The Ultimate Winter Survival Handbook

Simon and Schuster

L'encéphalovore est un magazine à télécharger et qui s'intéresse à la culture du loisir (littérature SF et fantastique en particulier, ainsi qu'aux jeux de société) et qui paraît de façon irrégulière.

Impertinent, libre et décalé.

Devolution Simon and Schuster

An epidemic of apocalyptic proportions

has swept the globe, causing the dead to rise and feed on the living. In a matter of months, society has crumbled: There is no government, no grocery stores, no mail delivery, no cable TV. In a world ruled by the dead, we are forced to finally begin living. This volume follows our band of survivors as they set up a permanent camp inside a prison. Relationships change, characters die, and our team of survivors learn there's something far more deadly than zombies out there...each other. Collects issues 13-18.

Zombies Delacorte Press

The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover
Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki

leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

Frankenstein, une biographie Simon

and Schuster

Almost twenty years after the barrier between Earth and the Otherworld fell in the Fae Wars, Budapest is balancing on the precipice. A battle for dominance is brewing between the elite fae and the privileged humans in Eastern Europe. The prejudice between the sides is bubbling with hate and violence. Nineteen-year-old human, Brexley, has grown up in privilege, but not without heartbreak. After being orphaned, she is taken in by General Markos, living in a walled city rife with power grabs and ruthless political games. Then one night the course of her life changes, and Brexley is thrown into the most feared prison in the east. Halal haz, the House of Death--where you go in but don't come out. She must learn to live with the worst of fae and human criminals. The rule of hierarchy puts humans on the bottom, where the only way to survive each day is to make alliances with the fae. Here she meets the sexy, vicious legend, Warwick Farkas. A myth among man and fae. He is as brutal, cruel, arrogant, and as lethal as the lore says he is, ruling the prison with unchallenged authority.

Brexley can't deny an intense draw to him,

one that might cost her life. If The Games don't take her out first--A fight to the death where only one survives.

The No Asshole Rule Oxford University Press

New for 2020, The Complete Survival Book Collection combines the best in emergency readiness and disaster survival with sustainable living and survival practices. This collection pairs up two of the best books in surviving and thriving, whether facing a natural disaster or creating your own home away from it all. Writer Tim MacWelch brings us the know-how in survival and homesteading from the editors of Outdoor Life. How to Survive Anything, a comprehensive guide to surviving anything from the normal to the rare, brings us everything from confronting wild animals to living through a meteor impact. How to Survive Off the Grid gives the reader the know-how to engage in sustainable living and housing off the grid, ranging from backyard chicken coops to building and living in your own distant cabin retreat.

Survive--The Economic Collapse Duckworth

First in the cult classic trilogy: "A fantastic

zombie novel . . . There are many layers to this zombie apocalypse, and this book just gets things rolling” (Booklist). Welcome to New York City, Population Zero? The power grid has collapsed. There is no running water, no light, no heat. The massive neon signs of Times Square are dark now, and the subway trains crouch silent in their tunnels, waiting for commuters who will never return. An epidemic of staggering lethality has passed over the city and left nothing living in its wake. And yet the city is not deserted. The dead have returned to life, and they're hungry. The millions of people who once worked and lived in New York have been turned into cannibalistic monsters whose only function is to consume. No living person would dare enter the city--it would be suicide. Dekalb doesn't have a choice. He must protect his daughter's future, and that means retrieving vital medical supplies from the UN building in Midtown. A cadre of teenage girl soldiers have been recruited to help him find what he needs, and get back alive. They're well armed. They're devoted to their mission and willing to sacrifice anything to pull it off. But the odds against them are staggering.

