*Kupe and the Corals* Taylor Trade Publishing

*Kupe and the Corals* is the story of Kupe, a young boy who

undertakes an amazing voyage of discovery to learn about corals and the importance of coral reefs to all of the many animals that depend upon them. One night while he is fishing with his father, Kupe observes an astonishing event, thousands and thousands of tiny "bubbles" rising to the surface of the waters in the lagoon near where he lives. Kupe is amazed by this sight and wants to learn more about the "strange pink bubbles" that he has captured in an old jam jar. Kupe visits with an elder from his village and a scientist from the nearby marine lab in an attempt to learn more about what he has seen. During his conversations, Kupe learns that what he has captured are tiny coral larvae, baby corals that are produced in the millions over just a few nights each year by the adult corals living in the lagoon. Kupe then goes on to learn more about how corals grow and the importance of corals in building the reefs that provide homes for all of the other wonderful animals that he sees while snorkeling in the lagoon. Now, realizing how important the larvae he has captured are to the health of the coral reef, Kupe happily returns his larvae to the sea. *Kupe and the Corals*, is the sixth book in the Long Term Ecological Research Network Series.

Inspired by the childhood of the author, whose father was appointed Italian ambassador to Tehran in 1980, this picture book

is a beautiful evocation of a country struck by war, where friendship arises despite the rising walls. In the summer of 1981, Chiara and her family join their father in Iran. At their beautiful palace, there is an inside and an outside, separated by a wall.

Inside, there is a wild garden where princes and princesses used to walk. Outside, in the black city, there are soldiers with heavy boots, big beards and bombs. One day, a boy from outside climbs

the wall into the garden. The garden no longer feels impenetrable but Chiara has made a friend, Massoud, who will keep the secret of the inside-outside. The story of an unexpected friendship of two children, on either side of war and peace.
