and red light foods are occasional treats. The program, which has a proven 96 percent success rate, can

be tailored to suit any child's age, gender, and weight goals. Snacks and meals are designed to ensure that kids get the nutrients they need to not only lose or maintain weight, but to grow strong, healthy bodies. Complete with sample menus, recipes, and an index of more than 1,000 color-coded foods, Red Light, Green Light, Eat Right provides a practical solution for one of the biggest health crises facing America's children.

I am strong. I am brave. I can handle anything. This book empowers your child by providing an affirmation for every single day of the year. With a different theme for each month – such as positivity, calm, and adventure – children can

build their self-esteem and resilience by focusing on what matters to them, through the power of positive thinking. Perfect for children aged 7 to 9, this book not only educates but inspires. Affirmations tied to certain key events from history provide motivation and encouragement. On 17th April, learn about the Apollo 13 mission and discover how to stay calm under pressure. On 1st December, Rosa Parks' refusal to give up her seat on the bus links to the affirmation "I stand up for

myself and others." Mindful activities encourage children to try practical techniques to explore the affirmations further – creating a "happiness jar" helps kids come up with their own affirmations, building a "coping wheel" empowers kids to manage stress, and making friendship bracelets helps enact the affirmation "I am a caring friend." Affirmations have been proven to help overcome negative thoughts by reminding us of what matters. I Am, I Can use beautiful

illustrations to bring the daily doses of wisdom to life and encourage visualization – a powerful tool in promoting self-belief and keeping anxiety at bay.