Especially when it turns out that not all zombies are created equal. Deep inside the city a medical student named Gary comes back from the dead different--his mind is intact. He can still think and feel. He's hungry, just like the rest, but unlike them he can plan, plot, and scheme. He can even lead the others, bending them to his will. Soon he has a small army at his command, a growing mob of rotting corpses all devoted to one cause: to find meat for their master. When Dekalb and Gary cross paths sparks will fly, destinies will clash--and the future of humanity will be decided, one head shot at a time. Dévolution Council of Europe Slavery is back. America, 1962. Having lost a war, America finds itself under Nazi Germany and Japan occupation. A few Jews still live under assumed names. The 'I Ching' is prevalent in San Francisco. Science fiction meets serious ideas in this take on a possible alternate history. *Managing the Undesirables* Bantam The definitive guide to working with -- and surviving -- bullies, creeps, jerks, tyrants, tormentors, despots, backstabbers, egomaniacs, and all the other assholes who do their best to destroy you at work.

"What an asshole!" How many times have you said that about someone at work? You're not alone! In this groundbreaking book, Stanford University professor Robert I. Sutton builds on his acclaimed Harvard Business Review article to show you the best ways to deal with assholes...and why they can be so destructive to your company. Practical, compassionate, and in places downright funny, this guide offers: Strategies on how to pinpoint and eliminate negative influences for good Illuminating case histories from major organizations A self-diagnostic test and a program to identify and keep your own "inner jerk" from coming out The No Asshole Rule is a New York Times, Wall Street Journal, USA Today and Business Week bestseller.

Le meilleur de l'humour 100% zombie
Image Comics

The second entry in this “inventive and exciting” zombie series that began with *Monster Island* (Publishers Weekly). This is where it begins. This is where the end of the world begins? She wakes up alone and feeling like she's half-dead. She can't remember her name. She staggers outside, looking for help—and that's when

she sees that the dead have returned to life, that zombies are running in the streets and devouring the living. And she's one of them. She isn't breathing. The zombies leave her alone. Because they know she's one of their kind. And yet she differs from the brainless ghouls around her in some crucial ways. Somehow she's kept her intelligence intact, if not her memory. And being dead has certain compensations. She has developed strange powers. She calls herself Nilla, and all she knows is that staying alive only gets harder after you die? Meanwhile the National Guard has its hands full with the worst epidemic ever to strike the American west. From California to Colorado every town, every city is being overrun. Captain Bannerman Clark isn't prepared for this. He's semi-retired and he hasn't fired a gun in years, not since the Vietnam war. Yet it seems there's no one else around to take charge. As the world we know collapses he must find in himself the brains, the guts, and the moral courage to lead the survivors to safety, if there's any to be had. Meanwhile, behind the scenes, shadowy players are just beginning to show their hands. There's

more going on here than meets the eye, and Clark and Nilla both have parts to play in a game they can't comprehend?

Monster Nation Panini

Quels liens y a-t-il entre The Walking Dead, le 11 Septembre et l'élection de Donald Trump ? Quelles sont les connexions entre la série, les revenants vaudous et le film La Nuit des morts vivants ? Pourquoi le tournage d'un épisode a-t-il déclenché une panique à Atlanta ? Et en quoi The Walking Dead est-elle le reflet de la vraie histoire de l'Amérique ? Autant de questions, parmi bien d'autres, auxquelles ce guide répond en détail, révélant le sens caché des thématiques de la saga, ainsi que les coulisses de la série. Sans oublier de retracer la genèse complète de cette œuvre fascinante, initialement publiée en BD, avec un guide détaillé des personnages, des lieux et des événements. Un livre indispensable pour tout savoir sur le phénomène Walking Dead et ses créateurs.

Outdoor Life: The Complete Survival Book Collection WeldonOwn+ORM

As a new plague related to the rabies virus infects millions, America recalls its military

forces from around the world to safeguard hospitals and other vital buildings. To succeed in this mission to help save what's left of society, the men of the Second Platoon will face a terrifying battle of survival against the very people they have sworn to protect. People turned into a fearless, endless horde armed solely with tooth and nail.

L'armée des morts Houghton Mifflin Harcourt

The Morningstar virus. Those infected suffer delerium, fever, violent behaviour ... and a hundred per cent mortality rate. But that's not the worst of it. The victims return from the dead to walk the earth. And when a massive military operation fails to contain the plague of the living dead, it escalates into a worldwide pandemic. On one side of the world, thousands of miles from home, a battle-hardened general surveys the remnants of his command: a young medic, a veteran photographer, a rash private, and dozens of refugees -- all of them his responsibility. Meanwhile in the United States, an army colonel discovers the darker side of Morningstar and collaborates with a well-known journalist to leak the information to

the public...

The Man in the High Castle

Hachette+ORM

This book suggests a new explanation for why international peace interventions often fail to reach their full potential. Based on several years of ethnographic research in conflict zones around the world, it demonstrates that everyday elements - such as the expatriates' social habits and usual approaches to understanding their areas of operation - strongly influence peacebuilding effectiveness. Individuals from all over the world and all walks of life share numerous practices, habits, and narratives when they serve as interveners in conflict zones. These common attitudes and actions enable foreign peacebuilders to function in the field, but they also result in unintended consequences that thwart international efforts. Certain expatriates follow alternative modes of thinking and acting, often with notable results, but they remain in the minority. Through an in-depth analysis of the interveners' everyday life and work, this book proposes innovative ways to better help host populations build a sustainable peace.

Savage Lands Presses de l'Université Laval
A terrifying collection of short stories from the master of zombie fiction, Max Brooks. Written in his trademark style, these tales combine horror, drama, and socio-political commentary to explore the aftermath of the zombie apocalypse. Stories range from a company staffed by human survivors, offering gory revenge on their former zombie attackers, to a vampire who realises too late that he will have nothing left to drink as zombies wipe out his human blood supply.

The Frontlines of Peace Livre de Poche
In Mary's world there are simple truths. The Sisterhood always knows best. The Guardians will protect and serve. The Unconsecrated will never relent. And you must always mind the fence that surrounds the village; the fence that protects the village from the Forest of Hands and Teeth. But, slowly, Mary's truths are failing her. She's learning things she never wanted to know about the Sisterhood and its secrets, and the Guardians and their power. And, when the fence is breached and her world is thrown into chaos, about the Unconsecrated and their relentlessness. Now, she must

choose between her village and her future, between the one she loves and the one who loves her. And she must face the truth about the Forest of Hands and Teeth. Could there be life outside a world surrounded in so much death? [STAR] "A bleak but gripping story...Poignant and powerful."-Publishers Weekly, Starred "A postapocalyptic romance of the first order, elegantly written from title to last line."-Scott Westerfeld, author of the Ugliers series and Leviathan "Intelligent, dark, and bewitching, *The Forest of Hands and Teeth* transitions effortlessly between horror and beauty. Mary's world is one that readers will not soon forget."-Cassandra Clare, bestselling author of *City of Bones* "Opening *The Forest of Hands and Teeth* is like cracking Pandora's box: a blur of darkness and a precious bit of hope pour out. This is a beautifully crafted, page-turning, powerful novel. I thoroughly enjoyed it."-Melissa Marr, bestselling author of *Wicked Lovely* and *Ink Exchange* "Dark and sexy and scary. Only one of the Unconsecrated could put this book down."-Justine Larbalestier, author of *How to Ditch Your Fairy*

Almost a Lady Rebelle Editions

In this exhilarating new novel of romance and intrigue, New York Times bestselling author Jane Feather tells the tale of an adventurous young woman and the hardened spy who is unexpectedly—and most inconveniently—captivated by her.... Independent and inquisitive, Meg Barratt wants nothing to do with any stifling society marriage. Meg yearns for the kind of passion that exists only in books—until a violent storm lands her on the high seas with the most dangerous and seductive man she's ever encountered...or imagined. For Cosimo, women are objects, to be manipulated for business or pleasure...sometimes both. But when the seafaring assassin accidentally kidnaps Meg on his latest mission, he must reconsider his position. Recruiting his

unsuspecting captive for the danger ahead is far more challenging than he expected—and far more seductive.

The Return Man Arktos Media Limited Provides information on how to survive the major threats to human life, cold, heat, thirst, and physical exertion, and provides tips about how to survive in a group
Resident Evil Open Road Media Alienated from his fellow zombies because of his dislike of having to kill humans and his enjoyment of Sinatra music, "R" meets a living girl who sharply contrasts with his cold and dreary world and whom he resolves to protect in spite of her delicious appearance.
